The Vice President and Business Manager reported that the Cabinet has approved the following Extra to contract and recommended that it now be approved by the Board of Trustees:

*A. Extra to Contract*

*McCarty Brothers Electric Company*.....\$465.00  
Necessary changes in existing power line serving  
Canfield Hall, Women's Dormitory  
Original contract—\$215,800—May 18, 1953  
To be paid from Dormitory Funds

On motion of Mr. Black, seconded by Judge Gorman, this recommendation of the Cabinet was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Exterior Pointing of Buildings		
9, 10 and 11 on Lorain Road at		
River Road Housing	\$4,200.00	Dormitory Funds

Upon motion of Senator Huffman, seconded by Mr. Ketner, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

\* \* \* \* \*

The Vice President and Business Manager presented the following statement and recommendations:

On authority of the Board of Trustees, the University Cabinet met on June 10, 1953, for the purpose of opening bids on Six Miscellaneous Projects. The following bids were received:

*Project I—Refuse Compartment for Dentistry*

Haig M. Boyajohn & Assoc.....	\$2,820.00
Joseph Skilken & Co.....	3,750.00
G. W. Atkinson & Son.....	4,000.00
Legg & Davis.....	2,400.00
Architect's Estimate .....	2,200.00

*Project II—Refuse Compartment for University School*

Haig M. Boyajohn & Assoc.....	\$2,140.00
Joseph Skilken & Co.....	3,500.00
G. W. Atkinson & Son.....	3,100.00
Legg & Davis.....	1,750.00
Architect's Estimate .....	1,250.00

*Project III—Refuse Compartment for Botany and Zoology Building*

Haig M. Boyajohn & Assoc.....	\$3,380.00
Joseph Skilken & Co.....	5,350.00
G. W. Atkinson & Son.....	4,800.00
Legg & Davis.....	1,950.00
Architect's Estimate .....	1,500.00

*Project IV—Remodeling Robinson Laboratory—General Contract*

Haig M. Boyajohn & Assoc.....	\$3,320.00
Joseph Skilken & Co.....	5,200.00
G. W. Atkinson & Son.....	4,800.00
Architect's Estimate .....	4,800.00

*Project V—Remodeling Administration Building—General Contract*

Haig M. Boyajohn & Assoc.....	\$4,330.00
Joseph Skilken & Co.....	6,400.00
G. W. Atkinson & Son.....	5,900.00
Architect's Estimate .....	3,500.00

*Project VI—Remodeling Main Library—Mechanical Contract*

Columbus Heating & Ventilating Co.....	\$13,500.00
Sauer Company, Inc.....	13,473.00
Architect's Estimate .....	23,915.00

It will be noted that the low bids on Projects I, II and V are in excess of the Architect's estimates of cost filed with the Auditor of State. Project III, however, should also be included in this group since there is a discrepancy of \$500.00 in the estimate of cost as filed with the Auditor of State and the estimate as approved by the Board of Trustees on March 9, 1953. The total of the low bids on all projects, however, is \$27,223.00 compared with the total estimate of \$37,165.00. It is the opinion of the University Architect, that no lower bids would be received if these were to be re-advertised.

In accordance with the recommendation of the University Cabinet (by our Request No. 2961), approval of the State Controlling Board was requested for authority to enter into contracts with the low bidders on Projects I, II and V notwithstanding the fact that the bids are in excess of the estimates of cost. The State Controlling Board granted this permission on June 11, 1953. It is the recommendation of the Cabinet that the State Controlling Board now be requested to grant permission to accept the low bid of Legg & Davis on Project III, notwithstanding the fact that it is in excess of the Architect's estimate of cost and that the University Architect be instructed to correct the estimate of cost now on file in the Auditor of State's office to conform with the action of the Board. The Cabinet further recommends that, when permission has been granted by the State Controlling Board on Project III, awards be made to the low bidders as follows:

Project I—Legg and Davis.....	\$ 2,400.00
Project II—Legg and Davis.....	1,750.00
Project III—Legg and Davis.....	1,950.00
Project IV—Haig M. Boyajohn & Assoc.....	3,320.00
Project V—Haig M. Boyajohn & Assoc.....	4,330.00
Project VI—Sauer Company, Inc.....	13,473.00

Funds for these projects will be provided in G-2-21 Rehabilitation of Existing Buildings, H. B. 672.

Upon motion of Mr. Ketner, seconded by Mr. Black, the above recommendations were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, has received bids and approved the award of the following contract to the low bidder and now recommends that the action of the Cabinet be approved by the Board of Trustees. A detailed tabulation of said bids is on file in the offices of the Auditor of State and the University Architect and is included in the records of the University Cabinet.

*Remodeling Robinson Laboratory, Electrical Work*

Electrical Contractors, Inc.....\$2,400.00

To be paid from G-2-21 Rehabilitation of Existing Buildings,  
H. B. 672

Upon motion of Mr. Ketner, seconded by Senator Huffman, the above action of the Cabinet was approved by unanimous vote.

Joseph Skilken & Company.....	42,100.00
G. W. Atkinson & Son.....	44,000.00
Haig M. Boyajohn & Assoc.....	52,600.00
Architect's Estimate .....	8,000.00

It should be noted in several items, i.e., (1) General Contract of Wing "A" Remodeling, (2) General and Heating Contracts of Hamilton Hall Fan Remodeling, and (3) Window Remodeling Contract of Wing "A" and Wing "M," that the lowest bids received are in excess of the Architect's estimates of cost filed with the Auditor of tSate.

Discrepancies between estimates and low bids are often encountered in such extensive remodeling projects. In this case, the chances for discrepancies are exaggerated by (1) the intricate nature of the remodeling required in a structure which had been built at three different times (1914, 1926 and 1936), and (2) addition of certain important planning requirements after the estimates were prepared and before the final documents went to bid.

While the bids received show satisfactory competition, the discrepancy between low bids and estimates of cost, particularly in Projects II and III, suggest the desirability of inviting new bids for these portions of the work. Project 1, however, is of a highly emergency nature, the facilities of Wing "A" being needed for clinical use in the teaching program of the College of Medicine in this present summer quarter. Since bidding in this Project is satisfactory, and the low bids in three of the four Divisions are below the estimates, and since, in the opinion of the University Architect, no lower bids would be received if this portion of the work were to be re-advertised, the best interests of the University and the State would be served if contracts were to be awarded at once for Project I.

The Cabinet, therefore, recommends:

- (1) That the Director of Public Works be requested to reject all bids received on June 29 for those portions of the work referred to as Project II and Project III.
- (2) That the Director of Public Works be requested to authorize the re-advertisement for bids for Projects II and III for one time only as provided by law the Corrected estimate of cost to be filed with the Auditor of State.
- (3) That the State Controlling Board be requested to grant permission for the acceptance of the low bids of Haig M. Boyajohn and Associates, for the General Contract, Division of Project I, notwithstanding the fact that it is in excess of the Architect's filed estimate of cost.
- (4) That, if such permission is granted, the acceptance be made in all Divisions of Project I as indicated below and that the Director of Public Works be requested to execute contracts accordingly.

<i>I General Contract</i>	
Haig M. Boyajohn & Assoc.....	\$211,000.00
<i>II Heating and Ventilating Contract</i>	
Sauer Company, Inc.....	44,500.00
<i>III Plumbing Contract</i>	
Sauer Company, Inc.....	69,200.00
<i>IV Electrical Contract</i>	
Gustav Hirsch Organization, Inc....	57,400.00

It should be pointed out that the University faces a peculiar dilemma with respect to the estimates of cost filed with the Auditor of State. On March 9, 1953, the Board of Trustees approved the following estimates of cost:

Remodeling A-Wing .....	\$242,000.00
Replacement of M-Wing Windows.....	25,000.00

On April 20, 1953, the Board of Trustees "to recognize the enlarging of the project" increased the estimate of Remodeling A-Wing to \$350,000.00

In the pressure of completing the plans for this emergent remodeling, the University Architect's Office, due to a series of inadvertences and oversights, filed the following estimate of cost with the Auditor of State. Note that this estimate is sharply at variance with the approval granted by the Board of Trustees and considerably under the total approved by the Board:

*Project I*

Remodeling and Rehabilitation Wing "A"  
Starling-Loving Out Patient Department  
Clinic and Offices

General Contract .....	\$ 95,000.00
Heating and Ventilating.....	58,000.00
Plumbing .....	79,000.00
Electrical .....	65,000.00
	<hr/>
	\$297,000.00

*Project II*

Remodeling Hamilton Hall fourth floor  
Exhaust Fan

General Contract .....	\$ 500.00
Heating and Ventilating.....	2,150.00
	<hr/>
	\$ 2,650.00

*Project III*

Remodeling Starling-Loving New Windows

General Contract A-Wing .....	\$ 18,000.00
General Contract M-Wing.....	8,000.00
	<hr/>
	\$26,000.00
Grand Total .....	\$325,650.00

This estimate is approximately \$50,000.00 under that approved by the Board.

Note also the following:

<i>Project I (A-Wing)</i>	<i>Low Bid</i>	<i>Filed Estimate</i>	<i>Approved Estimate</i>
General .....	\$211,000.00	\$ 95,000.00	
Heating and Ventilating .....	44,500.00	58,000.00	
Plumbing .....	69,200.00	79,000.00	
Electrical .....	57,400.00	65,000.00	
Totals .....	\$382,100.00	\$297,000.00	
<i>Project II (Hamilton)</i>			
General .....	\$ 940.00	\$ 500.00	
Heating and Ventilating .....	3,217.00	2,150.00	
Totals .....	\$ 4,157.00	\$ 2,650.00	
<i>Project III (Windows)</i>			
A-Wing .....	\$ 44,650.00	\$ 18,000.00	
Sub-total .....	\$430,907.00	\$317,650.00	\$350,000.00
M-Wing .....	42,100.00	8,000.00	25,000.00
Totals .....	\$473,007.00	\$325,650.00	\$375,000.00

It is obvious that had the office of the University Architect made the filed estimates of cost conform to the Board's approval, the excess of the low bids over the estimate would have been sharply down. Therefore, the *actual* difference between bids and estimates is not as wide as the *apparent* difference, when in the latter case, the filed estimate of cost is used.

In approving recommendations to the Director of Public Works for award of contracts for Project I, A-Wing, Starling-Loving, it is recommended that retroactive approval be accorded to the estimates of cost filed for these contracts with the Auditor of State, notwithstanding the fact that the total as filed is less than approved previously by the Board of Trustees. This will permit the orderly processing of the contracts and will bring the Board records and the filed estimate of cost for Project I, A-Wing into conformity.

Funds for this project will be provided in the Hospital Rotary Fund.

Upon motion of Senator Huffman, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

#### *Request*

287—transfer of \$16,272.08 from various building accounts to G-2-21 Rehabilitation of Existing Buildings, H. B. 672 to provide funds for award of contracts.

292—transfer of \$981.62 from Rotary A (Rotary 13727, University Hospital) to G-2-E Medical Research Laboratory, H. B. 671, to provide funds for extras to contract.

- 293—transfer of \$75,153.00 from G-2-K Women's Dormitory, H. B. 671 to Rotary A (Rotary 12261, General University Fund) to close out balance.
- 294—transfer of balances totaling \$6,585.58 from Additions and Betterments accounts to the University Rotary A (Rotary 12261, General University Fund).
- 296—award of contracts to Legg and Davis in the amounts of \$2,400.00 and \$1,750.00 for Refuse Compartments for Dentistry and University School, respectively, and to Haig M. Boyajohn and Associates in the amount of \$4,330.00 for Remodeling Administration Building, notwithstanding the fact that these low bids are in excess of the Architect's estimates of cost.

The Vice President and Business Manager presented the following statement and recommendation:

The Director of the Physical Plant, with the concurrence of Vice President Stradley, recommends that the attached schedule of fines for traffic violations on the campus be approved by the Board

of Trustees and become effective the beginning of Fall Quarter 1953. The new schedule will bring the amounts nearer in line with the fines in the City of Columbus and eliminate some of the difficulties we are now having with the present graduated fines for students parking on the campus.

Upon motion of Mr. Black, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

It is recommended, that in accordance with policy adopted by the Board of Trustees previously these balances be closed by transfer to Rotary 12261, General University Fund.

On motion of Senator Huffman, seconded by Mr. Black, the foregoing recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the following statement and recommendation:

The contracts for the consulting structural engineering services of Professor Clyde T. Morris and for the mechanical engineering services of Sims, Cornelius and Schooley in connection with the Field House project were made when the project consisted of an Arena only, and when the estimate of its cost was \$2,500,000.00 (without balcony).

During the process of development, the project has grown to a group of three structures, The Arena, with balcony; The Baseball House and The Track House. The estimate of cost of the project is now approximately \$7,000,000.00.

The contract with Barber & Magee, structural engineers, was for the extension of the design services of the late Ray Rosensteel for the Arena and for the design of the steel structure of the Baseball and Track Houses. The recently accelerated office program to complete the drawings and specifications sometime in October requires the extension of this service to include structural drafting and drafting supervision.

The University Cabinet, therefore, recommends the amendment of these contracts as follows:

1. Contract with Clyde T. Morris dated December 20, 1950, on a per diem and expense basis for not to exceed \$2,000.00, amended May 24, 1951, to \$3,000.00, now to be further amended to a total of not to exceed \$4,500.00, an increase at this time of \$1,500.00.
2. Contract with Sims, Cornelius and Schooley dated July 6, 1951, at a fee of 4% of the cost of the mechanical (heating, plumbing and electric contracts) not to exceed \$16,000.00, now to be amended to not to exceed \$36,000.00, an increase of \$20,000.00.
3. Contract with Barber and Magee approved by Cabinet March 26, 1953, and by Board of Trustees May 11, 1953, on a per diem and expense basis, not to exceed \$10,000.00, now to be amended to not exceed \$20,000.00, an increase of \$10,000.00.

In order to provide necessary funds for these additions to con-

tract and for services of the University Architect's Office, it is recommended that there be transferred from Athletic funds to G-2 Field House, the amount of \$61,785.00.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the following statement and recommendation:

The University Cabinet wishes to recommend that Samuel R. Lewis and Associates be employed to do the necessary engineering for refrigerated cooling of Radiology and Physiotherapy Departments of University Hospital. A number of the rooms are inside and are entirely dependent upon mechanical ventilation. Because of insufficient ventilation, there has been a number of heat prostrations during the extremely hot weather. The estimate cost of this engineering service is \$2,500.00.

Upon motion of Mr. Black, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the following statement and recommendation:

The University Cabinet recommends that there be transferred \$2,300.00 from Rotary 12261 to G-2 Women's Residence Halls Construction Account, H. B. 10, for University Architect services for the months of July, August and September, 1953.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the above recommended transfer was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the following statement and recommendation:

The University Hospital forwarded to President Bevis a proposed contract with the Ohio Civil Defense Organization relative to the stockpiling of certain antibiotics to be used for emergency health and medical services in civil defense.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the Board of Trustees by unanimous action, approved the entering into such a contract and authorized the Secretary of the Board to sign the proposed agreement for and on behalf of the Board.

\* \* \* \* \*

The Vice President and Business Manager now presented to each member a confidential memorandum covering the financial problems of the Ohio State University, with particular emphasis on those affecting the preparation of the 1953-1954 salary budget.

Following a detailed discussion of the problems as shown in the memorandum, President Bevis reported that, in view of the fact that the General Assembly did not pass the biennial appropriation bill until July 2, it will be impossible to present the annual budget in completed form until the September meeting. In order to carry the University forward in the interim, the President recommended that the present payroll be continued until after the presentation of the completed budget to the Board in September and that the Administration be authorized, effective July 1, to make salary increases which

are mandatory under Ohio statutes, to make similar salary increases to certain specified employees of the University Library and other employees which by University policy are paid salaries in line with the classified employees, to make Summer Quarter teaching staff appointments, and to make such other routine appointments as are necessary to carry forward the work of the University during the interim.

Salary adjustments for faculty members, administrative officers, and other employees not included in the above-mentioned groups which are authorized at the September Board meeting will become effective October 1, whether paid from state appropriations or from rotary or other funds.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendations were approved by unanimous vote.

\* \* \* \* \*

General Dargusch now presented the following statement covering the Board's policy as to the budget for the next two years, and moved its adoption by the Board:

The Board having approved the President's recommendation now directs that the following principles be observed in the preparation of the budget for the fiscal years, 1953-1954 and 1954-1955.

1. A deficit must not be incurred.
2. All practical economies must be achieved either by the reduction of personnel or the elimination or reduction of functions or both consistent with the University's purposes.
3. All sources of revenue should be carefully examined to the end of increasing revenue from old sources or providing new ones consistent with the University's policies.
4. It should be assumed that appropriated revenue will not continue to expand as in the past few years and hence there is no possibility of meeting current deficits out of increased future appropriations. Note: On the other hand there is every indication of a decline in state and federal revenues with a possible resultant reduction in support from these sources.
5. University enrollment will substantially increase in the next four years. Timely provision must be made for this, both as to personnel requirements and facilities.

The above motion was seconded by Mr. Black and upon roll call was approved by unanimous vote.

The President reported that the Inter-University Council has agreed to a recommendation to the various Boards of Trustees that fees be raised as of September 1, 1954, as follows: Incidental Fee from \$35.00 to \$45.00 per quarter, and the non-resident fees for Ohio State University from \$75.00 to \$85.00 per quarter, other schools from \$50.00 to \$70.00 per quarter.

The President now recommended that in accordance with the above action of the Inter-University Council, the incidental fee and the non-resident fee for the Ohio State University be fixed as above stated, effective September 1, 1954.

Upon motion of Mr. Black, seconded by Senator Huffman, the

above recommendation was approved by unanimous vote, with the understanding that a recommendation covering the fees for the professional schools will be presented at the next meeting of the Board.

The Vice President and Business Manager presented the following statement and recommendation:

On October 13, 1952, the Board of Trustees made the following change in Faculty Rule No. 166:

"The Vice President and Business Manager presented the following recommendation:

"That effective July 1, 1953, Faculty Rule No. 166 be amended as follows:

"IV. The fee indicated as Student Service deposit \$5.00

"V. The fee indicated as the Ohio Union Building Fund \$5.00

(It is understood that Items IV and V above will not apply to members of (1) the Ohio Agricultural Experiment Station staff, (2) teachers employed in full-time teaching service in public schools of Columbus and school districts in Franklin County with which specific contracts are made by the Board of Trustees, and (3) employees of the Battelle Memorial Institute.)

"Upon motion of Mr. Black, seconded by Senator Huffman, the recommendation was approved by unanimous vote."

The stipend given graduate assistants and assistants is not large. Therefore, the President's office had intended to recommend on offset to the amount of these required fee payments by making compensating additions to the salary of graduate assistants and assistants effective July 1, 1953.

The suggested additions to salary would be as follows:

238 graduate assistants  
275 assistants

513 @ \$36 per year of.....\$18,468.00

This would offset the special fees paid as follows:

513 @ \$30 (total for one year)..... 15,390.00

Excess .....\$ 3,078.00

The proposed charge of \$18,468.00 would be against A-1 funds where we are woefully short. The fees collected under the amendment of Rule No. 166 would go to rotary funds, the need of which, while the credits are proper, cannot be considered sufficiently pressing at this time to warrant the appropriation of \$36,936 from A-1 Salaries as an offset to \$30,780 salary collection during the 1953-1954 biennium.

Therefore, it is recommended that the Board action of October 13, 1952 be rescinded and that any payments of the Student Service Deposit or the Ohio Union Building Fund fee by Assistants and Graduate Assistants during the Summer Quarter, 1953 under this action be refunded. Thus the necessity for compensating additions to the salary of graduate assistants and assistants in the coming biennium will be avoided.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The President now reported to the Board the death, on June 8, 1953, of Hugh E. Nesbitt, Treasurer of Ohio State University.

The life and career of Hugh E. Nesbitt, A.B. '14, fulfilled the motto of the University, "Training for Citizenship" at its ideal best. Few men have been so thoroughly mourned by a community, few men at sixty ever have touched the lives of so many persons so warmly, so generously and so well. He gave unstintingly of himself and his means to his family, to his church, to his friends, to his business, to his community and to his friends and to his University.

His various affiliations bespeak a life filled with unselfish devotion to the things he believed good and the list was incredibly large.

His year as undergraduate football manager in 1931 kindled an interest in Ohio State's athletics which he never lost. He was one of the originators and financial sponsors of the current project involving the writing of an athletic history of the University. He served as alumni member of the Athletic Board from 1933 to 1945.

He was an influential member of the Committee of One Hundred which launched the Ohio State University Development Fund in 1939. He served as chairman of the Allocations Committee from January 1950 to January 1952 and as a member of its board of directors from 1950 to 1953. At the time of his death he was the Chairman of the Board. He served as Treasurer of Ohio State University from June 4, 1944, until his death.

He served as international president of Delta Upsilon Fraternity from 1948 to October 1951. He established the Delta Upsilon Educational Foundation Scholarships. He instituted the Leadership Conference for the fraternity which became so successful that it has become a permanent part of the Annual Convention of the fraternity.

Beginning as a group worker, team captain Mr. Nesbitt worked continuously for the Columbus Community Chest and was its campaign chairman in 1933. For 20 years, 1931 to 1951, he served on the Executive Board of the Boy Scouts of America. From 1923 to 1940 he maintained active interest in the National Recreation Association, organized to see that every child in America gets the chance to play. He was instrumental in establishing the Columbus Chapter of the Junior Achievement movement and was a member of its board or directors at the time of his death. He helped to launch the United Hospitals campaign and was not only a generous donor but solicited large contributions as well. He served on the Board of Trustees of Childrens' Hospital continuously from 1945. He was a Gold Bond Charter Member of the Dutch Uncle's Club for underprivileged boys. He was a member of the finance committee and board of the Ohio Mental Hygiene Association. He was chairman of the distribution committee of the Columbus Foundation, organized to collect and disburse funds to charitable organizations. With liberal assistance he encouraged such ventures as the Columbus Philharmonic Orchestra and the Columbus Boy Choir School.

He became associated with the Columbus Oil Cloth Company following his graduation. As it rose to success as the Columbus Coated Fabrics Corporation he became its president, director and chairman of the Board.

He was a Mason, belonged to the Columbus Club, Kiwanis Club, Columbus Country Club, Young Business Men's Club and other social organizations.

In his wide variety of contacts his manner was unfailingly considerate, friendly, gentle and kind. At his death, literally thousands mourned his passing with the highest accolade a man can earn, "There was my friend."

The Board of Trustees takes sad note of his passing but proud and grateful remembrance of his life as a devoted and inspiring son and product of The Ohio State University.

The Board of Trustees expresses its sorrow at the death of Marshall Blakemore Evans, Professor Emeritus of German, on June 15, 1953.

Born at Boston, Massachusetts, in 1874, he received a degree of B.A. from the University of Boston in 1896, and continued his studies in German language and literature at the University of Bonn, in Germany, where he was granted the Ph.D. degree in 1902.

In 1903 he began his long and successful teaching career at the University of Wisconsin. Eight years later he was called to The Ohio State University as Professor of German and Head of the Department and remained in this position until his retirement in 1944. Vitally concerned with the theory and practice of undergraduate teaching, he became the co-author of two widely accepted textbooks of elementary German, as well as the editor of various texts for use in intermediate courses.

As a research scholar he specialized in medieval church drama, as documented by several essential contributions to leading professional periodicals, and also by a series of doctoral dissertations completed under his competent guidance.

His most important achievement in his chosen field, however, is a monumental monograph in two volumes, the first of which, *The Passion Play of Lucerne: An Historical and Critical Introduction*, appeared in 1943 in the Monograph Series of the Modern Language Association of America. The second volume, a critical edition from the original manuscripts of the more than 30,000 lines of this gigantic Passion Play, still awaits publication. For many years, the completed work has been ready for the printer at Lucerne, Switzerland, where in the city's archives Dr. Evans had done most of his documentary research.

During his last stay he was made an Honorary Citizen of Lucerne, with the prospect of having his book printed at municipal expense. So far, this expectation has not materialized. Steps are now being taken to make this valuable piece of work available to the world of letters by its publication, in the not too distant future, presumably in this country. Nevertheless, the tragic facts remains that death has denied this fine scholar the justified satisfaction of seeing his life's work receive the appreciation which it so thoroughly merits.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Dr. Isaac B. Harris, Professor Emeritus of Surgery, on June 10, 1953.

Dr. Harris was born in Noble County. He received his medical training at Starling Medical College from which he graduated in 1900. He took his internship at St. Francis Hospital and then established an office near the hospital. A few years later he abandoned general practice for the exclusive practice of surgery, at which he had an unusual aptitude. He studied further at Harvard Medical College and New York Post-Graduate Medical School and Hospital.

Dr. Harris joined the staff of St. Francis in 1902 and served as its chief of staff from 1915 to 1946. During the same period he was an instructor at Starling Medical College, Starling-Ohio Medical College and The Ohio State University College of Medicine, serving as Assistant Professor of Surgery at Ohio State from 1914 to 1925 and as Professor of Clinical Surgery from 1925 to 1946.

Dr. Harris worked hard in behalf of the creation of The Ohio State University Health Center and gave outstanding service as a teacher. He was an eminent surgeon and civic leader and in 1948 was honored at a special banquet for a half-century of service to St. Francis Hospital. He gave freely of his skill and talent to the sick poor.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Tuesday, September 8, 1953, at Gibraltar Island.

That the following miscellaneous recommendations be approved:

That Hugh J. Means, Professor and Chairman, Department of Radiology, be retired effective September 30, 1953, and that he be given the title of Professor Emeritus and be paid \$204 a year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement plan. No supplemental payment from Interest on Endowment 4002 is required because his retirement allowance exceeds the University guarantee.

That Donald J. Kays, Professor, Department of Animal Science, be retired effective September 30, 1953, and that he be given the title of Professor Emeritus and be paid \$180 a year from Fund 9001 to comply with provisions for supplementary payments to staff members

who participate in the University Retirement Plan. No supplemental payment from Interest on Endowment 4002 is required because his retirement allowance exceeds the University guarantee.

That the annual salary budget for the Agricultural Extension Service, effective October 1, 1953, be approved.

That a laboratory fee of \$10 per quarter be assessed students enrolled in English 400 and Mathematics 401, 404 and 409, the income to be used for the sole purpose of employing teachers for these remedial courses which are on the sub-freshman level, designed for students who fail to meet the minimal standards as determined by their scores in English and Mathematics Placement Tests. This action rescinds the Board action of November 8, 1937, when a fee for these and similar courses was transferred from the Laboratory Supply Store Account to the Student Fee Account. If experience shows that the fee income from these courses exceeds the cost of instruction, the course fee will be proportionately reduced.

That the action of the Board of Trustees on July 17, 1935, relative to the College of Law, be rescinded and that a fee of \$1.00 per quarter be assessed against each student in the College of Law for the printing and distribution of the Law Journal, effective October 1, 1953.

That the contracts between the Ohio State University and the State Department of Education, Division of Vocational Education, covering the following agreements, be approved:

For training of teachers in Distributive Education for the period July 1, 1953 to June 30, 1954

For training of teachers in Vocational Home Economics for the period July 1, 1953 to June 30, 1954

For training of teachers in Vocational Agriculture for the period July 1, 1953 to June 30, 1954

For special services in Trade and Industrial Education for the period July 1, 1953 to June 30, 1954

For special services in Guidance Services for the period July 1, 1953 to June 30, 1954

That the Memorandum of Agreement between the State Board of Aviation, the Ohio Agricultural Experiment Station and the Agricultural Engineering Department of the College of Agriculture of the Ohio State University for the promotion of Agricultural aviation research for the period July 1, 1953 through June 30, 1955, be approved.

That the Memorandum of Agreement between the Ohio State University and the Ohio Department of Health for the purpose of conducting a Special Industrial Wastes Study for the period July 1, 1953 through June 30, 1954, be approved.

That \$8,000 be appropriated from H-8 Contributions for the use of the Ohio State University Association for the period July 1, 1953 to June 30, 1954;

That \$2,500 be appropriated from H-8 Contributions for the use of the Ohio Journal of Science for the period July 1, 1953 to June 30, 1954;

That the sum of \$4,000 be transferred from Dairy Laboratory Rotary 15954 to Rotary 13156 for the use of the Department of Dairy Technology.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

- \$55,707.20 from the Kellogg Foundation, to be credited to Rotary 11351 Kellogg Foundation—Public School Administration
- \$29,563.10 from the National Fund for Medical Education—to be credited to Rotary 11497
- \$15,000 from the E. I. duPont de Nemours and Company for research in Chemistry—to be credited to Rotary 11189
- \$3,300 from the E. I. duPont de Nemours and Company for the duPont Fellowship in Physics—to be credited to Rotary 11192
- \$2,635 from the National Association of Wholesalers, Incorporated—to be credited to Rotary 11571
- \$2,500 from the Borden Company Foundation, Incorporated for the Borden Company Scholarships—to be credited to Rotary 11086
- \$2,400 from the Eastman Kodak Company for the Eastman Kodak Fellowship in Chemical Engineering—to be credited to Rotary 11202
- \$2,000 from Westinghouse Educational Foundation for the Westinghouse Fellowship in Mechanical Engineering—to be credited to Rotary 11908
- \$1,912.50 from the Green Giant Company—to be credited to Rotary 11276
- \$1,900 from the Shell Fellowship for the Shell Fellowship in Chemical Engineering—to be credited to Rotary 11716
- \$1,312.50 from the American Heart Association, Incorporated—to be credited to Rotary 11019
- \$767.50 from the Estate of Edna A. Stone for the Julius F. Stone Fund for Medical Research
- \$650 from the Social Science Research Council—to be credited to Rotary 11719
- \$582 from the Grace High Washburn Trust Fund—to be credited to Rotary 14901
- \$400 from the American Society for Metals Foundation for Education and Research for an undergraduate scholarship in Metallurgical Engineering—to be credited to Rotary 11023
- \$98 contributed by friends of David Eugene Fitzgerald for a memorial fund for River Road Library—to be credited to Rotary 11400
- \$66 from H. Gordon Hullfish for the Boyd H. Bode Conference Fund.

That the research agreements heretofore entered into between the Ohio State University and Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Department of the Navy, Office of Naval Research, Washington, D. C.—Investigation of Leadership in Naval Establishments (to be known as the Department of the Navy, Office of Naval Research Project No. 268—Amendment No. 12—Psychology). Gross value, \$43,963.00.

Department of the Navy, Office of Naval Research, Washington,

- D. C.—Investigation of Literature Search, Nitro Compounds (to be known as the Department of the Navy, Office of Naval Research, Research Project No. 386—Amendment No. 7—Chemistry). Gross value, \$14,929.00.
- Rome Air Development Center, Griffis Air Force Base, Rome, New York—Investigation of Effects of Direction of Polarization (to be known as the Rome Air Development Center Research Project No. 389—Supplement No. 12—Electrical Engineering). Gross value, \$15,000.00.
- U. S. Atomic Energy Commission, Chicago Operations Office, Chicago, Illinois—Investigation of Radioisotopes for Cancer Therapy (to be known as the U. S. Atomic Energy Commission Research Project No. 426—Suppl. No. 3—Radiology). Gross value, \$25,000.00.
- U. S. Atomic Energy Commission, Lemont, Illinois—Investigation of Nuclear Spectroscopy (to be known as the U. S. Atomic Energy Commission Research Project No. 440—Supplement No. 2—Physics and Astronomy). Gross value, \$15,000.00.
- Commericalores, Inc., Clover, South Carolina—Investigation of Kyanite in Ceramic Bodies (to be known as the Commercialores, Inc. Research Project No. 461—Supplement No. 2—Engineering Experiment Station). Gross value, \$5,580.00.
- U. S. Atomic Energy Commission, Chicago Operations Office, Chicago, Illinois—Investigation of Soft X-ray Absorption and Emission Spectra (to be known as the U. S. Atomic Energy Commission Research Project No. 471—Supplement No. 2—Physics and Astronomy). Gross value, \$6,741.00.
- Department of the Army, Office of Surgeon General, Washington, D. C.—Investigation of Physiological Evaluation of Mechanical Respirators (to be known as the Department of the Army Research Project No. 479—Modification No. 2—Physiology). Gross value, \$19,626.00.
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Combustion Phenomena at High Pressures (to be known as the Wright Air Development Center Research Project No. 507—Supplement No. 3—Aeronautical Engineering). Gross value, \$51,834.00.
- Cleveland Ordnance District, Cleveland, Ohio—Investigation of Infinitesimal Rigidity Properties of Surfaces (to be known as the Cleveland Ordnance District Research Project No. 511—Supplement No. 1—Mathematics). Gross value, \$1,630.00.
- Cleveland Ordnance District, Cleveland, Ohio—Investigation of Protection of Metals by Non-Metallic Coatings (to be known as the Cleveland Ordnance District Research Project No. 514—Supplement No. 2—Ceramic Engineering). Gross value, \$7,280.00.
- Department of the Navy, Office of Naval Research, Washington, D. C.—Investigation of Survey of Stars in a Galactic Belt (to be known as the Department of the Navy, Office of Naval Research, Research Project No. 517—Amendment No. 1—Physics and Astronomy). Gross value, \$1,200.00.
- Air Research and Development Command, Baltimore, Maryland—Investigation of Ducted Body in Wind Tunnel (to be known as

- the Air Research and Development Command Research Project No. 525—Supplement No. 3—Aeronautical Engineering). Gross value, \$146,000.00.
- Mr. E. C. Gauvreau, Washington, D. C.—Investigation of (Secret). (to be known as the E. C. Gauvreau Research Project No. 564—Geology). Gross value, \$35,766.53.
- Department of the Navy, Bureau of Ships, Washington, D. C.—Investigation of Protective Coatings and Suitable Compositions for Metal Parts for Gas Turbines (to be known as the Department of the Navy, Bureau of Ships, Research Project No. 565—Engineering Experiment Station). Gross value, \$20,000.00.
- Air Research and Development Command, Baltimore, Maryland—Investigation of Structure Changes Associated with Order-Disorder Transformation in Solids (to be known as the Air Research and Development Command Research Project No. 567—Chemistry). Gross value, \$24,922.00
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Direct Measurements of Rocket Exhaust Velocities (to be known as the Wright Air Development Center Research Project No. 568—Aeronautical Engineering). Gross value, \$57,325.00.
- Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Propellor Blade Torsional Investigation (to be known as the Wright Air Development Center Research Project No. 569—Mechanics). Gross value, \$52,441.00.
- Department of the Navy, Office of Naval Research, Washington, D. C.—Investigation of Study on Training Program for Tank Leaders in Command (to be known as the Department of the Navy, Office of Naval Research, Research Project No. 570—Psychology). Gross value, \$13,756.80.
- Quartermaster Activities, Cameron Station, U. S. Army, Alexandria, Virginia—Investigation of Physical-Chemical Properties of Milk Proteins in Spray-Dried Skim Milk (to be known as the Quartermaster Activities Research Project No. 571—Chemistry). Gross value, \$9,000.00.
- Air Research and Development Command, Baltimore, Maryland—Investigation of Oxidation of Hydrocarbons (to be known as the Air Research and Development Command Research Project No. 372—Chemistry). Gross value, \$148,803.80.
- Navy Department, Office of Naval Research, Washington, D. C.—Investigation of Infrared Spectra of Polyatomic Molecules (to be known as the Navy Department, Office of Naval Research, Research Project No. 447—Amendment No. 2—Physics). Gross value, \$6,500.00.
- Navy Department, Office of Naval Research, Washington, D. C.—Investigation of Pattern Discrimination (to be known as the Navy Department, Office of Naval Research, Research Project No. 482—Amendment No. 2—Aviation Psychology). Gross value, \$3,913.00.
- National Institutes of Health, Public Health Service, Bethesda, Maryland—Investigation of Mosquito Studies (to be known as the National Institutes of Health Research Project No. 388 (D)—Zoology and Entomology). Gross value, \$9,500.00.

Globe Iron Company, Jackson, Ohio—Investigation of High Silicon Pig Iron (to be known as the Globe Iron Company Research Project No. 387—Amendment No. 4—Engineering Experiment Station). Gross value, \$5,040.00.

Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of A Study of Fungicides and Insecticides (to be known as the Mathieson Chemical Corporation Research Project No. 116A—Supplement No. 6—Zoology and Entomology). Gross value, \$68,186.00.

Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of Chemical Processes and Products (to be known as the Mathieson Chemical Corporation Research Project No. 116—13th Extension—Chemical Engineering). Gross value, \$57,209.00.

Department of the Navy, Office of Naval Research, Washington, D. C.—Investigation of Survey of Training Methods (to be known as the Department of the Navy, Office of Naval Research, Research Project No. 481—Amendment No. 4—Psychology). Gross value, \$5,954.10.

Air Force Cambridge Research Center, Cambridge, Massachusetts—Investigation of Geodetic Studies, 1954 Solar Eclipse (to be known as the Air Force Cambridge Research Center Research Project No. 574—Geology). Gross value, \$94,235.00.

National Institutes of Health, Public Health Service, Bethesda, Md.—Investigation of Effect of Certain Antibiotics on Microflora and Enzymes in Milk (to be known as the National Institutes of Health Research Project No. 547—Extension No. 1—Dairy Technology). Gross value, \$5,000.00.

National Institutes of Health, Public Health Service, Bethesda, Md.—Investigation of Geriatrics and Gerontology (to be known as the National Institutes of Health Research Project No. 532—Amendment No. 1—Psychology). Gross value, \$11,907.00.

Alloy Casting Institute, Mineola, New York—Investigation of Development of New Alloys (to be known as the Alloy Casting Institute Research Project No. 350—Amendment No. 5—Metallurgy). Gross value, \$18,000.00.

Department of the Army, The Armored Center, Central Purchasing Branch, Fort Knox, Kentucky—Investigation of Research and Scientific Studies for Combat Development Program (to be known as the Department of the Army Research Project No. 573—Psychology). Gross value, \$40,000.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Physiological Properties of the Human Body (to be known as the Wright Air Development Center Research Project No. 446—Physiology). Gross value, \$5,628.00.

Department of the Navy, Bureau of Yards and Docks, Washington, D. C.—Investigation of Earth Slope Stabilization (to be known as the Department of the Navy Research Project No. 439—Civil Engineering). Gross value, \$19,427.00.

The National Clay Pipe Research Corporation, Logan, Ohio—Investigation of Clay Pressure Pipe (to be known as the Na-

tional Clay Pipe Research Corporation Research Project No. 146—Supplement No. 10—Engineering Experiment Station). Gross value, \$46,413.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Fatigue Tests of Alloy and Steel Specimens (to be known as the Wright Air Development Center Research Project No. 518—Supplement No. 3—Mechanical Engineering). Gross value, \$28,000.00.

Limbach Company, Pittsburgh, Pennsylvania—Investigation of Ceramic Roofing Tile (to be known as the Limbach Company Research Project No. 528—Supplement No. 1—Engineering Experiment Station). Gross value, \$7,440.00.

Department of the Army, Office of the Surgeon General, Washington, D. C.—Investigation of Effects of Low-Level Radiation on Cellular Changes (to be known as the Department of the Army Research Project No. 513—Supplement No. 1—Physiology). Gross value, \$15,303.00.

Commanding General, Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Microwave Oscillator Tubes (to be known as the Commanding General, Headquarters, Wright Air Development Center Research Project No. 575—Electrical Engineering). Gross value, \$100,000.00.

Selby Shoe Company, Portsmouth, Ohio—Investigation of Machine Cams (to be known as the Selby Shoe Company Research Project No. 576—Mechanical Engineering). Gross value, \$9,360.00.

Navy Department, Office of Naval Research, Washington, D. C.—Investigation of Protective Coatings for Molybdenum (to be known as the Navy Department, Office of Naval Research, Research Project No. 467—Amendment No. 4—Metallurgy). Gross value, \$23,327.00.

U. S. Atomic Energy Commission, Chicago Operations Office, Lemont, Illinois—Investigation of Preparation and Evaluation of Porous Membranes (to be known as the U. S. Atomic Energy Commission Research Project No. 566—Chemistry). Gross value, \$30,243.00.

The above forty-three contracts for research in cooperation with Government and Industry represent a gross income of \$1,326,383.23.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above recommendations were approved by unanimous vote.

President Bevis now presented the annual salary budget for 1953-1954 and after calling attention to the principles underlying its construction, he recommended that the Budget as presented be approved by the Board of Trustees.

General Dargusch now offered the following motion: "That the budget as presented by the President be approved, with the following amendments, namely that the salaries of the following persons be fixed as follows for the year 1953-1954—President Howard L. Bevis, \$23,928—Vice President Bland L. Stradley, \$18,228—Vice President and Business Manager Jacob B. Taylor, \$20,628—Vice President Frederic Heimberger, \$17,028—and Assistant to the President Norval Neil Luxon, \$14,028.

The above motion was seconded by Senator Bricker and upon roll call was adopted by unanimous vote.

\* \* \* \* \*

Upon motion of General Dargusch, seconded by Senator Huffman, the Board by unanimous vote appropriated \$3,000 from the Interest on the Endowment Fund, for the use of President Bevis for entertainment purposes.

The Vice President and Business Manager reported that the Cabinet has approved the following (A) Extras to contracts, (B) Credits to contracts and (C) Extensions of time to contracts and recommended that they now be approved by the Board of Trustees:

(A). *Extras to contracts*

*Electrical Contractors, Incorporated* . . . . . \$ 162.50  
Addition of door switches and bells for the control of incoming traffic at fire escape doors, Medical Research Laboratory

Original contract—\$64,710—December 27, 1951

*Gustav Hirsh Organization, Incorporated* . . . . . \$4,661.81  
A number of small miscellaneous changes in connection with electrical work, New Student Union

Original contract—\$208,280—June 18, 1949

*James I. Barnes Construction Company* . . . . . \$ 70.00  
Installation of twenty sleeves in floor slabs to accommodate future mop cleaning vacuum system, Women's Dormitory

Original contract—\$2,314,900—May 15, 1953

*General Maintenance and Engineering Company* . . . . . \$ 420.00  
Coat small parapet wall between the main roof deck and the canopy with same process as used on canopies covered by original specifications, Waterproofing the Tops of Nine Concrete Canopies Along the South Elevation of the University Hospital

Original contract—\$10,635—August 21, 1953

(B). *Credits to contracts*

*James I. Barnes Construction Company* . . . . . \$ 344.00  
Required amount of masonry reduced due to rearrangement of the detail of tunnel construction at southwest corner of Women's Dormitory to accommodate electrical cable connection from University Utility Tunnel, Women's Dormitory

Original contract—\$2,314,900—May 15, 1953

- Electrical Contractors, Incorporated*.....\$1,424.00  
Omission of explosion proof illuminators and adjustment in connection with generator starting batteries, Medical Center  
Original contract—\$669,382—April 13, 1948
- Electrical Contractors, Incorporated*.....\$ 408.06  
Omitting or relocating receptacles, fixtures, and switches, Cancer Research Laboratory  
Original contract—\$64,710—January 8, 1952
- Sauer Company, Incorporated*.....\$2,166.20  
Omitting equipment and fixtures in 23 rooms (included in separate equipment contract), Cancer Research Laboratory  
Original contract—\$81,800—January 9, 1952
- National Company, Incorporated*.....\$ 891.03  
Omitting gas and air connections to laboratory equipment (included in separate equipment contract), Cancer Research Laboratory  
Original contract—\$139,680—January 9, 1952
- (C). *Extensions of time to contracts*
- Replacing Existing 24" Diameter Concrete Condenser Water Line with Cast Iron Pipe*  
Gerald Trimmer .....\$4,746.00  
Contract dated—May 14, 1953  
Original completion date—August 15, 1953  
Recommended completion date—October 31, 1953
- New Lighting in Offices and Laboratory in Southeast Corner of Robinson Laboratory*  
Electrical Contractors, Incorporated.....\$7,761.00  
Contract dated—June 1, 1953  
Original completion date—August 31, 1953  
Recommended completion date—October 31, 1953
- Insulation for Piping for New No. 5 Boiler and No. 1 Turbine Including Necessary Auxiliaries*  
Earl E. Bright, Incorporated.....\$17,638.00  
Contract dated—March 14, 1951  
Original completion date—December 31, 1951  
Recommended completion date—October 31, 1953
- Piping for New No. 5 Boiler and No. 1 Turbine Including Necessary Auxiliaries*  
Fuel Economy Construction Company.....\$154,111.00  
Contract dated—March 16, 1951  
Original completion date—November 30, 1951  
Recommended completion date—October 31, 1953
- One 80,000/hr Spreader Fired Steam Generator Complete with all Appurtenances*  
The Babcock and Wilcox Company.....\$159,088.00  
Contract dated—August 3, 1950  
Original completion date—October 31, 1951  
Recommended completion date—October 31, 1953

On motion of Senator Huffman, seconded by Mr. Ketner, these recommendations of the Cabinet were approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the Director of Physical Plant and are included in the records of the University Cabinet.

*Waterproofing the Tops of Nine Concrete Canopies Along  
the South Elevation of University Hospital*

General Maintenance and Engineering Company. . . . . \$10,635.00  
To be paid from F-1-e Waterproofing Canopies, H.B. 10

*Cleaning, Caulking and Pointing the Entire Student Service  
Building*

General Maintenance and Engineering Company. . . . . \$ 9,641.00  
To be paid from F-1 Building Repairs, H.B. 10

Upon motion of Mr. Ketner, seconded by Senator Huffman, the above actions of the Cabinet were approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager made the following report and recommendations:

At the July 6, 1953 meeting of the Board, approval by the Board was granted of the Cabinet's recommendations relative to the award of contracts for the Remodeling of Starling-Loving, A-Wing. These recommendations, in summary, were to request the Director of Public Works:

- A. To reject all bids received on June 29, 1953 for those portions of the work referred to as Project II and Project III.
- B. With permission of the State Controlling Board to award the general contract to Haig M. Boyajohn & Associates, the low bidder, notwithstanding the fact that the low bid was in excess of the filed estimate of cost.
- C. To award the Heating and Ventilating and the Plumbing contracts to Sauer Company, Incorporated and the Electrical contract to Gustav Hirsch Organization, Incorporated, these contractors being the low bidders in the listed mechanical trades and their low bids being below the filed estimate of cost. (See Board Minutes of July 6, 1953, pages 29 to 33 inclusive.)

In discussing these recommendations with the Director of Public Works on July 22, 1953, Director Moyer felt that the bidding had become extremely complicated because of the manner in which the estimates of cost had been filed (See minutes of July 6, 1953 for discussion on this point) and the wide variance of the low bid from the filed estimate of cost. Therefore, he requested that the University concur in his proposed plan to reject the bids on the general contract; to have the University Architect file a realistic estimate of cost on the general contract; to re-advertise on a 30-day basis the general contract after securing agreement from the low bidders in the mechanical trades to extend the period in which their bids could be considered to cover the new bidding period on the general contract.

The University Cabinet, in the absence of an interim meeting of

the Board of Trustees, consented, for the University, in the above outlined proposals of the Director of Public Works. Thereupon the Director:

- A. Rejected the bids on Proposals II and III.
- B. Rejected the bids for the general contract on Project I.
- C. Requested the University Architect to secure the necessary extensions of time in the case of the low bids in the mechanical trades (which was accomplished).

The new and revised drawings and specifications for the general contract provided, in addition to the work previously covered, for

- (a) the replacement of all wood window frames and sash in Wing A with metal windows;
- (b) the changing of laboratory furniture specifications from wood to metal and the tops from stainless steel to stone;
- (c) the elimination of light-proof shades in four lecture rooms.

The revised estimate of cost for the new and revised general contract was \$233,000.00.

Bids were taken on September 1, 1953 on the revised general contract and were as follows:

*Remodeling Starling-Loving—A-Wing*  
(Estimate of Cost \$233,000)

*General Contract*

Joseph Skilken and Company.....	\$226,850
Haig M. Boyajohn & Associates.....	228,730
David E. Gardner.....	243,000
G. W. Atkinson and Son.....	245,900

The Director of Public Works is of the opinion that the general contract should be awarded to Joseph Skilken at his low bid of \$226,850, which is below the filed estimate of cost.

The Director proposes (as of September 1, 1953) to notify the low bidders in the mechanical trades of the award of contracts as follows:

	<i>Bid</i>	<i>Filed Estimate of Cost</i>
<i>Heating and Ventilating</i>		
Sauer Company, Incorporated.....	\$44,500.00	\$58,000.00
<i>Plumbing Contract</i>		
Sauer Company, Incorporated.....	69,200.00	79,000.00
<i>Electrical Contract</i>		
Gustav Hirsch Organization, Inc.....	57,400.00	65,000.00

The University Cabinet recommends that the Board of Trustees request the Director of Public Works to award the general contract to Joseph Skilken at his low bid of \$226,850. (No action is necessary at this time on the award of the contracts in the mechanical trades, as the Board action of July 6, 1953 is deemed sufficient to provide for these awards.)

The University Cabinet requests that the Board of Trustees ratify and approve all actions taken by the Cabinet since the July 6, 1953 meeting of the Board with respect to these contracts and this remodeling operation (Starling-Loving, Wing A), including, but not limited to:

- A. The concurrence for the University in the rejection of the bids on the general contract.
- B. The revision of the plans and specifications as indicated.
- C. The filing of a new and revised estimate of cost in the amount of \$233,000.00.
- D. Advertising for and taking new bids on the general contract.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the foregoing recommendations were unanimously approved by the Board.

The Vice President and Business Manager presented the following statement and recommendation:

On authority of the Board of Trustees, the University Cabinet met on August 20, 1953, for the purpose of opening bids on Exterior Painting of Buildings 9, 10 and 11, River Road Housing Project. The following bids were received:

Harold F. Mollenauer.....	\$5,480
Accurate Maintenance, Incorporated.....	7,955
Joseph F. Morone.....	4,877
Good Home Maintenance.....	None
General Maintenance & Engineering Co.....	4,950
General Painting Company.....	5,333
Ballenger Painting Company.....	5,733
Bohl Painting Company.....	6,053
G. R. Hiehle.....	4,950
Arts Decorating & Cleaning Company.....	6,789
Ohio Building Maintenance, Inc.....	None
Art Kraft Decorators, Inc.....	5,830
Industrial Maintenance Corporation.....	5,541

The engineer's estimate for the above work was \$4,200.00. The Ohio Building Maintenance, Incorporated, carried a bond in the amount of \$4,149.00, but neglected to either sign or fill in the amount of the bid on the first sheet of the form of proposal making their bid incomplete and unacceptable. There being no bids under the engineer's estimate, the University Cabinet wishes to recommend that the Board of Trustees reject all bids. It is rather an unusual circumstance to have all the bids above the estimate. On all previous painting projects we have been able to award the contract at a figure much lower than the estimate which led us to believe we were using a fair unit price for estimating. However, after careful analysis of the bids submitted, it is apparent that the engineer's estimate on this project was too low. The University Cabinet, therefore, wishes to recommend that the estimate be increased to \$5,000.00 and readvertised on a 10-day basis.

Upon motion of Senator Bricker, seconded by Senator Huffman, the above action of the Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

#### *Request*

- 9—repair of greenhouse behind Horticulture and Forestry Building by force account, work to be done by General Maintenance

and Engineering Company, the maximum expenditure not to exceed \$6,000, to be paid from F-1 Building Repairs and D-2 Building Maintenance, H. B. 10.

- 10—award of contract to Legg and Davis for Refuse Compartment, Botany and Zoology Building in the amount of \$1,950, notwithstanding the fact that this low bid is in excess of the corrected estimate of cost filed with the Auditor of State. This project is payable from G-2-21 Rehabilitation of Existing Buildings, H. B. 672.
- 12—\$465 extra to McCarty Brothers Electric Company and salary requirements in the University Architect's office in the amount of \$2,300 in connection with Women's Dormitory project.  
transfer of \$2,765 from Rotary A to G-2-c Women's Dormitory, H. B. 10 to provide funds for the above.
- 13—(a) extension of engineering contracts to Professor Clyde T. Morris—\$1,500, Sims, Cornelius and Schooley—\$20,000 and Barber and Magee—\$10,000 and salary requirements in the University Architect's office in the amount of \$30,285 to November 1, 1953, all in connection with the Field House project.  
(b) transfer of \$61,785 from Rotary A (Athletic Department funds) to G-2-a Field House, H. B. 10, to provide funds for the above).
- 14—transfer of \$10,697 from Rotary A (University Hospital funds) to F-1-c Waterproofing Canopies, University Hospital, H. B. 10 to provide funds for contract in connection with Waterproofing the Tops of Nine Concrete Canopies along the South Elevation of the University Hospital.

\* \* \* \* \*

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Replacement of Deaerating Feedwater Heater in Power Plant	\$20,300	F-9 Other, H. B. 10

Upon motion of Senator Huffman, seconded by Senator Bricker, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and General Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees, and if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following

project as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees.

<i>Project</i>	<i>Revised Estimate of Cost</i>	<i>Payable from</i>
Repairs to Roofs on Alumni House, Armory, Artillery Barn, McMillen Observatory, Poultry Flock House and Robinson Laboratory on campus	\$17,000	F-1-d Roofing Repairs, H. B. 10

(Note: The plans, specifications and estimates of cost for this project in the amount of \$17,000.00 under the title of "Repairs to the Roofs on Twelve Buildings on Campus" were approved at the June 8, 1953 meeting of the Board. The Director of Physical Plant now recommends that the title of the project be revised to read as above.)

Upon motion of Senator Huffman, seconded by Senator Bricker, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and General Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees, and if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager, with the concurrence of the Dean of the College of Medicine, recommended that there be transferred \$13,191.00 from Rotary 11811, Julius F. Stone Fund for Medical Research, to Rotary 13301 Health Center Journal in order that the Health Center Journal might be reactivated. (Since the Stone Fund had been advanced this amount from general University funds to pay Dr. William G. Myers salary, the transfer, recommended above, will place the responsibility on the College of Medicine for the repayment of this new advance in the future from such funds as are available to the College of Medicine and may properly be used for this purpose.)

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the following recommendation:

It is recommended that Jacob B. Taylor, Vice President and Business Manager be authorized to make application to John Hancock Mutual Life Insurance Company for the withdrawal of \$25,000 from

the premium reserve on Group Life Insurance Policy No. 1305-9 in order to make expenditures for the increased amount of \$204.00 annually to retired members and for the death benefits of deceased members. This program was provided for by previous action of the Board of Trustees and this action is in furtherance of that program.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager, at the request of the Director of Physical Plant, recommended that Donald M. Thompson be given a special police commission by the Board of Trustees under authority given them by statute. Mr. Thompson replaces Leonard Bruno at the University Hospital parking sections.

Upon motion of Senator Bricker, seconded by Senator Huffman, the above recommendation was unanimously approved.

\* \* \* \* \*

The Vice President and Business Manager presented the following letter and recommendation from Dean Rummell of the College of Agriculture:

"The Home Economics Department has recommended that \$30,000.00 be transferred from Rotary 8228, Pomerene Refectory, to Rotary 8211 Home Economics. This amount is to be used for salaries, equipment and remodeling anticipated by the School of Home Economics for the next twelve months."

Upon motion of General Dargusch, seconded by Mr. Ketner, the foregoing recommendation was approved by unanimous vote.

The Vice President and Business Manager reported that, following conversation with Paul Elleman, the Director of Physical Plant, the Columbus and Southern Ohio Electric Company tendered an offer to purchase for the sum of One Thousand Dollars (\$1,000.00) that portion of the electrical facilities now owned by The Ohio State University used in supplying electric service to Don Scott Field.

The utility agreed that if the University elected to sell the above mentioned facilities they would, upon conveyance of a bill of sale, become the property of the Company to maintain and increase at its own expense to provide for future electrical growth at the field.

The University Cabinet recommends that the above offer be accepted as being in the best interests of the University.

Upon motion of Senator Bricker, seconded by Senator Huffman, the sale of these electrical facilities was unanimously approved.

\* \* \* \* \*

The Vice President and Business Manager reported that the preliminary architectural surveys have indicated that the cost of the desirable cubage for the proposed new Chemical Abstracts Building would reach \$600,000.00, instead of the amount earlier estimated of \$500,000.00. He reported that Mr. Jay Crane, Editor of Chemical Abstracts, had written him a letter indicating that the American Chemical Society, at their meeting on September 8, 1953, would in all probability increase the Society's share of the matching funds from \$250,000.00 to \$300,000.00 in order that the Chemical Abstracts Building might proceed.

The Vice President and Business Manager, therefore, recommended that the University increase its share of matching funds from \$250,000.00 to \$300,000.00 in the event that the American Chemical Society takes like action (as suggested above) and that the architects Potter, Tyler, Martin and Roth, with the concurrence of the Director of Public Works, be authorized to proceed to draw the plans and specifications on the basis of the larger total outlay of \$600,000.00 for this building.

Upon motion of Senator Bricker, seconded by Senator Huffman, the foregoing recommendations were approved by unanimous vote.

The Vice President and Business Manager reported that the Class of 1901, through the Development Fund, provided funds for a memorial consisting of marble seats and steps on the slope overlooking Mirror Lake. The University agreed to provide the excavation and foundation for this memorial. Following is a tabulation of the quotations received by the Purchasing Department for the foundations and marble work for the Class of 1901 Memorial:

#### Project I—Excavation and Foundation

a. Pete Catena and Son.....	\$ 296.00
Geis Construction Company.....	648.00
Haig M. Boyajohn & Associates.....	964.00
Legg and Davis.....	1,265.00
b. Contingent quotations, supplemental to marble quotations in Project II.	
Rainbow Monument Co. (Base bid).....	\$ 325.00
Rainbow Monument Co. (Omit Steel).....	275.00
Mason Monument Co.....	225.00

#### Project II—Marble Seats and Steps

Vermont White Marble.....	\$2,424.00
Vermont "Sylvert" .....	2,279.00
Georgia Gray Cloud.....	2,660.00
Mason Monument Co.....	3,733.90

The University Cabinet recommends that an order be placed with Pete Catena and Son for excavation and foundation in the sum of \$296.00 in accordance with their proposal dated August 3, 1953. It also recommends that an order be placed with Rainbow Monument Company (formerly Herbert Zenker Memorial Studios) in the sum of \$2,279.00 for Vermont "Sylvert" marble in accordance with their quotation of, and supplementing letter of, July 18, 1953.

Upon motion of Senator Bricker, seconded by Mr. Ketner, the foregoing recommendations were approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

Upon recommendation of the Dean of the College of Medicine, it is requested that the President be authorized to negotiate and sign an Agreement between the Ohio State University and Children's Hospital whereby the clinical facilities of Children's Hospital will be available for the training of medical students, internes and residents in all phases of Pediatrics. The Agreement will cover the period from July 1, 1953 to June 30, 1954. In order to assist in providing these

teaching services, the University agrees to pay the sum of \$10,000.00 for the year beginning July 1, 1953, on a quarterly basis.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the above recommendation was approved by unanimous action.

The Vice President and Business Manager presented the following statement and recommendation:

Upon recommendation of the Dean of the College of Medicine, it is requested that the Vice President and Business Manager be authorized to negotiate and sign an amendment to the Indenture of Lease dated September 30, 1947, between the Ohio State University and the Sisters of the Poor of St. Francis. The amendment will cover the period from July 1, 1953 to June 30, 1954. The Sisters of the Poor of St. Francis will maintain 104 clinical beds for teaching purposes, for which the University will make the following payments:

(1) Salaries of residents, interns and assistants appointed by the College of Medicine amounting to approximately .....	\$24,000.00
(2) Cash payment for surgical and laboratory supplies .....	26,000.00
(3) Cash payment for general purposes.....	30,000.00
Total .....	<u>\$80,000.00</u>

Upon motion of Senator Bricker, seconded by Senator Huffman, the foregoing recommendation was unanimously approved.

The Vice President and Business Manager reported that President Bevis has received the following letter:

"There is available for disposal by the United States Government a portion of the Camp Sherman Rifle Range, consisting of 162.593 acres located two miles outside the North East City limits near the foot of Mount Logan, Chillicothe, Ohio.

In order to be considered for a 100 per cent discount on this parcel of land, Ohio State University must use the property as an integral part of one of their recognized educational programs. Such land must be devoted primarily to academic, vocational, or other professional use. Use of the property must be for a purpose for which Ohio State University would be authorized under Ohio law to expend its own funds to acquire. The Land must have fundamental utilization in order to obtain the full discount and might be used for agricultural experimental purposes or other research projects conducted by the University. It is doubtful if the land could be transferred to the Research Foundation located on the Campus. It is understood that this Research Foundation is a separate corporation.

This land was acquired by the Government in 1919 and the 162.593 acres was originally conveyed to the State of Ohio on September 15, 1949 under provisions of PL-537-80th Congress. Since the State of Ohio did not use the land for wildlife conservation in accordance with the deed, title reverted to the United States. The land is now available at a public benefit discount to any educational institution that can justify that the land will be used for educational purposes. There are several dwellings and other buildings located on the property. The property is separated

and consists of two parcels known as Part I and Part II. Part I consists of 62,055 acres. Part II consists of 100,538 acres making a total of 162,593 acres. We understand that the acreage between Parts I and II is being used by the State of Ohio under license issued by the Department of the Army. The latter consists of 467,444 acres. The entire installation, as originally purchased by the Government consists of 630,037 acres.

It is suggested that Ohio State University advise us if they are interested in either Part I or Part II of this surplus real estate. An inspection should be made before the University reaches any decision. If the University decides that either Part I or Part II of the land is desired, it will be necessary to submit a Letter of Intent (including three signed carbon copies) to this office. This letter should indicate the proposed use.

For your information land to be used for location of new educational facilities to be constructed without Federal aid may be transferred to the University if the construction is to be initiated within an eighteen month period after the date of transfer. It should not be inferred that the land cannot be transferred to the University if no construction is contemplated. Land can be transferred for use as an experimental farm or for other purposes where such use does not require the construction of facilities.

The 162,593 acres is presently leased by the United States for farm use. If an inspection is made, it is suggested you get in touch with the Lessee, Mr. John McRoberts, RFD No. 4, Chillicothe, Ohio. The lease to Mr. McRoberts contains a cancellation clause. His present lease expires 28 February, 1954. Inspection and a reply—either positive or negative—should be received by the Ohio State Department of Education, Division of Property Utilization, within the next thirty days."

Upon motion of General Dargusch, seconded by Mr. Ketner, the President and the Vice President and Business Manager were authorized to proceed with the inspection of this property and to report to the Board their recommendations and findings at the next meeting.

\* \* \* \* \*

The Vice President and Business Manager reported that the audit report of the Auditor of State on the University's financial operations for the year ended June 30, 1951. He called attention of the Board to comments on University activities as follows:

Dental Clinic .....	Page 42
Farm Rotary .....	Page 51
Speech and Hearing Clinic .....	Page 77
University Theater .....	Page 104
Law School Journal .....	Page 122
Football Programs .....	Page 269
Athletic Department .....	Pages 313 to 341, 346

Upon motion of General Dargusch, seconded by Senator Huffman, the Board ordered the audit report received and filed, and directed that the heads of each of the departments, about whose activities comments were made, be sent copies of these comments and be directed to send an explanation and reply to them to the Vice President and Business Manager.

\* \* \* \* \*

The Vice President and Business Manager recommended that the following transfers be made from the Ralph D. Mershon fund to appropriate rotary funds:

- A. *From the Civilian Military education section of Mershon Fund \$15,426.00*, to pay stipends of personnel in the various branches of the Military Science departments for the nine months ended June 30, 1953

Air Science.....	\$ 8,928.00
Military Science.....	4,770.00
Naval Science.....	1,728.00

Total .....\$15,426.00

(amount estimated to be required in 1954-1955, \$20,880.)

- B. *From the General University section of the Mershon Fund*

- (1) To augment the Interest on Endowment appropriation for Emeritus salaries, \$6,300.
- (2) To provide for additional scholarships and this amount to be made available to the Scholarship Committee at once, \$15,000.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above recommendations were approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager reported that there was a balance slightly in excess of \$1,200.00 in the Alumni Endowment Fund. The interest on this fund is to be spent by the Board of Trustees upon recommendation of the Board of Directors of the Development Fund for the general purposes of the University. In the absence of formal action of the latter board, Mr. Fullen, Executive Secretary of the Fund, concurs in the recommendation of the Vice President and Business Manager that the \$1,200.00 of this interest be appropriated for scholarships and made available to the Scholarship Committee at once.

Upon motion of Senator Huffman, seconded by Senator Bricker, the foregoing recommendation was approved subject to final ratification by the Board of Directors of the Development Fund.

\* \* \* \* \*

The Vice President and Business Manager recommended a transfer of \$1,000.00 from Rotary 12261 General University Fund to G-2-c Women's Dormitories Construction Account to provide funds for extras to contracts on Women's Dormitory.

Upon motion of General Dargusch, seconded by Judge Gorman, the foregoing recommendation was approved by unanimous vote.

(a) The Vice President and Business Manager reported that the following action had been taken by the Board of Directors of the Research Foundation on July 15, 1953 with respect to the transfer of overhead charges collected by the Research Foundation on contract research:

"Mr. E. J. Crane moved, Mr. T. A. Boyd seconded, and the Board of Directors voted unanimously to accept the University's proposal in respect to the handling of overhead and agreed that:

1. The Foundation shall transfer to the University overhead

charges collected by the Foundation on contract research. This overhead is assessed and collected to reimburse the University for indirect costs actually incurred by the University in carrying out contract research.

2. Before transferring said overhead, the Foundation shall be permitted to retain (a) the current operating costs of the Foundation and (b) a modest reserve for contingencies. The amount of the overhead to be retained for these purposes will be calculated and presented in budget form by the Foundation at the beginning of each fiscal year through the University Administration to the Board of Trustees for approval.
3. The balance of the overhead collected shall be paid by the Foundation to the University during the month following the close of each quarter on the basis of a determination, at the end of each quarter, of the overhead during that quarter.
4. The effective date of this action shall be July 1, 1953.
5. Whenever a change in operating conditions requires, the financial details of this agreement shall be subject to a review. In any event, such review shall be made not less often than once a year.
6. The Board of Trustees shall assume policy control of the expenditure of overhead funds transferred pursuant to this action.

Upon motion of General Dargusch, seconded by Senator Huffman, the transfer of overhead on contract research was approved by the Board of Trustees by unanimous vote.

(b) The Vice President and Business Manager reported, that in accordance with paragraph (2) of the above agreement, Dr. Woolpert, Executive Director of the Foundation, presented the following letter and budget for the year ended June 30, 1954:

"Dear Mr. Taylor:

Pursuant to your suggestion, we have prepared and are sending you, herewith, a budget for operating expenses of the Research Foundation for the fiscal year 1 July, 1953 through 30 June, 1954. It has been approved informally by Dean Smith in his capacity as President of the Foundation.

You will note that the total is \$300,400.00 as compared with \$222,717.15 actual expense for the past fiscal year (as shown in our unaudited financial statement). The difference of approximately \$90,000.00 is accounted for by the including of a sum of \$50,000.00 for contingencies, and some increases in other items, notably salaries, to provide for normal growth and anticipated promotions.

As you know, the volume of contract research administered by the Foundation has increased steadily over the past few years. This might lead one to predict a still higher volume for the current year. On the other hand, reductions in military spending may well be reflected in some leveling off or even falling off of subsidies from that source, which now represent about 80 per cent of our business. We think it unlikely, however, that total income for the year will be less than last year, when overhead collected approximately \$1,000,000.

I trust that this budget will be satisfactory as a basis for initiating the new plan for handling overhead as between the

Research Foundation and the University. It is understood that our budget will be reviewed at least annually to keep it in line with actual experience and changing conditions.

The Vice President and Business Manager recommended approval of this budget.

Upon motion of General Dargusch, seconded by Senator Huffman, the proposed budget for the Research Foundation for the year ended June 30, 1954 was unanimously approved.

(c) After hearing a presentation of the advantages of the salient features of a "computing center" to be paid for from accumulated overhead funds from contract research, the Board of Trustees authorized the University Administration to continue its study of such a computing center and to bring in a report and recommendation when ready.

\* \* \* \* \*

The Vice President and Business Manager reported that the County Engineer had presented a proposed plan for the widening of Lane Avenue from Starr Road to Olentangy River Road. This improvement, which contemplates an underpass at the C. & O. Railroad, will require that the Board of Trustees grant a highway easement of 20 feet on each side of the proposed new road (four lanes with medial strip in center).

Upon motion of Senator Huffman, seconded by Mr. Ketner, the University Cabinet was directed to continue negotiations with the County Engineer's office so that a proposal might be forthcoming which can be presented to the Board of Trustees as the basis of

granting the requested easement. (Later action of the Board will be required setting forth the specific easement in full detail and specifications.)

\* \* \* \* \*

The Vice President and Business Manager presented the following recommendation:

On September 2, 1952, the Board of Trustees established the policy of paying the salaries of key personnel directly associated with student activities from General University funds. In 1952-53, \$34,152.00 was transferred from Bookstore Rotary Account No. 15951 to Student Activities Special Rotary 12998 to provide funds for such payments. This account shows a balance of \$292.63 as of June 30, 1953.

In order to continue payment of these same positions at the new salary rates for 1953-54, a transfer of \$36,132.00 will be required.

It is, therefore, recommended that the amount of \$36,132.00 be transferred from Bookstore Rotary 15951 to Student Activities Special Rotary No. 12998.

Upon motion of Senator Bricker, seconded by Senator Huffman, the foregoing recommendation was unanimously approved.

\* \* \* \* \*

The Vice President and Business Manager presented the following statement and recommendation:

Upon recommendation of the Dean of the College of Medicine, it is requested that the President be authorized to negotiate and sign an agreement between the Ohio State University and the Practical Nurse School of Columbus and Franklin County. The agreement provides for an initial affiliating group of 9 practical nurse students. The University Hospital will pay each student a stipend of \$75.00 per month while in the service of the Hospital. Further, the University Hospital will pay the School \$20.00 per month to help defray the cost of operating the School.

Upon motion of Senator Huffman, seconded by Senator Bricker, the above recommendation was approved unanimously.

The Vice President and Business Manager presented the following recommendation:

During the construction period of the Ohio Union Building, a number of small changes were required in the specifications for the electrical work. Many of these changes were approved during the construction period and the necessary extra work order issued. Other changes were informally agreed to by the architect, but not definitely accepted at the time as a University charge.

The Architects, Bellman, Gillett and Richards, the University Architect, the Director of Physical Plant and representatives of the Gustav Hirsch Organization have now reviewed all such changes and have recommended a final settlement in the amount of \$4,661.81.

In considering this final settlement, it should be noted that the electrical contract amounted to \$208,280.00 and many new problems were presented during the course of construction which could not be foreseen. The final proposal for these extra changes amounts to but 2.2 per cent of the total contract.

It is, therefore, requested that the Board of Trustees approve the issuance of an order to the Gustav Hirsch Organization in the amount

of \$4,661.81 and authorize a request to the State Controlling Board for a transfer of this amount from Rotary A, Ohio Union funds to a building account titled G-2-D, Ohio Union H. B. 10.

Upon motion of Judge Gorman, seconded by Mr. Ketner, the foregoing recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager recommended that \$72,286 be appropriated from H-8 Contributions for the use of the Ohio State University Development Fund for the period July 1, 1953 to June 30, 1954.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the foregoing recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager recommended that the memorandum of agreement, dated July 1, 1951, between the University and the Division of Wildlife, Department of Natural Resources, be continued for the year 1953-1954. The continuation provides for a payment of \$15,000 to the University for the purpose of conducting an educational program aimed at acquainting farmers with the needs of farm wildlife.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the foregoing recommendation was unanimously approved.

The Vice President and Business Manager reported that he had received the following letter from Dr. Meiling, Associate Medical Director of University Hospital:

Dear Mr. Taylor:

Enclosed is the agreement between the Ohio Tuberculosis Hospital, the Ohio Department of Health, the University Hospital and The Ohio State University with regard to the joint utilization of patient facilities in the Ohio Tuberculosis Hospital for patients of the University Hospital (and of the Rehabilitation Center of The Ohio State University.) The patients involved in this will be convalescent polio patients and patients of the Rehabilitation Center. Technically they will all be patients of the University Hospital, and we will be merely housing them under the roof of the Ohio Tuberculosis Hospital. Per diem rates, etc., now existing for patients currently housed in University Hospital will be continued and the adjustments made in accordance with the existing contracts with agencies such as the Ohio Industrial Commission, the Polio Foundation, etc.

For the record it is to be noted that the Ohio Tuberculosis Hospital does not have in their current biennium budget funds to take more patients than they currently have in the hospital. There are a considerable number of county tuberculosis hospitals with empty beds at this time, and with the modern therapeutic methods available for the care of tuberculosis patients it is a safe assumption that the Emergency Board will not transfer additional funds to the Ohio Tuberculosis Hospital during the current biennium for the admission of more tuberculosis patients. Therefore, the 30-patient facilities involved should be available as far as the current situation is concerned until the end of this biennium at least. At that time it is already the plan of the Industrial

Commission, the labor unions, etc., to back in the next biennium an appeal for funds for domiciliary or dormitory-type facilities for the rehabilitation patients.

It is our hope that this temporary measure will relieve us of a difficult situation with regard to adult polio patients which we have been forced to accept because of the lack of even temporary facilities at the Columbus Children's Hospital which is the polio center of southeastern Ohio. It certainly is not our intention to go into the polio hospitalization each year on anything but a temporary and an emergency scale necessitated by humanitarian requirements of this community.

I believe, likewise, that this establishes the precedent in which we have all been interested, namely, that patients of the University Hospitals (University Hospital, Ohio Tuberculosis Hospital and Columbus Receiving Hospital) could be placed in any one of the three hospitals under the jurisdiction of the administration of the Health Center. It is my understanding that, when Dr. Browning and Dr. Porterfield agreed to the acceptance of patients from University Hospital in the Ohio Tuberculosis Hospital, it had been discussed with Governor Lausche by Dr. Porterfield and that he too was in agreement that the convalescent polio patients could well be hospitalized in the Ohio Tuberculosis Hospital under the administrative jurisdiction and professional care of the University Hospital.

We have assumed favorable action on the part of the Board of Trustees to this extent that housekeeping personnel of both the Ohio Tuberculosis Hospital and the University Hospital are currently engaged in cleaning the third floor where these 30-patient facilities are located, so that the transfer of the patients may be accomplished with the least delay following approval by the Board of Trustees. Would it be too much to ask if we might receive notice by telephone from you following favorable action on the part of the Board of Trustees so that we may accomplish the necessary cleaning and housekeeping work for the early transfer and reception of these patients."

Upon motion of Mr. Ketner, seconded by Judge Gorman, the Vice President and Business Manager, by unanimous action of the Board, was authorized to sign the proposed agreement for and on behalf of the University.

The Vice President and Business Manager presented the following formal resolution relative to the proposed dormitory loan of \$2,000,000 for the Women's Dormitory now under construction and recommended approval:

**RESOLUTION AUTHORIZING THE ISSUANCE OF 3 1/4 %  
DORMITORY REVENUE BONDS BY THE OHIO STATE  
UNIVERSITY IN THE PRINCIPAL AMOUNT OF \$2,000,000.**

Whereas, by authority of Section 4863-6 of the General Code of Ohio (Section 3345.07 of the Revised Code), the Board of Trustees of The Ohio State University is authorized to construct, equip, maintain and operate upon sites within the campus of said University, Buildings to be used as dormitories for students, members of the faculty and servants of said University, and to borrow funds for such purposes upon such terms as it shall deem proper, and to issue negotiable writ-

ten instruments evidencing such indebtedness and pledge the revenue from the operation of dormitories under its control to secure the payment of such indebtedness, and whereas, said Board of Trustees desires to construct, equip, maintain and operate upon sites within the campus of said University an additional dormitory; and whereas, said Board of Trustees desires to borrow money for such purposes in the sum of \$2,000,000.00 and to issue negotiable or registered bonds evidencing such indebtedness, and to secure the same by a pledge of the revenues derived from the operation of all dormitories under the control of said Board of Trustees, including the dormitory to be constructed and equipped from the proceeds of this issue of bonds, after deducting the reasonable expense of maintenance and operation of said dormitories, including interest payments on this issue, until all the principal and interest of such bonds shall have been paid. The net revenues from the proposed dormitory and dining hall and from present dormitories and dining halls shall be irrevocably pledged to the payment of this issue of bonds, in accordance with the schedule of maturities, except for prior liens on such revenues as follows: General Revenue Fund loan balance of \$307,500.00 on June 30, 1953. The names of present dormitories and dining halls follow: Baker Hall, Residence Halls for Women, Neil Hall, Stadium dormitories, River Road dormitories.

NOW THEREFORE BE IT RESOLVED by the Board of Trustees of The Ohio State University:

**SECTION 1:** That in order to obtain funds for the purpose of constructing and equipping a new dormitory building, the Board of Trustees of The Ohio State University shall issue, pursuant of the provisions of said Section 4863-6 of the General Code of Ohio (Section 3345.07 of the Revised Code), its negotiable or registered bonds in the sum of \$2,000,000.00; said bonds to be designated as The Ohio State University Dormitory Revenue Bonds; said bonds to be dated October 1, 1953, to be of the denomination of \$5,000.00 each and numbered from 1 to 400 both inclusive; said bonds to mature in their consecutive serial order as follows:

Together with interest thereon at the rate of  $3\frac{1}{4}$  per cent per annum payable semi-annually on the first day of April and the first day of October in each year commencing April 1, 1954. Both the principal and interest on said bonds shall be payable in lawful money of the United States of America at the office of the Treasurer of State of Ohio, upon presentation and surrender of said bonds and coupons as they respectively mature. Said bonds shall be callable, prior to maturity, in inverse order of their maturity (bonds of the same maturity to be chosen by lot) in whole or in part on any interest payment date on and after October 1, 1954, upon 30 days notice prior thereto published in a newspaper of general circulation in the City of Columbus, Ohio, and written notice to the Treasurer of the State of Ohio, at price of \$103.25.

**SECTION 2:** Said bonds shall be in substantially the following form:

UNITED STATES OF AMERICA  
State of Ohio

Number ..... \$5,000.00

The Ohio State University  
Columbus, Ohio

$3\frac{1}{4}$  % Serial

Dormitory Revenue Bonds

Dated October 1, 1953

KNOW ALL MEN BY THESE PRESENTS, that the Board of Trustees of The Ohio State University, Columbus, Ohio, hereby acknowledge itself to owe, and for value received, promises to pay to the bearer, but only from the revenues mentioned below, the sum of \$5,000.00 on the first day of ..... together with interest thereon from the date hereof at the rate of Three and one-quarter per cent ( $3\frac{1}{4}$  %) per annum, payable semi-annually on the first day of April and the first day of October each year, beginning April 1, 1954, until the principal sum is paid. Both the principal and interest thereon are payable in lawful money of the United States of America at the Office of the Treasurer of the State of Ohio, upon the presentation and surrender of this bond.

All payments in this bond, both principal and interest, shall be made without deduction for any tax, or any charge in the nature thereof, which the obligor may be required to pay, or to retain therefrom by any present or future laws of the United States of America or any of the States thereof.

This bond is one of an issue of 400 serial bonds of like tenor and effect, except as to maturity, numbered from one (1) to four hundred (400), both inclusive, each of said bonds being of the denomination of \$5,000.00, aggregating in amount 2 million Dollars (\$2,000,000.00), all of which bonds are of even date herewith and are issued under authority of Section 4863-6 of the General Code of Ohio (Section 3345.07 of the Revised Code), and pursuant to a resolution duly

adopted by said Board of Trustees on the 8th day of September, 1953, authorizing an issue of dormitory revenue bonds in the aggregate principal amount of \$2,000,000.00 for the purpose of constructing, equipping, maintaining and operating a new dormitory building. All payments of principal and interest on this bond shall be made only out of the gross revenues of all the dormitories under the control of said Board of Trustees.

This bond and the issue of which it is a part are callable prior to maturity, in inverse order of their maturity (bonds of the same maturity to be chosen by lot) in whole or in part, on any interest payment date on and after October 1, 1954, upon 30 days notice prior thereto published in a newspaper of general circulation in the City of Columbus, Ohio, and written notice to the Treasurer of State, at a price of \$103.25.

This bond shall be registered as to principal in accordance with the provisions on the back thereof. The bearer of any bond shall upon his request be provided, by the Board of Trustees, with \$5,000.00 coupon bonds of the same principal amount, and the cost of such exchange shall be paid from said gross revenues.

IT IS HEREBY CERTIFIED AND RECITED that all acts, conditions and things required by law to be done precedent to and in the issuance of this bond, have been done, have happened and have been performed in regular and due form as required by law, and that in the issuance of this bond the Board of Trustees of The Ohio State University has not violated any part of the Constitution or Statutes of the State of Ohio, or any by-law of said Board of Trustees, and has not exceeded any limitation or authority conferred by the laws of the State of Ohio.

IN WITNESS WHEREOF, the Board of Trustees of The Ohio State University has caused its name to be hereunto subscribed and its seal to be hereunto affixed by the Chairman of said Board of Trustees, and by the Secretary of said Board of Trustees, all hereunto duly authorized by its Board of Trustees, as of the 8th day of September, 1953.

THE BOARD OF TRUSTEES  
OF THE OHIO STATE UNIVERSITY

By: .....  
Chairman

And: .....  
Secretary

(Back of Bond)

Upon demand of any owner or holder of this bond, the same may be registered as to principal and thereafter no transfer thereof shall be valid unless entered in the register of the Secretary of the Board of Trustees of The Ohio State University, but this bond may be discharged from registration by being in like manner transferred to bearer and thereupon transferability by delivery shall be restored. Such registry shall be noted on the bond by the Secretary of said Board of Trustees.

REGISTRATION

NOTICE—Nothing can be written on this bond except by the Secretary of the Board of Trustees of The Ohio State University without impairing its negotiability.

**SECTION 3:** BE IT FURTHER RESOLVED that the interest on this issue of bonds, together with that on any other issue outstanding or that may hereafter be issued for dormitory purposes, shall be payable out of the gross revenues from all of the dormitories and dining halls under the control of the Board of Trustees of The Ohio State University, and shall be considered to be an operating expense, deductible before determining the amount of the net earnings, and that such gross revenues for the purpose of this section and other sections of this resolution shall be held to include all revenues of said dormitories from whatever source derived, and the earnings from the operation of all dining halls under the control of said Board of Trustees. On or before April 1, 1954, and on or before each October 1 and April 1 thereafter, so long as any of the bonds of this issue are outstanding, an amount equal to the next succeeding interest payment shall be deposited in "The Ohio State University Dormitory Revenue Bond Issue, of October 1, 1953, Interest and Sinking Fund Account" created in Section 4 hereof. The principal sum of this issue shall be payable from the net earnings from all of said dormitories, and from all dining halls under the control of said Board of Trustees, after deduction of the reasonable expenses of administration and operation, including interest payments, and such expense for maintenance of said dormitories as may be necessary to preserve the same in good repair.

**SECTION 4:** BE IT FURTHER RESOLVED that in order to provide for the payment of the principal of the bonds as they respectively mature, in addition to the provisions for interest hereinabove set forth, the Board of Trustees of The Ohio State University hereby covenants and agrees to deposit with the Treasurer of the State of Ohio in a fund to be known as "The Ohio State University Dormitory Revenue Bond Issue, of October 1, 1953, Interest and Sinking Fund Account" on or before the first day of April, 1954, and on or before each October 1 and April 1 thereafter, out of the net earnings of said dormitories and dining halls, a sum equal to the next succeeding principal maturity requirement as set forth in the schedule of bond maturities contained in Section 1 hereof. Out of the funds on deposit in said "The Ohio State University Dormitory Revenue Bond Issue, of October 1, 1953, Interest and Sinking Fund Account," there shall be paid, when due, the interest upon this issue of bonds, also the principal of said bonds as the same become due and payable. All sums deposited in said account, for the purpose of paying the principal and interest upon the bonds herein authorized, shall be kept in a separate account, distinct from all other funds or accounts of the said University, and

any money in said fund shall be used only for the payment of principal and interest upon said bonds, and is hereby irrevocably pledged and appropriated for said purpose or purposes.

**SECTION 5:** BE IT FURTHER RESOLVED, and it is hereby covenanted and agreed by the Board of Trustees of The Ohio State University with the holder or holders of the bonds herein authorized to be issued, that it will perform all of the duties with reference to the dormitories herein named as required by the laws of Ohio and by the terms and conditions of this resolution, and said Board of Trustees further covenants and agrees to maintain in good condition and to operate said dormitories and dining halls, and to charge for facilities furnished therein, at such rates and prices that the income and revenues derived from said dormitories and dining halls will be sufficient at all times to meet the requirements of this issue of bonds.

**SECTION 6:** BE IT FURTHER RESOLVED, that while any of the bonds herein authorized are outstanding, the Board of Trustees of The Ohio State University shall not issue any additional bonds or other evidence of indebtedness payable from the revenues of said dormitories and dining halls, unless the lien on the revenues of such dormitories and dining halls, securing the principal of such additional bonds or other evidence of indebtedness, is made junior and subordinate in all respects to the lien securing the bonds herein authorized.

**SECTION 7:** BE IT FURTHER RESOLVED that so long as any of said bonds are outstanding, the Board of Trustees of The Ohio State University shall:

(A) Maintain insurance on all dormitories and dining halls for the benefit of the holders of the bonds herein authorized of a kind and in an amount satisfactory to the bondholders, and to pay the cost of such insurance from the gross revenues of said dormitories and dining halls. Said insurance shall include fire, tornado, and use and occupancy insurance in sufficient amount to provide, in case of loss, for the payment of the principal and interest on the bonds outstanding. Any and all proceeds from such insurance shall be used by the Board of Trustees only for the repair or rebuilding of said dormitories or dining halls, or for the prepayment of the outstanding bonds in the order of their priority as issued.

(B) Keep proper books of records and accounts, separate from all other records and accounts, in which complete entries shall be made of all transactions relating to said dormitories and dining halls. The University will furnish to the original purchaser of said bonds, and to any holder or holders of said bonds upon written request, not more than sixty (60) days after the close of each fiscal year on June 30th, complete financial statements of said dormitories and dining halls, covering such fiscal year. Such statements shall be certified by a certified public accountant or by the Bureau of Inspection and Supervision of Public Offices and all expenses incurred in connection therewith shall be paid as an expense item from gross revenues.

(C) Grant to any holder or holders of 25 per cent of the outstanding bonds herein authorized, the right at all reasonable times to inspect the said dormitories and all records and to audit accounts and data of said University relating thereto.

**SECTION 8:** BE IT FURTHER RESOLVED that the proceeds

received from the sale of the bonds herein authorized shall be placed in a special fund, separate and apart from all other funds of the University and shall be used only for the purpose of constructing, equipping, maintaining, and operating, upon sites within the campus of said University, new dormitory buildings, to be used as dormitories for students, members of the faculty, and servants of said University.

**SECTION 9:** BE IT FURTHER RESOLVED that when said bonds shall have been executed in the manner herein provided, they shall be delivered to the Secretary of the Board of Trustees of said University, who is authorized to offer said bonds to the Public Employees Retirement System, The State Teachers Retirement System, and The Public School Employees Retirement System and so many of said bonds as shall be purchased by each shall be delivered to them, upon receipt of the purchase price, plus the accrued interest to date of delivery, as may be evidenced by the purchase resolution or resolutions of the respective systems as set forth in the official minutes of the aforementioned retirement systems. Any of said bonds which shall not be taken by said retirement systems of the State of Ohio may be sold by said Secretary of the Board of Trustees as provided by law.

Upon motion of Mr. Ketner, seconded by Senator Bricker, the foregoing resolution was unanimously adopted.

Vice President Stradley presented to the Board a report covering the activities of the W. K. Kellogg Foundation, in the field of Graduate and Post-graduate Dental Education at the Ohio State University College of Dentistry as prepared by Harlan H. Horner, Consultant.

The report is concluded by the following "General Observations":

The College of Dentistry of The Ohio State University seems destined by its environment, its present accomplishments and its progressive administration to develop a strong and enduring program of postgraduate and graduate dental education. The college is situated on the campus of a great state university in close proximity to the college of medicine and the university hospital system and enjoys the hearty cooperation of all the health agencies of the university. The program of undergraduate, postgraduate and graduate teaching with the corollary divisions of dental hygiene and dental laboratory technology comprehends the entire range of dental education on a broader base than that of any other dental school in America and might readily add a division for the training of dental assistants. A splendid new dental building with modern equipment throughout affords opportunity for teaching and research on all levels. A wise and diplomatic administration of all activities of the college commands the respect and cordial support of the dental profession of the State of Ohio and gradually extends its influence beyond the borders of the State. Moreover, the entire program is recognized and supported by the university on a level with all other teaching units. The courses on the postgraduate and graduate levels and the course in dental laboratory technology, instituted through the aid of the Foundation, have already justified their establishment and give definite promise for the future. At no other dental school have the funds of the Foundation been more wisely and effectively employed. Much may be confidently expected in the future from the beginnings which have been made.

Upon motion of General Dargusch, seconded by Senator Huffman, the Board by unanimous vote requested the President to congratulate Dean Postle and the members of his staff on the excellent work which the report shows has been accomplished.

\* \* \* \* \*

Senator Bricker moved that President Bevis and Vice Presidents Stradley and Taylor be commended for the excellent reports submitted by each of them to this meeting.

The motion was seconded by Mr. Ketner and adopted by unanimous vote.

\* \* \* \* \*

General Dargusch now presented to the Board a copy of the final report of the Board of Trustees Committee on Athletics.

\* \* \* \* \*

The Board now adjourned to meet at 10 A. M. on October 19th at the Agricultural Experiment Station, Wooster, Ohio.

President Bevis presented the following miscellaneous recommendations:

That Nell Gainer, Stenographer-Assistant Secretary, College of Commerce and Administration, Administration, be retired effective November 30, 1953 and be paid \$120 a year from Fund 9001 to comply with provisions for supplementary payments to staff members who participate in the University Retirement Plan. No supplemental payment from Interest on Endowment 4002 is required because her retirement allowance exceeds the University guarantee.

That Otto C. Croy, Assistant Director in Charge of Programs, Agricultural Extension Service, be granted a leave of absence without salary for the months of October and November 1953, in order to accept an assignment, at the request of the government of Venezuela, to make a study of the possibilities and recommendations for the establishment of Extension work in that country.

That leaves of absence for the following members of the Agricultural Extension staff be approved:

Edwin L. Kirby, Assistant State Leader, with salary for the period October 1, 1953 to January 31, 1954 for graduate study at Cornell University;

Helen Strow, Assistant State Home Demonstration Leader, with salary, for the period September 16, 1953 to January 31, 1954 for graduate study at Teachers' College, Columbia University;

Lowell E. Moore, County Agricultural Agent, Highland County, with salary, for the period September 16, 1953 to December 31, 1953 for graduate study at Iowa State College;

John E. Moore, County Agricultural Agent, Madison County, with salary, for the period October 1, 1953 to December 31, 1953 for graduate study at the Ohio State University;

Olive W. Parrish, Home Demonstration Agent, Hamilton County, with salary, for the period September 16, 1953 to January 31, 1954 for graduate study at the University of Cincinnati;

Lois Deneke, Home Demonstration Agent, Harrison County, without salary, for the period September 16, 1953 to January 31, 1954 for graduate study at Cornell University.

That the proposal of the Borden Company Foundation, Incorporated, to grant to the Ohio State University five additional annual Borden Home Economics Scholarship Awards, under the same provisions as set forth in the original letter-agreement dated August 28,

1944, and to be effective upon the expiration of the renewal agreement dated January 21, 1948, be accepted and the appreciation of the Board of Trustees be appropriately expressed.

The President presented the following statement:

While working on a project of contract research in the University Laboratories, Floyd T. Neth invented certain new and useful improvements relating to "Production of Hydrazine" and on August 4, 1953 filed application for Letters Patent, Serial No. 220,380.

In the original contract under which the research was being carried on, any patent rights which might accrue to the University were conveyed in advance to the Ohio State University Research Foundation. This agreement was approved by the Board of Control as provided by law.

Through error and inadvertence the inventor, Floyd T. Neth, assigned his rights, title and interest in and to the said invention and patent rights arising therefrom to the Board of Trustees of the Ohio State University instead of the Ohio State University Research Foundation, as it was his intention to do. In order that his rights may be transferred and assigned to the Ohio State University Research Foundation, it is desired that the Board of Trustees release and quitclaim their rights to the said inventor. A form of release has been prepared by counsel and it is my recommendation that the Board by its Secretary authorize the execution of this release and quitclaim.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

- \$7,000 from the Rockefeller Foundation, New York City, to be credited to Rotary 11682,
- \$6,500 from the Research Corporation, New York City, for research under the direction of Dr. John G. Daunt, Rotary 11659,
- \$4,969 from the American Cancer Society, New York City, to be credited to Rotary 11013,
- \$3,300 from the E. I. duPont deNemours and Company for a fellowship in Metallurgy, Rotary 11193,
- \$2,700 from the E. I. duPont deNemours and Company for a fellowship in Chemical Engineering, Rotary 11191,
- \$3,000 from Smith Kline and French Foundation, to be credited to Rotary 11718,
- \$2,300 from the Allied Chemical and Dye Corporation for a fellowship in Chemistry, Rotary 11009,
- \$1,800 from the Ethyl Corporation for a fellowship in Chemical Engineering, Rotary 11242,
- \$1,800 from the American Cyanamid Company for a fellowship in Chemical Engineering, Rotary 11018,
- \$1,312.50 from the American Heart Association, Incorporated, to be credited to Rotary 11019,
- \$642 from the Quaker Oats Company for the Quaker Oats Company Fellowship, Rotary 11657,
- \$250 from the Lubrizol Corporation for a scholarship,
- \$10 from Dr. S. E. Hershey, Charleston, West Virginia, for the Veterinary Alumni Memorial Library.

*From the Development Fund*

\$2,500 to be credited to Parke Davis Company Rotary 11594,  
 \$74.02 for the James Ewing Beavis Fund for Leukemia Research.

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Procter and Gamble Company, Cincinnati, Ohio—Investigation of Pathogenesis of Dental Caries (to be known as the Procter and Gamble Research Project No. 323—Extension No. 61—Dentistry). Gross value, \$25,260.00.

The Velsicol Corporation, Chicago, Illinois—Investigation of Insecticidal and Fungicidal Properties of Chemical Compounds (to be known as the Velsicol Corporation Research Project No. 329—Mod. No. 8—Zoology and Entomology. Gross value, \$7,290.00.

Department of the Navy, Office of Naval Research, Washington, D. C.—Investigation of Studies in Polynitro Aliphatic Synthesis (to be known as the Department of the Navy, Office of Naval Research, Research Project No. 396—Amendment No. 8—Chemistry). Gross value, \$19,470.00.

Air Research and Development Command, Baltimore, Maryland—Investigation of Research Planning and Guidance Program (to be known as the Air Research and Development Command Research Project No. 408—C. O. No. 7—Psychology). Gross value, \$373.78.

The Upjohn Company, Kalamazoo, Michigan—Investigation of Synthesis of Cortical Hormones (to be known as the Upjohn Company Research Project No. 428—Supplement No. 5—Chemistry). Gross value, \$6,000.00.

Bristol Laboratories, Syracuse, New York—Investigation of Synthesis of Anticoagulant Compounds (to be known as the Bristol Laboratories Research Project No. 432—Supplement No. 3—Chemistry. Gross value, \$2,800.00.

Public Health Service, National Institute of Health, Bethesda, Maryland—Investigation of Studies on Isolated Chromosomes (to be known as the Public Health Service, National Institute of Health Research Project No. 435—Extension No. 3—Electrical Engineering). Gross value, \$2,625.00.

Headquarters, Air Research and Development Command, Baltimore, Maryland—Investigation of Structure of Crystals of Nitro Organic Compounds (to be known as the Air Research and Development Command Research Project No. 503—Supplement No. 3). Gross value, \$25,144.50.

Department of the Navy, Office of Naval Research, Washington, D. C.—Investigation of Effect of Chromatic Adaptation upon Normal Color Vision (to be known as the Department of the Navy, Office of Naval Research, Research Project No. 537—Amendment No. 1—Optometry). Gross value, \$1,102.00.

Commanding General, Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Vibration Fatigue Studies (to be known as the

Wright Air Development Center Research Project No. 538—Supplement No. 1—Mechanical Engineering). Gross value, \$35,000.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Infrared Detectors (to be known as the Wright Air Development Center Research Project No. 544—Supplement No. 1—Physics). Gross value, \$13,000.00.

Federal Security Agency, Public Health Service, National Institutes of Health, Bethesda, Maryland—Investigation of Acetal Lipids in Normal and Neoplastic Cells (to be known as the Federal Security Agency, National Institutes of Health Research Project No. 550—Supplement No. 1—Anatomy). Gross value, \$4,000.00.

J. T. Combs, 235 S. W. 8th Street, Dania, Florida—Investigation of Research of Properties on Expanded African Mica (to be known as the J. T. Combs Research Project No. 577—Veterinary Medicine). Gross value, \$3,180.00.

Farm Bureau Mutual Automobile Insurance Company, Columbus, Ohio—Investigation of Study of Consumer Preferences for Insurance (to be known as the Farm Bureau Mutual Automobile Insurance Company Research Project No. 578—Sociology). Gross value, \$5,000.00.

The above fourteen contracts for research in cooperation with Government and Industry represent a gross income of \$150,245.28.

Upon motion of Senator Huffman, seconded by Mr. Ketner, these recommendations of the President were approved by unanimous vote.

By unanimous agreement, President Bevis was requested to express to Mrs. Nell Gainer, who will retire on November 30, 1953 after completing thirty years of service, the sincere appreciation of the Board of Trustees for the excellent manner in which she has continually carried on her work as advisor and counsellor for the students in the College of Commerce and Administration, while also serving as Office Manager and Assistant Secretary of the College.

President Bevis presented the following recommendation concerning the Stone Professorship:

As the University has been coming of age in recent years, considerable attention has been given to the desirability of having a limited number of special professorships filled by men of great distinction in teaching and, particularly, research. Five years ago a plan was set forth which provided for the possible appointment of University Professors who would be budgeted in the Graduate School and who would be freed from virtually all teaching duties and whose time would thus be devoted almost entirely to research. One such appointment has been made. Professor Tibor Rado, a very distinguished mathematician, was relieved of his duties as chairman of the department and named as our first University Professor.

Since the appointment of Rado, there has been a wide search for a proper person in the social sciences or humanities who might also be named to such a position. Up to now, this search has been fruitless and it seems that the difficulties encountered are inherent in the plan.

The person appointed should be in the early prime of his productive period and there should be almost certainty that he will continue to develop and produce in the years ahead. He is to be given what amounts to life tenure in a position without assigned duties other than to engage in research and participate in teaching at his discretion. The University is committing itself to a total investment of from \$200,000 to \$300,000 in the person thus chosen. Naturally, recommending and appointing officers are extremely cautious in selecting such a person.

Another difficulty is that the University cannot afford many professorships of this type. This means that very few areas of research can hope to profit directly from the plan. There is considerable feeling that it is unwise to make such heavy commitments in single areas, leaving others which may be equally important without assistance of this kind. There is also the known fact that areas may change very quickly in their relative importance in research, teaching and the needs of society.

It is our considered judgment that the future development of the University will be served best by shifting the emphasis from single professorships with life appointments to a number of rotating professorships for persons of great distinction who may be appointed for limited periods, usually a single year. By this means the needs of the time could be carefully appraised and an area needing development or stimulation might have an excellent opportunity to profit from the presence of a truly great scholar. With rotating professorships of this kind the opportunity might be quite real and near, rather than being a remote possibility for all but three or four chosen departments. It is our firm conviction that this approach is far more profitable in the long run and that this is the direction in which we should move.

In 1947 the Board of Trustees, upon recommendation of the President, established the "Julius F. Stone Research Professorship in Physics, with special reference to nuclear physics, the fundamental relationships between matter and energy; and the biological and medical applications of radiations." For a variety of reasons this position has never been filled. One is that the field is rather narrowly limited and the total number of persons having the proper interests and qualifications is quite small. For these few persons there is intense competition, often from government agencies or university research centers having much to offer in fantastically expensive physical equipment. Another reason is that, quite understandably, the University has wanted to be dead sure about the quality of any man selected to carry the title of Stone Professor for the next twenty to thirty years.

It is our opinion that it would be wise and fitting to change the original specifications for the Julius F. Stone Research Professorship and make it perhaps the first of a number of similar professorships named in honor of great builders of the University. The professorship would be a rotating one and would carry no restrictions other than that its use be determined by opportunities as they develop at any time in any field.

It is our strong feeling that a professorship of this kind would be in full accord with the life and guiding motives of Julius F. Stone. He was a man of wide interests and, above all, he was always looking forward to new situations, changing needs and fresh opportunities.

A Stone Professorship cast in this mold would provide the University with a living and growing means typifying the man in whose honor and memory it is established.

WHEREAS, It appears that the development of this University and its attainment of the highest goals of quality and productivity in research, teaching and service will be greatly advanced by the establishment of certain professorships named in honor of great builders of the University and used on a rotating basis to meet changing needs as they may occur from year to year in any area; and

WHEREAS, Julius F. Stone was a man of wide interests and, above all, one who always looked to the future with its new situations and fresh opportunities to learn and understand in any field;

THEREFORE, It is recommended that the Julius F. Stone Professorship be re-defined and designated as the first professorship to be used upon the recommendation of the President, for the appointment upon an annual basis of distinguished persons who, in view of the needs and opportunities of the day, may best contribute to the growth and development of the Ohio State University.

Upon motion of General Dargusch, seconded by Senator Huffman, the Board by unanimous vote approved the above plan and recommendation.

\* \* \* \* \*

President Bevis presented the following recommendation concerning Research Grants:

Until this year the Research Foundation served as the recipient and temporary custodian of payments made to reimburse the University for overhead costs arising from contract research. From these funds the Foundation has made repeated annual transfers of money to be used upon the recommendation of the President as grants-in-aid for research. For the present academic year the amount made available by this means is \$175,000 and, since the inception of the plan, the total thus used has been \$672,000.

In the past several years the opportunities provided in this way have constituted a relatively small but still very important part of the University's total investment in research. They have come to be regarded as clear evidence of a keen and continuing interest in research and the method of open competition for grants has done much to encourage able scholars who might find it difficult to get assistance from contract sponsors or other sources. At the present time \$15,000 is being used to finance a one-year experiment with assigned research duty. This experiment has attracted much attention and is generally regarded as a very promising and important beginning. All in all, much has been accomplished through this special fund for the advancement of research and it is highly important that it be continued.

Recent actions by the Directors of the Foundation and the Trustees of the University call for the immediate and unrestricted return of payments of overhead costs to the University. Thus it will no longer be possible for the Foundation to make an annual transfer to be used for the designated purpose of aiding research. The University must now decide whether to continue the present program by committing in advance sufficient funds from the total resources which will be available to it in the 1954-1955 budget year. An early decision is necessary so that suitable announcements may be made and applications for grants may be prepared and submitted to the President.

It is recommended, therefore, that the Board of Trustees declare its intent to appropriate for the budget year 1954-1955 \$175,000 to be distributed upon a basis determined by the President for research fellowships, assistants, grants-in-aid and allied supports for research, new or continuing.

Upon motion of General Dargusch, seconded by Senator Huffman, the Board approved the above recommendation by unanimous vote.

Vice President Stradley presented the following statement concerning enrollment:

Enrollment at The Ohio State University for the Autumn Quarter 1953 is approximately 19,300. This is about 600 more than were enrolled one year ago. Largest increases are in the Colleges of Engineering, Education and Commerce; other Colleges have enrollments approximately equal to last year. The increased enrollment is explained primarily by the fact that approximately 500 more freshmen were admitted this year than were admitted last year. Encouraging also is the fact that we continue to attract large numbers of the more able students as evidenced by the fact that almost exactly one-half of our entering freshmen come from the upper one-third of their respective high school classes.

It is, of course, difficult to estimate future enrollments. One factor influencing the enrollment in state supported schools has been the increased number of those eligible who have entered the freshman class. If this trend continues, estimates of future enrollments previously made will undoubtedly prove to be conservative. It would seem safe to assume that our enrollment next fall will go above 20,000 and increase gradually for several years.

With reference to the enrollment of veterans under the sponsorship of the Veterans Administration, Dr. Stradley stated that as of October 16, 1953, 1,795 veterans have presented at the Veterans Center eligibility papers for training under the sponsorship of the Veterans Administration. Of these, 700 are enrolled under the Servicemen's Readjustment Act of 1944, 70 under the Veterans Vocational Rehabilitation, and 1,025 under the Veterans Readjustment Assistance Act of 1952 (Korean G.I. Bill). Undoubtedly, during the quarter many additional veterans will present eligibility certificates for educational benefits under the Korean G.I. Bill.

The enrollment of veterans under the sponsorship of the Veterans Administration at The Ohio State University during the past four quarters is as follows:

<i>Quarter</i>	<i>P.L. 346</i>	<i>P.L. 550</i>	<i>P.L. 16 &amp; 894</i>	<i>Total</i>
Autumn 1952 .....	1,452	352	79	1,883
Winter 1953 .....	1,149	541	72	1,762
Spring 1953 .....	967	635	75	1,677
Summer 1953 .....	747	302	32	1,081

President Bevis presented the following statement and recommendation:

In accordance with the discussion and conclusion reached at the September 8, 1953 meeting of the Board of Trustees, the following recommendations are made:

(1) That Jacob B. Taylor, Vice President and Business Manager, be made Treasurer of the University, effective at once.

(2) That a Finance and Investment Committee of the Board of Trustees, consisting of four members, be appointed to (a) advise the University Administration and particularly the Treasurer, on financial and investment matters, and (b) to formulate a basis of policy in financial and investment matters, such policy to be approved by the full membership of the Board at a later meeting.

(3) That an advisory committee on investments consisting of Mr. J. E. Stevenson, President of the Huntington National Bank, Mr. Leland Stoner, President of the Ohio National Bank and Mr. John McCoy, President of the City National Bank and Trust Company be appointed to give professional advice to the Finance and Investment Committee of the Board and to the University Treasurer on investment matters. Such service as is rendered by the individuals named to the proposed advisory committee should be compensated for on a professional basis.

Discussing the first two of these items, the following additional information is given:

*(1) Appointment of Jacob B. Taylor as Treasurer of the University.*

A. With the tremendous growth in size of the University, particularly in the post-war period, and with the possibilities ahead, it is obvious that considerably more attention will have to be spent on the purely financial aspects of the University. The general appropriations of the University have gone from \$10,000,000 in 1941-42 to \$33,400,000 for 1953-55. The Development Fund, the Research Foundation, the numerous gifts from foundations and the grants from governmental agencies have all added to the financial complexity of the University. With the Mershon bequest of stock, the Monnett bequest of real estate, the Smith estate, and with other bequests in sight, it is obvious that, in the years which lie ahead, much more emphasis will have to be placed upon the basic financial aspects of the University's activities than has been the custom in the past. This would require a separation of certain phases of the financial operations from the routine business operations which also are important and must be handled expeditiously.

B. Mr. Taylor as Vice President and Business Manager of the University is, by virtue of his office, Treasurer of the Research Foundation, Treasurer of the Student Loan Foundation, Treasurer of the Development Fund, is in every sense the chief financial officer of the University, and, in fact, has been the Treasurer of the University. The recommendation, therefore, is made that he, at this juncture, be made Treasurer of the University in name, also. Further, that as time will permit and the possibilities arise, there be developed an increasing emphasis upon the purely financial aspects of the work of the office of the Vice President and Business Manager (i.e., the Treasurer's work) and that there be created a Treasurer's Division under his guidance. The suggestion made herein would call for no radical change in organization at the present time. It would simply suggest that the Board avoid making a complimentary appointment as Treasurer and give some meaning to the newer development of the University's financial life by assigning the title Treasurer to the Vice President and Business Manager.

C. In the longer range development of the Business Office, it

would seem indicated that the title Business Manager *at some later date* be assigned to some other individual who would then work under the Vice President and Treasurer (as the new title would be eventually). The decision as to the person who should hold the title of Business Manager and what his precise duties should be, can be held for later development. All that needs to be done at the moment is to recognize in principle, the possibilities of real and significant financial management of the University by giving virility to the title "Treasurer" and allocating it to the chief financial officer of the University.

D. It is not unlikely that the immediate future will provide for some leveling off of legislative appropriations. At any rate, the speed with which the increases have come will certainly be diminished. Conversely, there is every likelihood, in the years which lie ahead, that there will be a sharp increase in gifts and bequests of every kind and the University must be geared to this new eventuality.

E. If, in addition to the \$33,400,000.00 appropriation for maintenance and operation, there is added an equal amount coming from rotary, gifts, foundation and contract sources, it can be readily seen how complex the financial management of the University has become. The Board of Trustees has just approved the borrowing of \$2,000,000.00 for the financing of the construction of the new women's dormitories. The men's dormitories need further extension. The expansion of the dormitory system will require increased time and attention to financial management in the whole dormitory system. It is not impossible that a continuation center can be built and funded, at least in part, out of Development Fund gifts. Some thought is being given to borrowing money for the building of the Field House, which means that close attention will have to be given to the financing of our athletic program. Contract Research, financially, has assumed tremendous importance to the University and this area with the possible extension of facilities for research insistently demand attention from the financial side.

(2) *Function of Finance and Investment Committee of the Board of Trustees.*

From time to time it will be necessary for the Finance and Investment Committee to pass on the following matters:

(a) To make the determination of whether to place investment funds in the irreducible debt or in investment securities. If in the latter, in what kind and in what amount.

(b) To consider changes in investments already made.

(c) To weigh the desirability of reinvestment of income from investments in certain cases where the Board is given this latitude and where it may seem advantageous, desirable and prudent.

(d) To counsel with the Board of Directors of the Development Fund on the policy to be followed in the raising of endowment funds or long range investment funds.

(e) To provide the basic policy for and assist in the formulation of a printed statement of suggestions to attorneys who prepare, or are likely to prepare, wills in which the University is named beneficiary.

(f) To give long-range consideration to the direction of the University's investment policy as well as to make current decisions as to implementation of such policy.

(g) To pass on recommendations for short-term investment of rotary and other funds (such as dormitory, Athletics, Research Foundation, and Development Fund, etc.).

In all these cases, professional advice will be sought from the Advisory Committee on Investments.

In the event that the Finance and Investment Committee authorizes the Treasurer to invest or re-invest funds of the University, whether principal or income, ratification of the action taken will be sought from the Board of Trustees at the next regular meeting following the action taken.

Minutes will be kept of the meetings of the Finance and Investment Committee with reasons set forth for each action taken. The Treasurer of the University will act as Secretary of this Finance and Investment Committee.

Upon motion of Senator Huffman, seconded by General Dargusch, the above policy for the financial management of the University and the recommendations of the President contained therein were approved by unanimous vote of the Board.

\* \* \* \* \*

The Vice President and Business Manager now presented the following statement and recommendations relative to the need of additional dormitories for men and women.

After the discussion on registrations by Vice President Stradley, Vice President and Business Manager Taylor added comment on the probable sharp growth in registration during the ten years with emphasis on the need for additional dormitories. The Vice President and Business Manager referred to the section of the President's report of 1946, presented to the Board at the Gibraltar meeting of that year, pointing out the necessity of providing, as a minimum, a total of 7,000 dormitory spaces for men and women. (This assumed a level student body size of 20,000.) For the larger registrations inevitable within the next decade, the number of dormitory spaces needed will be proportionately larger. The success in attracting students to the School of Nursing has accentuated the problem of housing women.

The Vice President and Business Manager also presented again to the Board the 1950 plan and study by the University Architect's office designed to show how the 1946 recommendations could be implemented and augmented. He also submitted the 1951 sketches of dormitory additions in the Mack, Canfield, Baker areas from which the plans for the 1953 additions to the women's dormitories were originated.

As a new exhibit to the Board, there was presented the sketch by Mr. Paul Morrill of the University Architect's office, dated August 3, 1953, indicating the proposed additions to Baker Hall, which the University Architect's office has begun to plan as the next and most immediate step in the dormitory construction program.

After an extended discussion of the need for dormitories and the planning and construction which has taken place thus far, the Vice President and Business Manager recommended that the appropriate University officers be directed to:

(1) Actively plan the addition to Baker Hall, as generally outlined in the sketch presented, so that the number of spaces for men can be augmented as soon as possible. The size of this addition will be influenced, in part, by the ability of the University Architect's

office to introduce cost-saving features into the construction. This addition should be constructed as soon as possible and it should become the top priority of the University Architect's office.

(2) Actively plan the extension of the new women's dormitories to the South, so that additional spaces for women can be provided.

(3) Discuss with Dean Doan (assuming that permission of the State Controlling Board can be secured) the proposed use of the current appropriation of \$500,000 made in House Bill 816 to the College of Medicine for a classroom building for the construction of the first section of a classroom-nurses dormitory building for the School of Nursing. This addition would relieve the Women's dormitory system of the necessity of housing several hundred nurses. It would also provide additional educational space for the College of Medicine or housing for residents and interns in that space now occupied by the School of Nursing in the "B" Wing of Starling-Loving.

(4) Present to the Investment Committee of the Board of Trustees the financial plan under which these dormitory additions are to be constructed.

(5) Because of the urgency of this matter of housing University students, present a progress report to the November meeting of the Board.

Upon motion of General Dargusch, seconded by Mr. Black,, the above recommendations were approved by unanimous vote.

Upon motion of Senator Huffman, seconded by Mr. Black, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager recommended the following transfers:

- \$ 4,800.00—from Rotary 12001 (Dormitory Funds) to F-1-f Painting River Road Housing, H. B. 10, to provide funds for award of contract.
- \$ 3,280.00—from Rotary 12261 (General University Fund) to G-2-c Women's Dormitories Construction Account, H. B. 10, to provide funds for University Architect services for the months of October, November and December, 1953. This will be considered as a loan until the Dormitory Bonds are sold and final settlement is made.
- \$15,000.00—from Rotary 15952 Chemistry Department Shops—Liquid Air Account to Rotary 13130 Chemistry Department for research expenses in the Chemistry Department.
- \$ 2,000.00—from Rotary 12261 (General University Fund) to Rotary 12002 Addition and Betterments Account for services of Architect to complete plans and specifications for the Television Station.
- \$ 3,000.00—from Rotary 8204 (Baker Hall) to Rotary 12002 Addition and Betterments Account for architectural services on proposed extension of Men's Dormitories.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above recommended transfers were approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the following recommendation:

That the Board of Trustees authorize the withdrawal from the University Treasurer account the sum of \$10,000.00 to be deposited in the Huntington National Bank and to be used as a Working Fund. These funds will be added to the \$30,000.00 authorized by the Board on July 1, 1946 and September 4, 1951, for the payment of wages of an emergency nature and for other emergency purchases, all of which cannot be paid in a minimum of time by regular voucher procedure. Purchases will be made in accordance with the usual regulations and reimbursement of the Working Fund will be made by regular vouchers drawn against the proper funds.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the following statement and recommendation:

The College of Agriculture is desirous of obtaining additional acreage in the vicinity of Don Scott Field. At the present time, there are three tracts which seem to be available for purchase.

The Gabel tract of approximately 85 acres joins the east side of the airport. The Lane tract of approximately 22 acres lies between part of the Gabel tract and the east side of the airport. The Lane tract of approximately 58 acres lies on the south side of Case Road across from the southwest corner of the airport.

The approximate prices of these tracts is \$108,000.00. The State appropriation available for the purchase of land is \$17,500.00. It would take approximately \$100,000.00 additional to purchase all three tracts.

The land on the east side of the airport would be important if expansion of Don Scott Field were contemplated. In the meantime, it would be used by the College of Agriculture. The Lane tract across Case Road would be used for the contemplated swine feeding research and it is ideally located for such purpose.

It is, therefore, recommended that the Board of Trustees appropriate, from the general funds of the University, an amount not to exceed \$100,000.00, and authorize the Vice President and Business Manager to proceed to negotiate for the purchase of these tracts of land at the best possible price and report back to the Board of Trustees with recommendation to purchase.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the following statement and recommendation:

In order to provide an independent check of the estimate of cost of the Field House group, the University Cabinet recommends that an agreement be made for the part-time service of Thomas Fitzpatrick, Registered Engineer, who will work under the direction of the University Architect. The maximum cost of this service will be \$600.00 based on a rate of \$6.00 per hour. Payment for this service will be made from funds provided for architectural services by the Board of Trustees on July 6, 1953.

Upon motion of Mr. Black, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following statement and recommendation:

The State Retirement Systems request the Board to make the following corrections in the Board resolution of September 8, 1953 relative to Dormitory Revenue Bonds. These corrections were proposed by the Attorney General's office.

Page 129—Line 31—After the word "maturities," add "herein set forth."

Page 130—Lines 31 and 32—Delete the words "Office of the Treasurer of State of Ohio" and insert "Office of the Vice President and Business Manager of The Ohio State University."

Page 130—Line 39—After the amount \$103.25, add "for each \$100.00 of principal amount."

Page 130—Line 43—Add "Board of Trustees of."

Page 131—Lines 10 and 11—Omit words "Office of the Treasurer of State of Ohio" and insert "Office of the Vice President and Business Manager of The Ohio State University."

Page 131—Line 13—Delete word "in" and substitute "on."

Page 131—Lines 27 and 28—Delete words "constructing, equipping, maintaining, and operating" and insert words "constructing and equipping."

Page 131—Lines 28, 29 and 30—Delete “All payments of principal and interest on this bond shall be made only out of the gross revenues of all the dormitories under the control of said Board of Trustees,” and insert “Payments of principal and interest will be made out of the revenues of all the dormitories and dining halls under control of said Board of Trustees and any funds or property received or which may be hereafter received by them by gift, grant, legacy, devise or otherwise for such purpose.”

Page 131—Line 37—Add after the amount \$103.25 the words “for each \$100.00 of principal amount.”

Page 131—Line 38—Delete the word “shall” and substitute “may.”

Page 135—Lines 8 and 9—Delete words “constructing, equipping, maintaining and operating” and insert words “constructing and equipping.”

Upon motion of Senator Huffman, seconded by Mr. Black, the above corrections were approved by unanimous vote.

\* \* \* \* \*

On motion of General Dargusch, seconded by Mr. Black and unanimously approved, Carlton S. Dargusch, John W. Bricker, Forrest G. Ketner, and James W. Huffman were designated as the members of the Committee on Finance and Investment.

\* \* \* \* \*

General Dargusch presented the following resolution and moved its adoption by the Board:

WHEREAS the Board of Trustees at the meeting on April 20, 1953, agreed to accept the assets of Milher, Inc., Columbus, Ohio, upon dissolution and

WHEREAS the minutes for said meeting by inadvertence do not set forth such action,

NOW, THEREFORE, be it ordered that the minutes of the meeting of April 20, 1953 be corrected by the insertion of the following item:

Upon motion of General Dargusch, seconded by Senator Huffman, and approved by unanimous vote, the Board of Trustees agreed to accept the assets of Milher, Inc., Columbus, Ohio, upon its dissolution and to hold such property in perpetuity for medical research in industrial medicine.

“The Secretary is authorized to certify the action of the Board to such persons as it may concern.”

Senator Huffman seconded the above motion, and upon roll call the resolution was adopted by unanimous vote.

\* \* \* \* \*

General Dargusch called the Board's attention to the annual meeting of the Association of Governing Boards of State Universities and Allied Institutions, to be held in Florida November 30 to December 5, 1953. The meeting will convene at Gainesville and will be concluded at the University of Miami in Miami.

He expressed the hope that several members of the Board and also President Bevis and any one whom he may designate, will be able to attend the meeting.

General Dargusch then moved that the expenses of those attending the meeting be paid out of the Board of Trustees Emergency Fund.

Mr. Ketner seconded the motion which upon roll call was unanimously approved.

The President now reported to the Board the death of Professor Mervin A. Durea, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Mervin A. Durea, Professor of Psychology, on September 28, 1953, at the age of 61. Most of his professional career was at Ohio State where he received all his academic degrees—A.B. 1922, A.M. 1924 and Ph.D. 1928. Concurrently with his graduate study he held professional positions—clinician at the Bureau of Juvenile Research and Assistant in the Department of Psychology. After receiving his Ph.D. he spent a year in Washington as Executive Secretary of the Committee on Child Development of the National Research Council. This assignment included editing Child Development Abstracts, visiting research centers, selecting incumbents for scholarships and organizing a conference on research in child development at Toronto.

He returned to Ohio State in 1929 as Assistant Professor, became Associate Professor in 1942 and Professor in 1945. During the first nine years he was also Associate Junior Dean of the College of Education. Here his work was counseling with students, especially with those cases needing mental hygiene.

His major interest in both teaching and research was the field of personality and its deviations. This took him to various institutions for the delinquent and the handicapped in order to gather research data. While there he often gave them some professional service. These activities led to a creditable list of professional publications.

His classroom teaching was especially effective at the intermediate level where many students remember his vigorous lectures. With the influx of graduate students in psychology he carried his share of the supervision of research and theses. Throughout all this insofar as the pressure of other duties permitted he was available to students and others for personal counseling.

On behalf of the entire University the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed on the minutes of the Board.

10-19-'53

Thereupon, the Board adjourned to meet Monday, November 9, 1953, at 9:30 a. m. at the University.

Attest:

(Signed) CARL E. STEEB

That the following miscellaneous recommendations be approved:

That Franklin W. Marquis, Professor in the Department of Mechanical Engineering, who retired September 30, 1953 with the title Professor Emeritus, be paid effective October 1, 1953 \$264 a year from Interest on Endowment 4002 and \$204 a year from Fund 9001. This revises Professor Marquis' supplementary payments as approved in the 1953-1954 budget. Professor Marquis at the request of the government served from May 15, 1942 through September 30, 1945 on the staff of the Engineering, Science and Management War Training program in Washington at a personal financial sacrifice because of a patriotic desire to be of service to his country. The computation of his retirement benefits above gives Professor Marquis credit for the three years of government service and the twenty-two years of service to the University after he attained age forty-five.

That the salaries of staff members of the following departments in University Hospital be transferred from A-1 funds to Rotary 13727, effective November 1, 1953: Blood Bank, Medical Social Service and Housekeeping. In the 1953-1954 budget as approved in September these departments were transferred effective October 1 and this action is to revise the budget as approved.

That in accordance with the recommendation of the University Faculty Council degrees be awarded at the Autumn Convocation on December 18, 1953 to the following named students who have completed their requirements therefor:

That upon the recommendation of the Faculty Council at its meeting held on October 13, 1953 changes in the following rules be made:

- (1) That Faculty Rule 6 be amended to read as follows:

The Director of Libraries. The Director of Libraries shall be appointed by the Board of Trustees upon recommendation of the President and shall be directly responsible to him. For the University libraries under his jurisdiction, the Director of Libraries shall make recommendations to the President respecting appointments and salaries of library personnel and shall be responsible for library administration. Whenever called upon to do so by the President, he shall report to him upon the condition and progress of the University libraries. The Director of Libraries shall also have the responsibilities imposed upon him by Rule 30.

- (2) That Faculty Rule 30 be revised to read as follows:

The Library Council. The Library Council shall consist of the Director of Libraries as Chairman; four members of the University Faculty appointed by the President for four year terms, one to retire each year and to be ineligible for reappointment during one year thereafter; and *ex officio*, the Vice President in charge of faculty and the Dean of the

Graduate School. It shall meet upon call of the Director of Libraries, who shall preside at all its meetings. Its duty shall be to advise the Director of Libraries upon matters of general University policy respecting the libraries of the University.

- (3) That Faculty Rules 17, 65 (13), 65C, and 80C be re-worded to incorporate the change in title provided in the revised Rule 6.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

*From the Development Fund*

\$11,000.00 to establish a fund within the University's permanent endowment to be known as the Alex Laurie Fellowship Fund of Ohio Florists' Association:

*Alex Laurie Fellowship Fund of Ohio Florists' Association*

Established October 26, 1953 by a gift through the Development Fund from the Ohio Florists' Association in honor of Alex Laurie, to be deposited in accordance with Ohio Revised Code Section 3335-12, the income to be used to finance graduate research on florists' crops, which shall be directed by the staff of the Horticulture Department at The Ohio State University.

In the event the need for this type of research should cease to exist or so diminish as to create unused income, then the Board of Trustees of The Ohio State University shall use said income in its discretion, preference to be given to the general field of horticulture.

Upon motion of Senator Huffman, seconded by General Dargusch, these recommendations of the President were approved by unanimous vote.

\* \* \* \* \*

President Bevis now presented the following statement relative to the resignation of Dr. Norval Neil Luxon:

I want to express for the record my personal regret that Dr. Norval Neil Luxon is leaving the President's Office and the service of The Ohio State University. I can appreciate his desire to return to his chosen profession—Journalism—and am sure that he will have opportunity to do fine and constructive work as Dean of the School of Journalism at the University of North Carolina. Nevertheless, his departure will deprive us of service upon which we have come to lean heavily. His long familiarity with this institution, his energy, his firmness and his decision have meant much to the functioning of the University. His has not always been an easy task. To say no is seldom the pathway to popularity; yet so highly was his integrity and objectiveness regarded that Dr. Luxon was greatly respected and loved upon our campus. Our best wishes go with him!

By unanimous agreement of the Board the above statement was made a part of the record of this meeting.

\* \* \* \* \*

Senator Huffman now presented the following statement on behalf of the Board of Trustees, and moved that it be included in the minutes of this meeting:

The Board of Trustees expresses its appreciation of the service which has been rendered to the University by Norval Neil Luxon as

Assistant to the President. His wide acquaintanceship and thorough knowledge of the work and personnel of the various departments enabled him to give invaluable assistance to the Board and its individual members on many occasions. We are grateful for his never-failing cooperation and are sorry to see him sever his connection with the Ohio State University, but wish him success and happiness in his chosen position.

The above motion was seconded by General Dargusch and approved by unanimous vote of the Board.

\* \* \* \* \*  
President Bevis presented a report concerning the scholarship funds of the University, in which he emphasized the need for additional funds for the purpose of granting certain "quality scholarships," i.e., scholarships of reasonably large amounts.

The President then recommended that additional funds be appropriated for this purpose, with the understanding however that this proposal is in no way to supplant the support which the University has given to the regular scholarship program in the past.

Mr. Ketner now offered the following motion: That the sum of \$30,000 be added to the scholarship funds, said sum to be administered in the usual manner by the University Scholarship Committee, \$15,000 to come from Athletic funds, the remainder from the general funds of the University.

This motion was seconded by Judge Gorman and upon roll call was approved by unanimous vote.

\* \* \* \* \*  
The Vice President and Business Manager reported that the Cabinet has approved the following Extra to Contract and recommends that it now be approved by the Board of Trustees:

*Fuel Economy Construction Company*.....\$1,129.90

A group of miscellaneous changes in connection with piping for new No. 5 boiler and No. 1 Turbine including necessary auxiliaries, Piping for New No. 5 boiler and No. 1 Turbine including Necessary Auxiliaries

Original contract—\$154,111.00—March 16, 1951

Upon motion of Mr. Ketner, seconded by Senator Huffman, this recommendation of the Cabinet was approved by unanimous vote.

\* \* \* \* \*  
The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Construction of Fence and Backstop at Varsity Baseball Diamond	\$3,900.00	Athletic Department Funds
Construction of Television Tower and Antenna	\$85,000.00- \$115,000.00	General University Funds
Removal and Relocation of Two Quonset Huts on Site of Proposed Chemical Abstracts Building, and One Quonset Hut on Site of Proposed Field House Group	\$15,000.00	General University Funds

Upon motion of Mr. Ketner, seconded by Judge Gorman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

\* \* \* \* \*

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

*Request*

- 39—release of first quarter balances of \$11,829.74 from E-9-a Power Plant to F-9 Other, H. B. 10, in order to provide funds for award of contract for Replacement of De-aerating Feedwater Heats in Power Plant.
- 42—release of first quarter balances of \$15,599.98 in F-1 Building Repairs, H. B. 10, in order to provide funds for award of contract for Interior Painting and Patch Plastering of Campbell Hall, Natatorium, Poultry Laboratory, Pomerene Hall, and Physical Education Building.
- 43—release of first quarter balances of \$8,750.00 in F-1-d Roofing Repairs, H. B. 10, in order to provide funds for award of contract for Repairs to Roofs on Alumni House, Armory, Artillery Barn, McMillin Observatory, Poultry Flock House, and Robinson Laboratory.

\* \* \* \* \*

The Vice President and Business Manager presented a request that application be made to the State Records Commission for authority to destroy the following obsolete and useless records now filed in the basements of the Administration Building, and Arts College office:

- 1. Accounts Receivable Reports.....1937 to 1946 Incl.
- 2. Sales Tax Reports.....1935 to 1946 Incl.
- 3. Voucher Transmittal Sheets.....All prior to 1946
- 4. Federal Emergency Relief Administration Reports

- 5. National Youth Administration.....Sept. 1934 to June 1943
- 6. Schedule Cards.....All prior to 1946
- 7. Change tickets.....All prior to 1946
- 8. Arts College Student Records (Original records  
in files of the University Registrar).....All prior to 1946

Upon motion of General Dargusch, seconded by Senator Huffman, the Board approved making the above application to the State Records Commission.

\* \* \* \* \*

The Vice President and Business Manager presented the recommendation of the Director of the Physical Plant that Kenneth Bowers,

a student enrolled in The Ohio State University, be appointed as a special police officer for the University School for the 1953-54 school year. Mr. Bowers is to assist students crossing Woodruff Avenue and High Street at the traffic light at this intersection and replaces Mr. Jack Hughes who is no longer at the University.

Upon motion of General Dargusch, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager offered the following resolution and moved its adoption:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there shall be repaid to the Treasury of the State of Ohio on December 15, 1953, a portion of the \$500,000.00 Dormitory Construction Loan (Stadium) amounting to \$17,500.00, or half of the required annual payment.

The above action is in accordance with the provisions of House Bill 477 for Dormitory Construction, passed by the Legislature July 6, 1945, and approved by Governor Lausche on July 18, 1945.

Upon motion of Senator Huffman, seconded by Mr. Ketner, this recommendation was approved by unanimous vote.

The Vice President and Business Manager reported that a request had been received from the Ohio National Guard to increase the effectiveness of their air installations at Don Scott Field. Specifically, it is contemplated that an oil and lubrication storage building, approximately 8' x 8' x 12' will be constructed at a point midway between the Northwest corner of the northernmost Ohio National Guard hangar and the southern edge of the Ohio State University's paint and dope shop. It is further contemplated that a well be drilled on the area immediately adjacent to their northernmost area in order to afford adequate water supply. Permission is also requested to tap the septic tank. Upon recommendation of the University Architect, Howard Dwight Smith, the University Cabinet recommends that the following permission be granted:

1. The oil and lubrication storage building, 8' x 8' x 12', is in the same general area as the University's paint and dope shop and will, therefore, offer no additional present interference in that area. The paint shop was placed in that area with the proviso that it be moved if and when the hangar extensions be carried out as originally planned. Apparently there is no plan for such extension in the near future, but the same proviso should apply to the proposed oil storage.
2. The drilling of a well along the north wall of the north O.N.G. hangar as proposed.
3. The use of the University's septic tank by O.N.G. provided the number of toilet fixtures is limited to minimum for personnel in the O.N.G. hangars and (b) the disposal is limited to domestic waste, and that industrial waste (oil and grease), be avoided.

Upon motion of Senator Huffman, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

Upon the recommendation of Director Larkins and the study by Mr. J. Edward Weaver of the Business Office, which resulted in his favorable recommendation, the contract between the Ohio State University Athletic Department and David J. Belknap Company covering the concessions at athletic contests in the stadium and elsewhere was presented for approval.

Upon motion of Judge Gorman, seconded by Mr. Ketner, the Board of Trustees authorized the President to sign the contract for and on behalf of the University, and suggested that further inquiry be made to disclose whether or not maximum income was being received by the University under the proposed terms of the contract. Final determination of this matter was left to the President.

General Dargusch did not vote on the above motion.

The Vice President and Business Manager presented the following recommendation to the Board of Trustees:

During the period when the Fuel Economy Construction Company was working on the piping in the Power Plant, there were a number of defects and omissions found in the specifications which resulted in extras which have now been determined as being due the company. These changes were ordered at the time the defects were noted with the understanding that they would be discussed and recommendations made at the end of the contract period. On October 26, 1953, the Director of the Physical Plant presented to the Cabinet a list of five extras amounting to \$1,129.90 and recommended that they be approved since they have been discussed jointly by the superintendent of the power plant, the University Architect, the engineers, Sargent & Lundy of Chicago, and the Director of the Physical Plant, and found to be legitimately due the contractor.

This recommendation was approved by the Cabinet on October 26, 1953.

Considering this final settlement, it should be noted that the contract amounted to \$115,000.00 and the proposed settlement amounts to approximately 1 per cent of the total contract. In view of the above, it is requested that the Board of Trustees approve an issuance of an order for the Fuel Economy Construction Company in the amount of \$1,129.90 and authorize a request to the State Controlling Board for a transfer from E-9 Power Plant, H. B. 10, to a new account titled G-31-A Power Plant, H. B. 10, and that this amount be released without restriction to provide funds for this order.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager reported that the American Chemical Society had forwarded a copy of a supplemental agreement between The Ohio State University and the American Chemical Society relative to the construction of the Chemical Abstracts Building. Under this agreement, there is provided an additional contribution by the University and the Society, in the amount of \$50,000, each, or a total of \$100,000. It was further reported that President Bevis had signed this agreement for and on behalf of the University under authority previously granted by the Board of Trustees.

The Vice President and Business Manager reported to the Board of Trustees that the following request had been submitted to the State Controlling Board.

"The Ohio State University has the opportunity to purchase a tract of land as follows:

Farmhouse, barns, and other buildings situated on Case Road in Perry Township on a 9.5 acre tract, together with two additional tracts of land to the north containing 37.83 acres and 39.87 acres, a total of 87.20 acres more or less; owned by W. Henry Gabel at a price of \$500.00 per acre, making a total sale price of \$43,600.

A sketch showing the location of this property is attached. This proposal is irrevocably in effect up to and including November 20, 1953.

The Board of Trustees of The Ohio State University, on the strong recommendation of the College of Agriculture and by action taken on October 19, 1953, has determined to proceed with this purchase at the earliest possible time. Please note that the main part of this property is just east of The Ohio State University airport, and the land will be available not only for agricultural purposes but also for future expansion of the airport. This is particularly important in view of the proposal made to and now under consideration by the University to house many of the State planes at Don Scott Field.

It is therefore respectfully requested that the State Controlling Board release the appropriation for G-1 Lands, \$17,500, in H. B. 816; that it authorize the transfer of \$26,100 additional from Rotary 804 to a new appropriation for G-1-a Lands, \$26,100, H. B. 10, and that this amount be released without restriction for the purpose indicated; and give its consent and approval for the purchase of the land described above. Your favorable consideration of this request will be appreciated."

Approval of this request was granted on November 4, 1953.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the purchase of the above described land was approved and authorized. Approval was also given for the transfer of \$26,100 from the General University fund to a new account called G-1-a Lands, H. B. 10, \$26,100. This latter amount, together with the appropriated amount released by the State Controlling Board of \$17,500 totals \$43,600, and the University administration was directed to apply the funds so transferred for the purpose of purchasing the land in question.

The Vice President and Business Manager reported that after requested study by the Board, it was the opinion of the administration that the fees for students in the professional colleges should be raised \$10.00 per quarter effective September 1, 1954. The colleges affected are: Dentistry, Law, Medicine, Optometry, Pharmacy, and Veterinary Medicine. The change is designed to bring professional colleges in line with the other colleges of the University where similar change in fees had been made at the July 6, 1953 meeting of the Board of Trustees.

Upon motion of Judge Gorman, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented a model showing the proposed expansion of dormitories in the 12th Avenue area. He indicated that the University Architect felt that it was feasible to extend a wing of the dormitories to the south from the end of the most easterly wing of the new Women's Dormitory now under construction. Likewise, it was practicable to construct at this time the most westerly wing of the Baker Hall addition. With the possible construction of a nurses' home, which would relieve the number of this type spaces to be provided for in the Women's Dormitory, and with the addition proposed, the number of spaces for women would be measurably increased. Similarly, when Baker Hall is returned to men, the addition proposed to Baker Hall would aid a substantial number of places to that dormitory for men. It was the consensus of opinion of the Board of Trustees that the University Architect should be directed to proceed actively with the planning of these two additions and that construction be instituted at the earliest possible moment.

The University Cabinet wishes to recommend that the necessary steps be taken to appoint the firm of Garfield, Harris, Robinson & Schaffer, registered architects of Cleveland, to perform the architectural services required in connection with the new projects, "Veterinary Medicine, Basic Science Unit," and "Agriculture—First Section of Classroom—Administration Building." This service is to be rendered as associate architects with the University Architect.

The University Cabinet has discussed the details of the contract with Mr. Harris and Mr. Schaffer of this firm and have their agreement that the form of contract would be the same as that recently executed with Bellman, Gillett & Richards of Toledo for the Auditorium Group, and with Potter, Tyler, Martin & Roth of Cincinnati for the Chemical Abstracts Office Building.

One-half of one per cent is deducted in recognition of the services performed by the University Architect's Office, making the fee to be contained in the form of contract, net five and one-half per cent (5½%).

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

The President now reported to the Board the death of Joseph Simmons Myers, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Joseph Simmons Myers, Professor Emeritus of Journalism, on October 17, 1953.

For a score of years during the prime of an active life, Professor Myers was an important figure on the campus of The Ohio State University. He not only founded the School of Journalism as a separate department, but served capably on major boards and committees and headed one of the three departments that went to make up the College of Commerce and Journalism, later the College of Commerce and Administration, when it was established.

To generations of students and to countless alumni and faculty colleagues he was known as "The Chief." To his students, in particular, he was just that. From him they learned the solid substance of the profession he adorned. They found out quickly—and to their lasting benefit—that he had small patience with mediocrity or indifference, that "Accuracy" was his watchword, that integrity was beyond price in his eyes, and that perfection was something always to be striven for even though it was seldom attained. It was well said of him that "He demanded much from those in his world but always gave more than he asked."

That many of those students attained genuine success and became acknowledged leaders in various aspects of the broad profession of journalism was his reward. That they continued to seek his counsel and advice was mute testimony as to how much they valued his judgment. And that many of them continued to write him and to visit him over the years, even after his retirement, was proof of their affection for him and of the lasting hold he had upon them.

Joseph Simmons Myers was, to a singular degree, the product of his environment. He was the third generation in a line of Ohio newspapermen. He had the good fortune to live to see one of his own sons and a grandson achieve eminence and success in newspaper publishing in the state of his birth.

Professor Myers was born February 3, 1867, the son of Capt. and Mrs. Lorenzo Myers, of Columbus. Captain Myers for some years was identified with the Columbus *Dispatch*. The future faculty member, after two years as a "prep," entered the University in 1883, just a decade after it opened its doors. He was graduated with the Class of 1887 at the age of 20, and was one of a number of members of that class to attain national prominence and distinction. Among them were the late William McPherson, Joseph Russell Taylor, B. A. Eisenlohr, Frank A. Ray and Olive Jones—all of the faculty.

He began an active career of more than six decades in journalism as a cub reporter on the old Columbus *Times* in 1887 but the next year went to the Cleveland *Leader*. In 1889 he became telegraph editor of the Pittsburgh *Post*, two years later its night editor and in 1896 assumed the important post of managing editor. From 1906 to 1914 he was managing editor also of the Pittsburgh *Sun*.

In the latter year the University through President Thompson called him home and he returned in the dual capacity of professor of journalism and alumni secretary. He held the latter post for two years, editing the *Ohio State University Monthly* also, until the growth of the department of journalism required his full time. He not only added new courses, converted the *Lantern* from a weekly into a morning daily, but built up a departmental staff. He was one of the founders of the American Association of Schools and Departments of Journalism, of which he was president in 1926. He was a member of Phi Beta Kappa and of two national journalism fraternities, Sigma Delta Chi and Pi Delta Epsilon. He was national president of the latter in 1927.

He retired voluntarily in 1934 and presently went to live with his son, E. Spencer Myers, publisher of the *Middletown Journal*. In the intervening years he made Middletown his home but spent his winters in Florida until several years ago. He also returned to active newspaper work, doing editorials for the *Journal* and a daily column, entitled "Good Afternoon," which was really a chat with readers of that newspaper. He continued this until about three years ago when failing eyesight and other infirmities compelled him to give it up. But to the end of his active days he held steadfastly to the role of the student and scholar.

It was characteristic of Professor Myers, however, that despite his advanced age he retained a lively interest in current affairs and in the University until the very eve of his death. Only two weeks before that occurred he had listened to a broadcast of the Ohio State-Illinois football game.

Joseph S. Myers was one of the pioneers in developing a program of formal training for journalism. His own experience of more than a quarter of a century in the field and the example he set for his students helped to break down the prejudice toward college-trained men and women then all too common in the newspaper business. In a very real way he left his enduring imprint on the teaching of journalism as well as upon hundreds of students to whom he gave direction and leadership, and upon the profession of writing and interpreting which he served so capably for more than 60 years.

On behalf of the entire University the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed on the minutes of the Board.

Thereupon, the Board adjourned to meet Monday December 14, 1953, at 9:30 a. m. at the University.

\$3,300 from the General Electric Company for the General Electric Company Fellowship in Chemistry;

\$2,000 from Delta Kappa Gamma to be added to the \$8,000 which has been deposited for the Margaret L. White Scholarship;

\$125 from the Presser Foundation for the Presser Foundation Scholarship—Rotary 11645.

*From the Development Fund*

\$3,986 for the E. E. Lewis Fellowship Fund in Educational Administration:

*E. E. Lewis Fellowship Fund in Educational Administration*

Established November 30, 1953 by gifts through the Development Fund, in honor of Dr. Ervin Eugene Lewis, Professor of Educational Administration, Ohio State University, 1926-1952. Dr. Lewis is a pioneer in the development of high standards in the professionalization of the public school superintendency. He encouraged many young men to make school administration their career. He was their personal friend and counselor. He sought and discovered promising candidates for this career of public service.

This fund is to be invested in accordance with Section 3335:12 Revised Code of Ohio, the income to be used for fellowships to students pursuing work toward the doctorate in Educational Administration at The Ohio State University. Should the need for the above purpose cease to exist or so diminish as to create unused income, then the Board of Trustees of The Ohio State University shall be permitted to use said income for any purpose in its discretion, preference to be given, however, to research projects in education.

\$1,500 to be added to the principal of Research in Optometry within the University's permanent endowment.

\$1,200 for the Dorothy Evans Lewis Memorial Fund.

*The Dorothy Evans Lewis Memorial Fund*

Established November 23, 1953 by gifts through the Development Fund in memory of Dorothy Evans Lewis, BA'19, to be invested in accordance with Section 3335:12, Revised Code of Ohio, the income to be used for the purchase of books, periodicals, concert tickets and other means of furthering the cultural advancement of residents of Alumnae Scholarship Houses. In the event such residencies should be abandoned, then the Board of Trustees of The Ohio State University shall, in its discretion, determine the use of said income, preference to be given, however, to scholarships to needy female students.

\$500 for the Chic Harley Scholarship Fund.

\$500 for the Medical Research Fund—Rotary 13431.

\$400 for the Gertrude Lucille Robinson Memorial Prize Fund.

*Gertrude Lucille Robinson Memorial Prize Fund*

Established November 23, 1953, by a gift through the Development Fund from Alumnae of Chi Delta Phi in memory of Gertrude Lucille Robinson, to be invested in accordance with Section 3335:12 Revised Code of Ohio, the income to be used for a prize to be given for the best piece of creative writing submitted in a contest which shall be open to any woman student at University. Any unused income in this Fund may be used by the Board of Trustees of the Ohio State University for any purpose in its discretion. It is requested that preference be given to purposes benefitting women students at the University.

\$300 for the Symphonic Choir—Rotary 11831.

Upon motion of Mr. Black, seconded by Senator Huffman, these recommendations of the President were approved by unanimous vote.

Vice President B. L. Stradley presented the following report:

**REPORT ON THE MEETING OF THE NORTH CENTRAL ASSOCIATION COMMITTEE ON PROFESSIONAL ACCREDITING AGENCIES HELD IN CHICAGO—NOVEMBER 22, 1953**

For a period of 60 years accreditation by voluntary, extralegal organizations has been one of the characteristics of higher and secondary education in the United States. No one denies the accomplishments of the accrediting agencies in improving education in general and the programs of education designed for the preparation of students entering the professions and other careers.

Difficulties have arisen because of the large number of accrediting agencies (100 or more), overlapping of power and function, costs, etc. One of the chief criticisms is that these agencies "have invaded the jurisdiction of legally constituted institutional authorities. Another criticism is that the large number of accrediting agencies and the lack of coordination among them have posed many problems for the institutions concerned with regard to examining, reporting, and financing."

Because of these difficulties and many others, the National Commission on Accrediting was organized three years ago. The constituent membership of the National Association is composed of representatives of the Association of American Colleges, the Association of Land-Grant Colleges and Universities, the National Association of State Universities, the Association of American Universities, the Association of Urban Universities, the American Association of Junior Colleges, and the Association of Teacher Education Institutions. Our President Bevis is a member of the committee, representing the Association of American Universities.

Following many meetings, the National Commission has reached the conclusion that "the solutions of the many vexing problems of accrediting lie in the gradual assumption by the regional associations of responsibility for all accrediting, general as well as professional, in the field of higher education." Our country is divided into six regions for this purpose, and Ohio is in the North Central Association region, which comprises 19 states, including 300 colleges and universities and 3,000 high schools.

The meeting in Chicago on November 22 was the first of a series of meetings of the North Central Committee held for the purpose of carrying out the recommendations of the National Commission. The discussion centered largely on the subjects of basic principles for the accrediting of professional schools and of the kind of approach to and cooperation with the present established professional accrediting agencies which must be developed to achieve the best results for the colleges and universities and all related organizations.

President Bevis presented the following report:

During the Autumn Quarter of each year I find it necessary to spend a good deal of time away from home. There are a great many meetings to attend and these together with the requirements of the football season make an exacting schedule.

I have just returned from a meeting of the Governing Boards, popularly known as "AGBO," held in the state of Florida. Since the sessions were held in Gainesville, Tallahassee, Lake Alfred, Sarasota

and Miami, this is as near a geographical designation as it is possible to give. I think this organization is very much worth while. I believe those of our Trustees who attended—General Dargusch, Judge Gorman and Mr. Ketner—will bear me out in the belief that there is a great deal to be learned about the operations and management of colleges and universities. Of course, the circumstance that these meetings were held in Florida in December was purely coincidental.

Two of the principal university organizations to which we belong held their annual meetings in Columbus this year. The National Association of State Universities, of which I was then President, held its meeting here last May. This is an organization of presidents.

The Land-Grant College Association, at my suggestion, held its meeting in Columbus in November. This meeting is a very large one attended not only by presidents, but by deans, department heads and other university officers. The attendance at the Columbus meeting approximated eight hundred persons. At this meeting I was elected Chairman of the Council of Presidents. The Land-Grant College Association is by all odds the most powerful collegiate organization in the United States.

In this connection I may revert to the fact that we have given a great deal of attention to our relations with the other colleges and universities in Ohio. We cooperate with them in many ways and their goodwill is of great importance to us. Their ill will could be very costly.

For some ten years I served as President of the Inter-University Council. Under the revised constitution of the Council adopted three or four years ago, rotation of the presidency was provided for, and President Bowman of Kent State University served as President last year. At the last meeting of the Council held on our campus recently, the rotation resulted in my being elected President again for the ensuing year.

All of these organizations and many others are of importance to us. Not the least in importance is the Council of Ten. This organization just grew up. It can hardly be said to have been formed. It consists of the Presidents of the Universities known as the Big Ten who meet periodically for consultation and sometimes for important action. I attended the last meeting of the Council in Chicago on last Monday. The Council of Ten has become a very important factor in the handling of athletic problems. The Commissioner selected by the Athletic Directors must, under the present rules, be approved by the Council of Ten and must report to the Council of Ten twice each year. This gives the Presidents a very strong voice in athletic matters and the good results of the arrangement are beginning to be apparent. At the meeting on Monday a plan for obtaining comparable data on the operations of complex universities was given thorough discussion. The benefits and the obvious dangers were gone over thoroughly. I have hopes that considerable benefit may be derived.

A recent meeting of the Board of Trustees of the Orton Foundation, of which I am Chairman, may serve as the occasion for bringing again to this Board's attention the operations of this unique organization. It was established by General Edward Orton, son of the first President of the Ohio State University. General Orton is universally credited with the establishment of the profession of ceramic engineering in the United States. He died in the prime of his life, but while

he was still living he established the Orton Foundation, a corporation not for profit which manufactures and sells to the ceramic trade throughout the world pyrometric cones. These little triangular pyramids are made and sold in series. They are placed in the firing kilns and at certain temperatures, depending upon their composition, "deform"; that is to say, they begin to curl over from the top. Observation of this deformation indicates the progress toward completion of the firing of pottery. There are other temperature controls but Orton cones, or their equivalent, are almost universally used because they provide the only known reliable test of the accuracy of the other temperature controls as well as of the firing process itself. The proceeds of the operation of this business, after provision of Mrs. Orton's maintenance, are devoted to the establishment of scholarships, fellowships and other research activities in the field of ceramics.

At the Gibraltar meeting the administration brought to the attention of the Board a list of matters in which it was believed economies in the operation of the University could be effected. Progress in some of them has already been reported and further definitive reports will be forthcoming at an early date.

There is a matter of considerable concern to the University which is more or less completely out of our control. The dry summer and fall and the continued lack of rainfall create the possibility of a water famine in the late winter. We had such an experience about eight years ago when we had to conserve water in every possible way and were in imminent danger of having to close down our plant entirely. The water storage facilities in the Columbus area were considerably augmented following that experience, but the water needs of the area have greatly increased in these eight years, and rain is one of the blessings for which I now devoutly pray.

We are making progress toward the establishment of our ultra high frequency television station, both in the direction of its physical facilities and of organization for the presenting of programs. There will be within the next year some eighteen or twenty educational television stations in the United States and I am still of the opinion that television presents a great opportunity to project the life and work of the University into its constituent area. There is much, however, to be learned about television in general and educational television in particular. Since our wave length is in the ultra high frequency band, we are deliberately trying to take advantage of time in order to have the best available facilities and methods when we go into operation. There are few, if any, ultra high frequency receiving sets in this area and a listening audience will not be immediately available.

I think it may be worthy of note that the Belgian Ambassador to the United States will come personally to our Commencement Exercises on December 18 to present an important decoration bestowed by his Government upon Dr. Harald H. Nielsen, head of our Department of Physics. This decoration confers upon Dr. Nielsen the honor of becoming "Chevalier de l'Ordre de Leopold" and is a signal recognition of Dr. Nielsen's service and of the University to which he belongs.

We are greatly and constantly concerned about the increased enrollment which seems certain to come to us in the relatively near future. Dr. Ronald Thompson's study, which recently had nationwide circulation, has pointed up the problem, perhaps better than any other document which has been issued. In my own thinking at this stage,

the following formula is useful: 1960 equals the veterans' bulge. Bearing in mind that at the peak of the veterans' bulge we had almost 26,000 students, it seems obvious that this figure will be surpassed in ensuing years. To prepare itself for the coming of these students, the University has need of much in the way of plant and personnel. Above everything else we need classrooms. The veterans' bulge reached us after a period in which it was literally, even legally impossible, to make adequate preparation. We should not be caught unprepared in 1960.

While very considerable increase in our numbers is certain to be expected, it should be said, however, that some of the more startling prognostications seem to me unreal. Should such numbers of students appear for registration at our college and universities as to bring 40,000 or more to Ohio State, it seems to me altogether likely that additional institutions will be established to take care of some of them. I do not think it should be our policy to strive unduly for undergraduate numbers. I think there is still validity in the thesis put forward by the Board of Trustees in 1946 that (1) undergraduate education at certain levels can be profitably and advantageously decentralized and (2) that along with its proper function of undergraduate training the Ohio State University should pursue its mission of graduate work, professional work and research. These latter can not economically be proliferated indefinitely. They must be centralized and the Ohio State University believes that it has been cast for this role.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the University Architect's recommendations and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the University Architect to the University Cabinet follows:

"Presented herewith is a tabulation of the bids received prior to 2:00 p.m. December 10, for a Television Tower for WOSU-TV, and opened immediately thereafter by Mr. M. J. Moon, representing the Director of the Department of Public Works.

Bidder	Contract I Self-Supporting Tower	Contract II Guyed Tower	Contract III Antenna and Transmission Line
Dresser-Stacey Company	61,011.00	28,829.00	
General Electric Company			25,680.11
Graybar Electric Company	91,940.00	42,191.00	24,300.00*

\*The bid of the Graybar Electric Company for Contract III is incomplete since it contains no amount for labor, but does contain the statement that labor is "included in Contract I or II." There is, therefore, no basis in this proposal of determining the amount of labor.

I therefore recommend that the proposal of Graybar Electric Company for Contract III be rejected as incomplete.

Tower Construction			
Company		36,900.00	
John D. Trilsch			
Company		41,203.00	
Radio Corporation			
of America			25,052.18
Estimated Cost	85,000.00	50,000.00	30,000.00

In considering the choice between a self-supporting tower and guyed tower, I recommend that the guyed tower be used (1) because of its great economy, (2) because technical results are equally satisfactory to those obtained by the use of the self-supporting tower, (3) because the advantage of less total area covered by the self-supporting tower is not, in my opinion, sufficient reason to expend over \$32,000 for it.

The low bids for Contract II and Contract III are regular and are below the estimates of cost filed with the Auditor of State.

I therefore recommend awards as follows:

Contract II, Guyed Tower to Dresser-Stacey Company, at its bid of \$28,829.00

Contract III, Antenna and Coaxial Transmission Line to Radio Corporation of America at its bid of \$25,052.18

I also recommend that the Director of the Department of Public Works be requested to execute contracts in accordance with the above recommendations."

In order to provide funds to execute these contracts and to defray the costs of preliminary architect and engineers' services, a transfer of \$60,000.00 from Rotary 12261 to a new account, Television Station, Tower and Equipment G-2-H, H.B. 10, is required and is accordingly recommended.

Upon motion of General Dargusch, seconded by Senator Huffman, the above actions of the Cabinet were approved by unanimous vote and the transfer of funds, as recommended, was authorized.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following project as prepared by Samuel R. Lewis & Associates and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees.

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Refrigerated Cooling Second Story University Hospital	\$35,000	University Hospital funds

Upon motion of Senator Huffman, seconded by Mr. Ketner, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

\* \* \* \* \*

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the University Architect and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Remodeling of Heat Piping for Research Office Building	\$ 3,500	Research Foundation Funds
Ventilation System for Research Laboratory Building	\$35,000	Research Foundation Funds

Upon motion of Senator Huffman, seconded by Mr. Ketner, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

*Request:*

- 52—Approved award of contract to the Fuel Economy Construction Company in the amount of \$1,129.90 for Piping for New No. 5 Boiler and No. 1 Turbine, including Necessary Auxiliaries. This is to be payable from G-31-A, Power Plant, H. B. 10.

- 55—Approved transfer of \$53,000 from Rotary 804 to G-1-a, Lands, H. B. 10, for purchase of land owned by William F. Lane containing 57.78 acres, more or less.
- 56—Approved releases of (a) \$5,000 from G-2-1, H. B. 816, for Veterinary Medicine—Basic Science Unit and (b) \$5,000 from G-2-2, H. B. 816, for Agriculture—First Section of Classroom—Administration Building, to provide funds for preliminary expenses.

The recommendation of the Director of Physical Plant is presented herewith that Fred H. Bickerton be given a special police commission by the Board of Trustees under authority granted by section 3345.04, G.C. Mr. Bickerton was appointed park patrolman to fill a new position on the 1953-54 budget.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager made the following report relative to the Dormitory Revenue Bonds for the Women's Dormitories now under construction:

The Attorney General on November 16, 1953 rendered the following opinion to the Retirement Board of the Public Employees Retirement System. This is an identical opinion to that which was rendered to the State Teachers Retirement System under date of November 4, 1953. This opinion is presented for information of the Board, and as evidence of the legality of the new issue of dormitory revenue bonds authorized by the Board on September 8, 1953.

**"OPINION NO. 3260**

Retirement Board

Public Employees Retirement System

Columbus, Ohio

Gentlemen:

Re: Bonds of Ohio State University

Franklin County, Ohio, \$900,000.00

The above purchase of bonds appears to be part of an issue of Dormitory Revenue Bonds of the above university dated October 1, 1953. The transcript relative to this issue was approved by this office in an opinion rendered to the State Teachers Retirement System under date of November 4, 1953, being Opinion No. 3207.

It is accordingly my opinion that bonds issued under these proceedings will constitute valid and legal obligations of said university, according to their terms.

Respectfully,

November 16, 1953

C. William O'Neill  
Attorney General."

The University Cabinet recommends that final payment to The Huffman-Wolfe Company be made on account of the Heating & Ventilating, and Plumbing contracts on the Medical Center. A telegram from Skidmore, Owings & Merrill, November 17, certifies completion and recommends final payment as follows:

Certificate No. 33, Heating & Ventilating	\$6,598.52
Certificate No. 36, Plumbing	\$5,595.09

Upon motion of Senator Huffman, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

In order to ascertain soil conditions at the site of the proposed new Auditorium at Fifteenth and High, the University Architect recommends that test borings be made on the site. Accordingly, quotations were taken and the Raymond Concrete Pile Company presented a low bid of \$1,315.00 to do the necessary work.

It is recommended therefore that there be transferred from Rotary 12261, General University Fund, to G-2-F, Auditorium, the amount of \$1,315.00 to be used for this purpose.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The Director of the Ohio Union has called to the attention of the University Cabinet the possibility of securing, on a lease basis, automatic pinspotting machines for the Ohio Union Bowling Lanes. Installation costs, estimated to amount to \$17,803.25, would be borne by the Ohio Union. The lease arrangement would call for payment of 10½ cents per line for all lines bowled at the 30 cents per line rate. This is approximately what is being paid regular pinsetters. In addition, it is necessary to provide supervision for them and there is a considerable amount of other red-tape due to the fact that said pinsetters are usually students of high school age and wish to be paid daily. The automatic pinspotting machines are owned and leased by the American Machine & Foundry Company, which company has already installed them in commercial alleys in this vicinity.

The University Cabinet recommends that automatic pinspotting machines be installed at the Ohio Union, and that permission be requested from the State Controlling Board to enter into contracts for the installation without competitive bids, to the extent necessary, and to enter into the lease arrangement required for their operation and use.

Upon motion of Mr. Black, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager called attention of the members of the Board of Trustees to the statement which had been furnished them as Part IV of the continued analysis and discussion of the Ralph D. Mershon estate. This report covered the first and major distribution of the estate assets.

\* \* \* \* \*

The Vice President and Business Manager reported that there has been received a Notice of Hearing on December 11, 1953 to be held on Water Improvement No. 475 in Sewer District Clinton No. 3. This would provide for an 8" water main on the north side of McCoy Road from Kenny Road westerly to a point 500 feet west of Reed Road. It is estimated that the cost to the University if this improvement is made will be \$16,000. Attorney Joseph R. Hague representing other property owners affected appeared on November 11, 1953 and

protested this assessment. In addition, Mr. Hague filed a copy of his statement of objections which is available for examination.

Advice is sought from the Board of Trustees as to the position the University should take, inasmuch as no benefit will be received by the University from this improvement as the Golf Course has been provided with water at the expense of the Athletic Department previously. In fact, many residents in the area have secured their water from the University by tapping the University's water line. In all previous cases, no utility assessments have been paid by the University to a taxing authority without express authority and appropriation therefor by the General Assembly.

On motion of Mr. Ketner, seconded by Senator Huffman, the President was directed by unanimous vote to notify the County Commissioners that the University could not consent to the proposed assessment because it will derive no benefit from the improvement.

\* \* \* \* \*

The Vice President and Business Manager presented the proposal of Mr. James A. Rhodes, Auditor of State, whereby certain examiners will be assigned to The Ohio State University to pre-audit all vouchers as issued. This same proposal has been made also to each of the other State Universities.

When the payroll is prepared, either for salaries or wages, it will be checked with the records in the Business Office before being submitted to the various offices and before the warrants are written. In the case of vouchers for services and materials and supplies, the audit will be made in the Business Office before the vouchers are released. This pre-audit will also apply to all expenditures from the so-called local funds paid through the University Treasurer accounts. Any questions which may arise should then be easily answered before the vouchers are released.

The cost of this service will be charged, under Mr. Rhodes' proposal, against the appropriations of the University and paid to the Bureau of Inspection and Supervision of Public Offices, which is the same procedure we now follow in the auditing of all other cash receipts.

It is felt that there will be an advantage to auditing all vouchers here at the University. The auditing work will be expedited and will clear through the various state offices in the State House much more quickly. A better schedule of payments would be effected and additional discounts should ensue from speeding up payments of invoices.

It is proposed to make the new procedure effective on January 1, 1954.

*Distribution of estimated pre-auditing costs among State-supported universities based on \$750.00 per month*

Bowling Green University	\$ 52.50
Central State College	15.00
Kent State University	75.00
Miami University	60.00
Ohio University	67.50
Ohio State University	480.00
Total	<u>\$750.00</u>

Upon motion of Mr. Black, seconded by General Dargusch, the above proposal was approved by unanimous vote.

\* \* \* \* \*

On October 19, 1953 the Board of Trustees authorized the Vice President and Business Manager to proceed to purchase the Lane tract of land consisting of 57.78 acres.

A contract of sale has been signed by William F. Lane and Arla M. Lane for a consideration of \$53,000.00.

On December 2, 1953, the State Controlling Board approved the purchase of this tract and transferred the sum of \$53,000.00 from Rotary to G-1-a Lands, H. B. 10.

It is recommended that the Board of Trustees now authorize the Vice President and Business Manager to sign the real estate contract and accept the proposal as presented by William F. Lane and Arla M. Lane, and to proceed to close the transaction. Further, that the transfer of funds approved by the Controlling Board be, by action of this Board, from Rotary 12261 to G-1-a Lands, H.B. 10.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following recommendation for the approval of the Board of Trustees:

The estimated requirement, for the six months period from January 1, 1954 to June 30, 1954, for emeritus salaries is \$30,000.00.

For some years it has been the custom to charge payments of emeritus salaries to General Interest on Endowment.

On January 1, 1954 there will be due from Interest on Endowment \$29,098.11 which, with approximately \$5,000.00 balance on December 31, 1953 will be more than sufficient to cover the above obligation.

It is, therefore, recommended that the sum of \$30,000.00 be appropriated from Interest on Endowment 4002 to pay emeritus salaries for the period January 1, 1954 to June 30, 1954.

Upon motion of General Dargusch, seconded by Mr. Black the above recommendation was approved by unanimous vote.

The Vice President and Business Manager reported to the Board that the Fund for Adult Education had renewed its offer of a grant of \$100,000 for equipment for the proposed new television station. Accordingly, the Fund forwarded its proposed letter of agreement covering this grant to be signed by the proper University authorities.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the Board by unanimous vote directed President Bevis to sign the proposed agreement for and on behalf of The Ohio State University.

The Vice President and Business Manager reported to the Board that the Last Will and Testament of Joseph S. Myers, formerly Professor of Journalism for many years at The Ohio State University, included an item of \$1,000 for the University. The bequest is to be invested, and the interest shall be awarded annually to a student on graduation from the School of Journalism to be selected for the award by the faculty of that School.

The Vice President and Business Manager reported to the Board

that Mr. Taine G. McDougal of Flint, Michigan had offered to turn over to The Ohio State University a block of stock in the amount of \$14,000, the income from which was to be paid to Mr. McDougal during his lifetime. At his death, the stock and income are to become the property of The Ohio State University for the general purposes of the University.

It was reported that Mr. Kenyon Campbell, Field Director of the Development Fund, had assisted by drawing a proposed agreement under which the University would accept the gift.

Upon motion of Mr. Ketner, seconded by Mr. Black, the Board by unanimous action agreed to accept the gift if a proper and legal agreement could be worked out. The Board requested General Dargusch to assist in drawing the final agreement to be sent to Mr. McDougal.

The President now reported to the Board the death of John E. Hallen, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of John E. Hallen, Professor of Law, on November 6, 1953. A graduate of Yale College, 1916, and the Yale Law School, 1918, John Hallen was one of the many of the time of World War I whose professional careers were delayed by military service. After honorable discharge, Mr. Hallen practiced law, first with the Cravath law firm of New York City, and then in partnership with Judge J. R. Taylor in South Norwalk, Connecticut. In the early 1920's he accepted appointment as Assistant Professor of Law at the University of Kansas. There he remained four years, during which time he rose to a full professorship and rapidly developed into an outstanding teacher of law. The following five years were spent by him at the University of Texas School of Law, where he continues to be remembered for his genial personality and keen legal mind. In 1930 Professor Hallen joined the faculty of the College of Law of The Ohio State University, serving first under Dean Herschel Arant who had been his dean at Kansas.

For nearly a quarter of a century Mr. Hallen served on the Ohio State faculty. During these 23 years he earned for himself a unique position of esteem and affection among his students and colleagues. Kindly, considerate, and possessed of an unusual amount of good judgment in all matters, Professor Hallen was continuously sought out by those of the University community for his wise counsel and his friendly helpfulness. Of this gentle man it can be truly said that his loss will be sorely felt. With his passing there has been lost another of those noblemen whose devotion and humanity make a great university and a Christian community.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

12-14-'53

Thereupon, the Board adjourned to meet Monday, January 11, 1954, at 9:30 a. m. at the University.

Attest:

Jacob B. Taylor,  
*Acting Secretary*

John W. Bricker,  
*Vice-Chairman*

In reporting on the current enrollment of students, Vice President Stradley stated that Winter Quarter enrollment for 1952-1953 was 16,888, and for the Winter Quarter 1954, 17,586 have paid fees.

At the close of the Autumn Quarter 1953, 605 students received degrees. Approximately 500 new students were admitted to the University for the Winter Quarter.

To date, the gain over last Winter Quarter is 698 students.

Vice President Heimberger presented the following report on assigned research:

Early last year President Bevis authorized me as his agent to place before you a recommendation that we conduct a one year experiment or trial run with the Bowers Committee plan for assigned research duty. I explained that, while this University encourages and supports research in many, many ways, we have been relatively weak in providing opportunities for able research persons who need time for personal study and writing more than they need expensive equipment, supplies and assistants to work under their direction. This need touches all fields but it is particularly acute in the social sciences and the humanities. Part of this difficulty may be attributed, of course, to the fact that the materials being dealt with are less dramatic and frequently less understandable than the materials of the physical world. It seems probable, however, that men of the future, looking back to this critical period, will be impressed as much if not more by our successes or failures in the great issues of humanity than by our accomplishments in physical science and technology. This does not mean that we should slacken our efforts in the latter fields, but that we should strive for a better balance through the provision of new opportunities.

As you know, we have no established plan for sabbatical leaves which might be sought at regular intervals by members of our Faculty who have valid programs for study and research. We have tried to ease this situation to the limit of our ability by encouraging and assisting our people to find opportunities provided by sources outside the University. This is one of the explanations for our liberal policy on leaves of absence for teachers and research scholars who may be able to take advantage of opportunities we have been unable to provide.

As you may remember, the Bowers plan provides for the use of a small portion of our total resources to assign certain carefully selected faculty members to research duty for limited periods of time. Every effort is to be made to stretch the available money as far as possible by careful planning by the department and college for the absorption of some teaching assignments or the temporary transfer of certain special courses to others on the staff who may be fully competent.

When you gave your immediate and enthusiastic approval to my request for a trial run of the Bowers plan, I promised that you would be kept fully informed about the progress of the experiment. We are now in the midst of the trial run and, of course, it is too early to make a full report. However, a progress report may be of interest to you today.

While, due to the pressure of time, the opportunity you provided was not made known to the Faculty until late in the year, 35 carefully prepared applications for assignment to research duty were submitted. Each included a description of the research to be undertaken and a plan prepared by the chairman for a suitable teaching replacement. These applications were placed in competition before a University-wide advisory committee headed by the Dean of the Graduate School and, within the limited resources available, it was possible to grant the requests of 12 applicants. Ten of the assignments were for one Quarter only and two were for two Quarters. The persons thus assigned are from four colleges. They include Professors, Associate Professors and Assistant Professors and their re-

search problems range from a study of modern German poetry to the further development of our new radio telescope.

I think it is safe to say that few new developments on this campus have been more enthusiastically received than the experiment we are now conducting with the Bowers plan. There is widespread feeling that this small beginning holds promise that this University has found a way to meet a long recognized need. This new approach is welcomed as a clear sign that a very young University is approaching maturity and will soon take its proper place among the truly great endeavors of its kind.

It is now recommended that the President be authorized to continue the program for the next academic year, assigning to research duty at his discretion certain members of the University Faculty who will be selected according to the general principles of the Bowers plan and whose numbers will be determined by a prudent use of available resources.

Upon motion of Mr. Black, seconded by Senator Huffman, the Board by unanimous vote authorized the President to continue the above program for the next academic year.

President Bevis presented the following recommendation:

That the Board of Trustees, with the approval of the State Board of Control, assign to Dr. C. L. Wilson, Professor of Chemistry, its rights to the development "Anodic Methoxylation of Furan," in consideration of Dr. Wilson's agreement (1) to conduct an inquiry into its patentability and commercial possibilities, (2) to seek a patent in his own name at his own expense if he believes it justified, and (3) if he files and obtains a patent, to pay to The Ohio State University fifty (50) percent of any income in excess of \$5,000 which he may receive from the license or sale of rights under this patent.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

President Bevis presented the following statement relating to certain problems now facing the higher education systems of the State:

The prospect of greatly increased enrollment in the years soon to come calls for preparation and planning, not only on the part of the University but on a state-wide scale. Because of its position in the higher educational system of the State, the Ohio State University needs carefully to plan not only its own preparation for the students who will eventually come to it, but to take leadership in the concerted effort which the Ohio colleges and universities as a whole must make.

While it is possible that this University may not in the end be able to acquire facilities adequate for the numbers which will come to it, it is virtually certain that it will be the "residuary legatee" after our sister institutions have taken all they can. The scope and range of our offerings as well as our size and central position assure this.

Our greatest efforts may very possibly fall short of adequacy; it, therefore, becomes especially important to ascertain how much of the burden may be carried by sister institutions and how much of it we may have to undertake. To some extent, the role of residuary legatee can be borne with us by the other state-supported universities.

The more limited range of their offerings, however, leaves a major share of the state schools' burden on our shoulders. The non-state-supported schools, both private and municipal, will undoubtedly be able to take some more students than they now have. It seems highly likely, however, that in this respect our experience following World War II will be repeated. These schools will accept additional students up to the comfortable limit of their capacities and thereafter fall back on the premise that they are fulfilling all that they are established to perform. The financial difficulties which many of them are now encountering will be alleviated by additional students only up to the point of full present capacity. Beyond that, additional plant and additional faculty will increase rather than diminish the ratio of expense.

It is vital, however, to our own efforts to secure support and to those of the other state universities that we retain the high degree of goodwill which has characterized our relations with the non-state schools. This goodwill has often been commented upon by newcomers to Ohio education and by persons outside the state; it is highly important to our success in the Legislature and in our public relations generally. The concerted antagonism of the non-state schools could be highly detrimental to our progress.

It seems mandatory, therefore, that in working out our plans we take into active consideration the other state universities and the non-state-supported schools. In the case of the latter, we ought to obtain from them a pretty definite indication of how many additional students they desire and think they can care for. We did this in our preparations for the return of veterans after World War II and, if the matter is diplomatically handled, it ought not to be too difficult to do it again. If this indication is obtained, we may expect, I think, cooperation rather than opposition in our approaches to the Legislature. It worked out this way following World War II.

Fortunately, the agencies for effecting these results are at hand. We must, of course, share our plans with the Inter-University Council so far as state institutions are concerned, and the Ohio College Association is an effective medium in the non-state-supported area. I happen, currently, to be Chairman of the Inter-University Council and President Baker of Ohio University is President of the Ohio College Association.

It is highly essential, however, that we have a pretty clear notion of where we want to go ourselves before we undertake the leadership implied in the foregoing remarks. Mr. Taylor has been giving a great deal of attention to this problem and has a number of important suggestions which I think the Board ought to hear.

---

In accordance with the above suggestion by President Bevis, Vice President Taylor now presented the following statement:

*The problem*

The University is faced with a serious problem when it undertakes to provide physical facilities which are sufficient to take care of the load of students expected to materialize beginning within five or six years. While statistically it may seem obvious that the University can have a registration as large as 40,000 by 1970, practically it is certain that this is an impossible task to undertake. It will be recalled that at the peak of the veterans' bulge the total registration was something less than 26,000 students. A considerable number of

these were twilight students, and it is doubtful whether the University ever provided physical facilities for over 23,000 regular students, even at the peak. In order to do this, a great assortment of temporary buildings was constructed on the campus. Classes were held well into the evening, and, in some cases, finished as late as 11:00 p. m. This produced many undesirable problems and results, and certainly it is a circumstance which the University is not anxious to repeat, especially on a permanent basis.

Most of the temporary buildings are gone, having outlived their usefulness. Therefore, any consideration of a plan to care for the coming swollen registrations will have to be on a permanent basis. This is as it should be, for the problem ahead is a permanent one, requiring a permanent solution, and will not yield to emergent measures, such as were instituted in the post-war registration crisis.

In the post-war period to date, most of the new buildings constructed were of special type, such as the Hospital, the Dental Building, the Library, the Physics Building, the Electrical Engineering Building, to some extent the Agricultural Laboratory, the Optometry Building, and to some extent the Music Building. Only the addition to Hagerty Hall provided any sizeable number of classrooms. The additions to Botany and Zoology were a help, and some classrooms were created in the other buildings mentioned. However, the necessity of providing for services and research and the special aspects of University life has not permitted the University to make needed gain in overcoming its lack of classroom space.

The great need at the moment is for classrooms for the Departments of English, Mathematics, Political Science, Philosophy, and others in the College of Arts and Sciences. Equally important are classrooms for the various teaching departments of the College of Education. The College of Engineering presents a critical classroom and laboratory problem. Sheer numbers in these areas are awesome to contemplate. With the present up-swing in registrations, classroom space is already getting tighter all along the line.

At the very period in which registrations are increasing, the amount of contract research is growing larger and larger every year. This means that a far greater amount of the University's cubage is used for this purpose than was the case in 1941. Increasing registrations mean additional facilities for the physical and engineering sciences. These are bulky and costly to produce. Increased contract research in the main is in these same science areas and competes against classrooms and non-contract research for space.

The University faces this great dilemma—How shall it prepare for a minimum of 25,000 students; maintain and perhaps desirably extend all its present services; maintain and perhaps extend the amount of its research (contract and non-contract); carry on the activities of a great university from the freshman year to the end of the Ph.D. training, with great emphasis upon graduate work?

#### *Financial aspects of the problem*

During the post-war period, the University has been, as we have previously reported, exceptionally well treated, budget-wise, by governors and legislatures. During the period from 1941 to 1947, it was impossible to construct new buildings. The restrictions on construction started as early as 1941 when the country was in the process of preparing to defend itself. In the post-war period, the University has

spent, out of appropriated funds, something less than \$20,000,000 for buildings *which serve the basic educational needs of the University*. Other construction was carried on through appropriations to other State departments and certain buildings were built with non-appropriated funds.

The current appropriation for capital improvements is something less than \$5,000,000. This is an average of \$2,500,000 per year. If the needs of the University were to be placed at the round amount of \$100,000,000 from appropriated funds, it would take, at this rate, 40 years to produce facilities, most of which are needed now. It is obvious that the time lag is too great and the University cannot wait this long. If the estimate of need is cut in half, the time lag is still far too great. For facilities are needed now—the University cannot wait 20 years, let alone 40.

And yet, against the backdrop of the appropriations which have been made over the years for buildings for The Ohio State University, \$5,000,000 in a single biennium is a great sum. One cannot dismiss this appropriation without a great sense of appreciation to those who recommended and gave it to us.

The total investment in Physical Plant at June 30, 1938 was \$23,670,000. By June 30, 1953 this figure had grown to almost \$69,000,000. Of this increase, \$15,000,000 was in equipment—\$28,000,000 of it was for buildings for the educational plant. By contrast, the growth indicated is phenomenal. Yet to state the physical needs of the University this increase, coming in the most fruitful period of the University's life, has proved to be disappointingly inadequate.

It seems obvious, therefore, that a new approach is needed to meet this University's physical plant needs. The University cannot prosper on a plan which deals out appropriations in but small fractions of total need and with the lack of certainty that necessary succeeding appropriations are to come. The success that the constitutional amendments for highway construction has had, coupled with the fact that all over the State the people are willing to vote for bond issues for primary and secondary schools is heartening. It leads one to conjecture whether the answer to the problem of providing facilities for State-supported higher education does not lie in a constitutional provision which would permit the State to borrow for construction purposes on the various campuses, and pay the principal and interest out of its future income.

The people of Ohio did not hesitate to vote for a bond issue to pay a soldier's bonus for World War II veterans. There is much agitation for such a bond issue for Korean veterans. It does not seem unreasonable that the people would also vote for a bond issue to provide for education for the sons and daughters of these same veterans, for, in large part, it is the children of these veterans who are swelling the registrations of the secondary schools and prospectively the universities. If such a step were taken, and the Board of Trustees of The Ohio State University could plan for the construction of needed facilities on a broad scale, knowing that the funds would be available, there would be some hope that this University could meet its responsibilities now and in the period not too far ahead. If, on the other hand, the State government insists on holding to its present policy of appropriating funds for capital purposes only out of surplus from biennium to biennium, our share of that surplus will be too small and

much too uncertain. Unless we are to confess failure, it seems quite important that we courageously urge new thinking and a whole new approach to this problem.

It must be stressed again that this University *will need larger and larger appropriations for salaries and maintenance*. Otherwise we cannot secure and hold an adequate staff. We cannot supply the staff with the things and services which are necessary unless the operating phase of our appropriation keeps pace with the construction program.

To say that we face a dilemma is to put it mildly. To fail to face it, however, is certain to bring tragic, chaotic circumstances. The hour is late, and even if we hasten, and hasten we must, it is my earnest belief that we shall not be ready in time. But that is a product of circumstances which, in part, were unavoidable. It is useless to deal in retrospect. Our crisis can only overwhelm us if we cling to the approach of yesteryear.

### *Self-liquidating projects*

While the main purpose of a university is that of educating by classroom instruction the young people which come to it, there are a great series of other activities which are collateral to or stem from the educational process. Not the least of these has to do with a student's housing, his recreation, his happiness. As has been pointed out frequently to the Board, sorely needed are additional dormitories, but this need must not be met to the exclusion of other items in the program. Needed also are an auditorium where our University family may attend lectures, and concerts, and plays suitable to a University of our standing. Needed is a Little Theatre where the young people may create something worth while in drama. Needed is an arena where the large indoor commencements and meetings for Farmers' Week, and all the other great meetings can be held, and which also would be suitable for playing basketball.

In the face of the tremendous needs of the University with respect to the educational requirements, one cannot expect these edifices to be built with appropriated funds. They must come from non-appropriated sources, and in all of the cases some borrowing may be necessary. The question to consider here is whether to approach the problem of serving the University's needs in a cautious, conservative way and build only that which is clearly provided for by funds reasonably in sight, or on the contrary, should a bold approach be used? The Board has already assented to the construction of the various items described. The only problem left to be decided is the magnitude of each of the projects, and how much of the University's own money will be consumed in their creation.

### *Conclusion*

This poses for us, then a monumental task. Not all of the facilities needed will come from appropriated funds. Some of the projects may be self-liquidating—others will come by gift or grant.

It seems essential, however, that first we recognize the total picture as its outlines are now emerging. Secondly, it is desirable that we place an estimate of the dollars needed to produce the physical facilities required by the University for the task ahead. Thirdly, some realization will have to be had as to the method, or methods, of financing such a broad program.

What the University needs is the ability to plan for the construction of a great series of new buildings with the assurance, and not the hope, that the funds will be available. This may call for a radical departure from State financing for State-supported higher education. If so, such departure is only called for because the need is great. Certainly, the young people are here—alive. They are increasing in great abundance. They will continue to present themselves in numbers far beyond anything which the University has experienced.

When the saturation point is reached, it should be on the basis of having provided for facilities necessary to do our part. Our role should always be that of a great university at the apex of the educational triangle in the State. It cannot become a great octopus which reaches out to grab every student or research or service in sight.

To achieve the first of these, and to assume the greatness which belongs to this University, is at this juncture almost an impossible task. To do the latter seems highly injudicious and a fruitless, hopeless task. Finally, this University must, in the planning of its new construction, establish a whole series of priorities. The students are coming and must be cared for, at least our portion of them. While quality and service are our ultimate goal, quantity must be served in the first phase of our development. *A real program for The Ohio State*

*University must be made at this juncture.*

Following the consideration by the Board of many of the problems raised by President Bevis and Vice President Taylor, General Dargusch offered the following resolution and moved its adoption:

WHEREAS it is generally agreed that there will be a tremendous increase in college enrollments and that the first impact of such increase will soon be upon us, and

WHEREAS there is need to re-examine the relationships of private education and public education, with particular emphasis on the problem of increased enrollments, and

WHEREAS such increased enrollments in both private and public institutions will require more vastly increased financial resources, physical plants and staff,

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of The Ohio State University that the University's representatives on the Inter-University Council be instructed to lay the entire problem before the Inter-University Council at the earliest possible time and that action be taken by such representatives in the Inter-University Council to insure the fullest collaboration and consultation with the Ohio College Association in the working of the problem, in order that the best interests of private education and public education be served.

The above motion was seconded by Senator Huffman, and upon roll call was adopted by unanimous vote.

The Vice President and Business Manager reported that the Cabinet has approved the following (A) Extras to Contract—special, (B) Credit to Contract and (C) Extension of time to Contract, and recommended that they now be approved by the Board of Trustees:

1-11-'54

(A) *Extra to contract—special*

*General Maintenance & Engineering Company* \$450.12  
 Repair of Greenhouse Behind Horticulture  
 & Forestry Building  
 Original contract—\$6,000—August 17, 1953

(B) *Credit to contract*

*John Van Range Company* \$255.50  
 Change kettles 1 and 2 in bakery of Womens Dormitory, Twelfth Avenue Project, from stationary model to a tilting model, and change 3 vegetable steamers from stainless steel entirely to stainless steel interior with enameled exterior and enameled accessories.  
 Original contract—\$96,600—May 18, 1953

(C) *Extension of time*

*Waterproofing the Tops of Nine Concrete Canopies Along the South Elevation of the University Hospital*  
*General Maintenance & Engineering Company* \$10,635.00  
 Contract dated August 21, 1953  
 Original completion date August 31, 1953  
 Recommended completion date January 31, 1954

On motion of Judge Gorman, seconded by General Dargusch, these recommendations of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Interior Painting and Patch Plastering of McPherson Chemical Laboratory, Industrial Engineering Building, and Naval Armory	\$46,800	F-1 Building Repairs
Washing Interior Walls of Pharmacy and Bacteriology Building	4,500	F-1 Building Repairs

Upon motion of Judge Gorman, seconded by Senator Huffman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

*Request:*

- 60—Approved transfer of \$2,450.00 from Rotary A to G-2-g Refrigerated Cooling Second Story University Hospital, H. B. 10, in order to provide funds for contract with Samuel R. Lewis and Associates, engineers.
- 62—Approved releases of (a) \$90,000 from G-2-1, H. B. 816, Veterinary Medicine Basic Science Unit and (b) \$75,000 from G-2-2, H. B. 816, Agriculture—First Section of Classroom Administration Building, in order to provide funds for contract with Garfield, Harris, Robinson & Schaffer, architects, and other preliminary expenses.
- 63—Approved establishment of Rotary E for "Maintenance of the Ohio Union, Pomerene Hall, the Dormitories and Dining Halls and Athletics, all moneys received from such activities" in accordance with H. B. 10.

The Vice President and Business Manager presented the following report:

### CITIZENSHIP

In Item Four of the Last Will and Testament of Ralph D. Mer-shon is contained the following provision:

" . . . and it is my further preference, but not a condition, and not intending thereby to impose any legal restriction or liability, that a part of the income of said fund be expended in disseminating the principles which make for good citizenship . . . "

Inasmuch as a committee under Vice President Heimberger is studying the possibilities of creating a program of curricular and extra-curricular activities which will have the effect of developing a sense of civic responsibility, good citizenship, and a desire to participate in public affairs, an annual appropriation of income from the Mer-shon Fund in the amount of \$7,500 to \$10,000 to help defray the expenses of such program is recommended. Succeeding appropriations will be required as the success of the program dictates.

There exists sentiment in the Development Fund Board of Directors to augment or match this amount by placing the item as one of the "objectives" in the next Fund campaign. This will probably be discussed on January 16th at the annual meeting.

Upon motion of Senator Huffman, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager reported that there had been received through Dean Rummell of the College of Agriculture a set of sketches for the proposed Swine Evaluation Station to be located on the Lane farm recently purchased by the University.

It is recommended that the University Cabinet be instructed to proceed as quickly as possible with all the necessary actions looking toward the design and planning of this Station: i.e., as soon as the question of title to the property has been satisfactorily cleared by the Attorney General that bids be taken in the regular manner by

advertisement in accordance with law. The cost of this project is estimated to be \$25,000. All actions in this matter are to be reported to the Board of Trustees at the next appropriate meeting.

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The University Cabinet wishes to recommend that the necessary steps be taken to appoint the firm of Potter, Tyler, Martin & Roth, registered architects of Cincinnati, to perform the architectural services required in connection with the new project, "Law—First Section of Classroom Administration Building." This service is to be rendered as associate architects with the University Architect.

One-half of one per cent is deducted in recognition of the services performed by the University Architect's Office, making the fee to be contained in the form of contract, net six per cent (6%).

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager recommended the following transfers:

\$1,500.00—from Rotary 16001 Athletic Funds to G-2-a Field House, H.B. 10, to provide funds for services of the University Architect.

\$3,700.00—from Rotary 12261 General University Fund to G-2-C Women's Dormitories, H.B. 10, to provide for the University Architect's services for January, February and March 1954. This will be considered as a loan until the dormitory bonds are sold and final settlement is made.

\$1,600.00—from Rotary 13727 University Hospital to G-2-E Remodeling Starling-Loving Wing A, H.B. 10, to provide funds for the University Architect's services for January, February and March, 1954.

Upon motion of Mr. Black, seconded by Judge Gorman, the above recommended transfers were approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the following statement:

At the last meeting of the Board of Trustees, it was reported that Mr. Taine G. McDougal had proposed, if acceptable to the Board of Trustees, creating an irrevocable trust in which the University was to be named as the remainderman.

The Trustees approved the proposal by unanimous action.

This is to report to the Board of Trustees that Mr. McDougal created such a Trust Agreement on the twenty-third day of December, 1953, through the Huntington National Bank of Columbus, Ohio. A copy of this Trust Agreement has been received by the University. The stock conveyed and assigned to the Trustee comprises seventy-five (75) shares of General Motors Shares, Inc. and one hundred shares of General Motors Corporation common stock. Upon the death of the donor, the Trust shall terminate under the agreement and the Trustee is required to transfer and pay over absolutely and outright

the entire Trust principal, together with any accumulated income, to the University. The principal and income are to be used for education and/or scientific purposes at the discretion of the President and the Board of Trustees.

The Vice President and Business Manager reported to the Board that there had been received from the office of the Franklin County Engineer a print showing the right of way necessary for the proposed widening of Lane Avenue. He reported that the route suggested by the County Engineer was selected after conference with Mr. Paul Elleman, Director of Physical Plant, who consulted Dean Rummell and others responsible for the farm property through which this proposed improvement will go. The approximate acreage needed for the Lane Avenue improvement proper totals 8.811 acres, and the acreage for the access road to the Timmons property is 0.230. The County Engineer indicates that the offer for the University property covered by the proposed easement for this Lane Avenue improvement is \$5,000 per acre.

It is the recommendation of the University Cabinet that the Board of Trustees, under the statutory authority granted it for the purpose of granting highway easements (Section 3335.11, General Code), accept the proposed route of the County Engineer as delineated upon his sketch of December 1953, with the understanding that the price received for the acreage covered by the easement granted for the improvement (in this case \$5,000 per acre) be no less than that accorded other property holders affected by the improvement.

Upon motion of Senator Huffman, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

President Bevis now presented Dean Gordon B. Carson of the College of Engineering, whom he had requested to meet with the Board and present a summary account of his first six months' service as Dean of the College.

Dean Carson made a very interesting report covering his experiences with the students and the Faculty. He also discussed the present curricula and the methods of teaching.

The President thanked Dean Carson and asked him to have luncheon with the Board this noon.

\* \* \* \* \*

The President now reported to the Board the deaths of Thomas L. Kibler, Montgomery E. Pike and Clarence E. Rowland. In accordance with the recommendation of the Board of Trustees, a copy of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of Thomas L. Kibler, Professor of Emeritus of Economics, on November 16, 1953. Dr. Kibler came to the University in the autumn of 1925 as Professor and Director of the newly created Commerce Extension Department. He rendered outstanding service in this capacity until 1935 when he was appointed to a professorship in the Department of Economics. In this latter capacity he served until his retirement in July, 1953, with the same high distinction that had characterized his work as the Director of Commerce Extension.

Professor Kibler was a distinguished teacher. His outstanding intellectual qualities gave depth and solidity to his teaching and research. His contributions to the life of his Department and College were enriched by his essential wisdom, his intellectual sense and by his devotion to the interests of the University.

Professor Kibler's death on November 16, 1953 removed from the University the physical presence of a truly devoted and distinguished servant whose loss will be keenly felt by his many colleagues and friends.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the Minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Montgomery E. Pike, Professor Emeritus of Business Organization, on November 14, 1953. Professor Pike received his LL.B. degree from The Ohio State University in 1912. After seven years devoted to the practice of law, he returned to the campus to teach Business Law in the College of Commerce and Journalism, which was then just three years old.

Professor Pike retired from active service in 1948. His services in this University, therefore, extended over 29 of the 37 years of the College history. Throughout the many years of his association, Professor Pike not only served with high distinction as a teacher of Business Law, but also had a major part in the development and direction of our program of course work in this important field.

Professor Pike's death on November 14, 1953 has brought a sense of deep loss to his many friends and associates. His University has lost another of those quiet but substantial figures who have contributed much to the growth and advancement of this University.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the Minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Clarence E. Rowland, Agricultural Extension Agent in Clark County, on December 19, 1953. He had served in this position continuously for 21 years. Previous to that time he had worked in two other Ohio counties, Columbiana and Lorain, as County Agricultural Agent. Altogether he had more than 31 years of service as a representative of the Agricultural Extension Service and The Ohio State University in county agent work. During the period 1929-32 he was granted a leave of absence by the University and served as Assistant State Director of Agriculture in Ohio. He was a veteran of World War I.

Mr. Rowland was a native of Washington County, Ohio, was graduated from McConnelsville High School and from

the College of Agriculture at The Ohio State University in 1920. He received his master's degree from the University in 1931.

Mr. Rowland was regarded as one of the outstanding County Agricultural Agents in Ohio. He was highly respected by his colleagues in his chosen field. In Clark County he was a leader in agricultural affairs and in the city of Springfield was one of its progressive citizens. He had a long career in Extension work, giving devoted and unstinted service to the people with whom he worked.

In commenting on his passing, W. B. Wood, Acting Director of Agricultural Extension said, "The passing of C. E. Rowland is a distinct loss to Agricultural Extension in Ohio. He served long and well in the promotion of 4-H Club work, in farm organization work and in the dissemination of research findings in the promotion of agriculture in the interest of the people he served. Our deepest sympathy goes to his family and to his host of friends and associates in their hour of sorrow."

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, February 8, 1954 at the University at 9:30 a. m.

Attest:

(Signed) CARL E. STEEB

*Chairman*

THE OHIO STATE UNIVERSITY  
OFFICIAL PROCEEDINGS OF THE  
EIGHT HUNDRED AND SEVENTY-NINTH MEETING  
OF THE BOARD OF TRUSTEES

Columbus, Ohio, February 8, 1954.

The Board of Trustees met at the University pursuant to adjournment.

Present: General Carlton S. Dargusch, Judge Robert N. Gorman, Robert F. Black and Forrest G. Ketner.

Due to the absence of Chairman Kettering and Vice Chairman Bricker, General Dargusch was selected to serve as acting chairman.

That the following miscellaneous recommendations be approved:

That the Board of Trustees commission Dr. James F. Hopkins, Professor Emeritus of Fine Arts, to paint a portrait of Colonel Ralph D. Mershon. The compensation is to be \$750.00 payable from Interest on Endowment Fund.

That leaves of absence, with salary, for the following members of the Agricultural Extension staff be granted:

Alice C. LaMoreaux, Home Demonstration Agent, for the period January 16, 1954 to June 15, 1954 for graduate study at the University of Arizona:

John E. Moore, County Agricultural Agent, Madison County, for the period January 1, 1954 to March 15, 1954 for graduate study at The Ohio State University.

That the action of the Board of Trustees on November 9, 1899 adopting the rules governing the William J. Bryan prize (consisting of the interest on \$250.00) be amended.

The William Jennings Bryan prize is to be given annually for the best essay on a subject involving the principles underlying the American Government.

This prize was originally not more than the annual interest on \$250.00. Because of lack of interest on the part of contestants, the income was not used for many years. The principal sum accordingly has increased to an amount which yields an annual income of \$250.00. On the recommendation of those concerned with the awarding of this prize it is recommended that prizes of \$100.00 each be offered annually to the limit of the income available for expenditure.

That the research agreements heretofore entered into between

The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of Kinetics of Decomposition and Oxidation of Derivatives of Boron Hydrides (To be known as the Mathieson Chemical Corporation Research Project No. 116-C (Ext. No. 1) —Chemistry) Gross values—\$15,463.00;

Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of Synthesis and Characterization of Organoboron Compounds (To be known as the Mathieson Chemical Corporation Research Project No. 116-D (Ext. No. 1) -Chemistry) Gross value—\$24,496.00;

Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of Literature Survey for Project "Zip" (To be known as the Mathieson Chemical Corporation Research Project No. 116-E (Ext. No. 1) -Chemical Engineering) Gross value \$24,150.00;

Mathieson Chemical Corporation, Baltimore, Maryland—Investigation of PVT Relationships on Selected Compounds (To be known as the Mathieson Chemical Corporation Research Project No. 116-F-Chemistry). Gross value—\$43,250.00;

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Supersonic Wind Tunnel (To be known as the Wright Air Development Center Research Project No. 344 (Sup. 14) Aeronautical Engineering. Gross value—\$24,000.00;

Charles F. Kettering Foundation, Dayton, Ohio—Investigation of Prebiological Chemistry and Physics (To be known as the Charles Kettering Foundation Research Project No. 367 (Mod. No. 5)—Physiological Chemistry and Physics). Gross value—\$7,000.00.

Air Research and Development Command, Baltimore, Maryland—Investigation of Research Planning and Guidance Program (To be known as the Air Research and Development Command Research Project No. 408 (G. O. No. 8)—Psychology). Gross value—\$212.96;

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Study of Laminar Boundary Layer (To be known as the Wright Air Development Center Research Project No. 411 (C. O. No. 9)—Aeronautical Engineering). Gross value—\$4,265.66;

Public Health Service, National Institutes of Health, Bethesda, Maryland—Investigation of Studies on Isolated Chromosomes (To be known as the National Institute of Health Research Project No. 435 (Ext. 4)—Chemistry). Gross value—\$10,500.00;

Air Force Cambridge Research Center, Cambridge, Mass.—Investigation of Gravity Data (To be known as the Air Force Cambridge Research Center Research Project No. 504 (Sup. No. 2)—Mathematics. Gross value—\$47,924.00;

Atlas Powder Company, Wilmington, Delaware—Investigation of Fermentability of Sorbitol by Oral Microorganisms (To be

known as the Atlas Powder Company Research Project No. 512 Ext. 2)—Bacteriology). Gross value—\$2,500.00.

Laboratory Procurement Office, Signal Corps Supply Agency, Fort Monmouth, New Jersey—Investigation of Improve Primary Batteries (To be known as the Signal Corps Supply Agency Research Project No. 545 (Mod. No. 2)—Chemistry). Gross value—\$14,500.00;

Charles F. Kettering Foundation, Dayton, Ohio—Investigation of Plant Proteins (To be known as the Charles F. Kettering Foundation Research Project No. 585—Chemistry). Gross value—\$20,000.00;

Public Health Service, National Institutes of Health, Bethesda, Maryland—Investigation of Cytospectrophotometric Studies of Cytochemical Changes in Carcinogenesis (To be known as the National Institutes of Health Research Project No. 586—Phys.). Gross value—\$5,238.00;

Air Force Cambridge Research Center, Cambridge, Massachusetts—Investigating of Thermal Radiation Methods of Atmospheric Probing (To be known as the Air Force Cambridge Research Center Research Project No. 587—Physics). Gross value—\$50,000.00;

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of High Altitude Physiological Research (To be known as the Wright Air Development Center Research Project No. 588—Physiology). Gross value—\$21,000.00;

The above sixteen contracts for research in cooperation with Government and Industry represent a gross income of \$314,499.62 (Government—\$177,640.62). (Industry—\$136,859.00).

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$15,000 from the E. I. duPont deNemours and Company for research in Chemistry Rotary 11189;

\$4500.00 from the Damon Runyon Memorial Fund for Cancer Research for cancer research under the direction of Dr. Charles A. Doan—Rotary 11692;

\$2250.00 from the Visking Corporation for the Visking Fellowship in Chemistry—Rotary 11890;

\$1312.50 from the American Hearth Association, Inc.—to be credited to Rotary 11019;

\$693.00 from the Trustees of the Trusts established pursuant to the Will of Edna A. Stone, deceased for the Julius F. Stone Fund for medical research—Rotary 11811;

\$100.00 from the Ohio Federation of Women's Clubs for the Pan-American Scholarship—Rotary 11583;

*From the Development Fund*

\$1812.12 for the William A. Dougherty Music Scholarship Fund.

*William A. Dougherty Music Scholarship Fund*

Established January 20, 1954, by a gift from The Ohio State University (Alumni) Association, representing royalties from the song "Across the Field" written by William A. Dougherty, B.A. '17,

JD '20, to be invested in accordance with Sec. 3335; 12 Revised Code of Ohio, the income to be used to provide scholarships for students in the School of Music at The Ohio State University. Awards are to be made by the University Scholarship Committee on recommendation of the Director of the School of Music and his staff. In the event the need for such scholarships cease to exist or so diminishes as to create unused income, then the income from this fund may be used for any purpose whatsoever as determined by the Board of Trustees of The Ohio State University.

\$500.00 for the Gilbert A. Calvin and Everett D. Reese Fund.

Upon motion of Mr. Black, seconded by Judge Gorman, these recommendations of the President were approved by unanimous vote.

President Bevis now presented the following statement and recommendation concerning:

### *Peacetime Uses of Atomic Fission*

Recent statements by President Eisenhower and others in positions of responsibility have made it seem highly probable that we are close to a new period in the development of peacetime uses of atomic fission. There is ample evidence of a strong desire to find and use methods and applications which, with due regard for national security, will assure to mankind the maximum benefits of this rich field of research and technical development. Experience has shown that, in endeavors of this kind, a wide variety of university research programs is likely to be a most fruitful and economical approach.

Within the past two years the Atomic Energy Commission has made policy decisions which now enable universities such as ours to plan, own and operate atomic reactors of certain types for the production of radio-active materials and for the study of nuclear reactions and properties. It now seems likely that further opportunities will soon be provided for the building of reactors which will be suitable for engineering research in the rapidly developing field of atomic power.

By the very nature of its services as an important center for research and instruction, particularly at advanced levels, it is essential for The Ohio State University to be in the forefront as these new areas and methods are opened more and more to investigation. This University has been actively engaged in atomic research for more than a decade. Scientific workers have built on this campus a cyclotron, a Van de Graff machine, a model betatron and much accessory instrumentation. From such ventures sizeable contributions have already been made to nuclear and atomic physics and the chemistry of radio-active materials has been diligently studied. Our scientists have been particularly interested and productive in the use of radio-active approaches to research and therapy in medicine.

The University is ready to take full advantage of the added opportunities which would be afforded through the locations of an atomic reactor on this campus. It now has on its staff competent and well-trained scientists who could put this new tool to immediate use in such diverse fields as solid-state physics, low-temperature physics, nuclear physics, radio-chemistry, radio-biology, radio-therapy, metallurgy and radiolysis.

Perhaps one of the most important research programs which would be made possible would be in the actual engineering applica-

tions of atomic power. Located as it is in a great power-using area and in close proximity to government operated atomic centers, this University has a heavy responsibility to pioneer in the field of industrial applications of atomic power. Our College of Engineering will be sadly deficient unless it is able to stay in the very forefront of research and instruction in this vastly important new development.

In view of these considerations it is now recommended that the Board of Trustees should declare it to be the policy of the University to take full advantage of widened opportunities which may be made available and proceed as rapidly as conditions permit to secure for the University a reactor of suitable design together with the necessary laboratories for continued and new research and instruction in nuclear science and technology.

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

For the information of the Board, Vice President Stradley presented the following report covering the Religion-In-Life Week held January 24-28, 1954:

#### *Religion-In-Life Week*

One of the major events of this quarter is the Religion-In-Life Week. Over two hundred students, thirty members of the faculty, and twenty-five religious workers participated in the planning of the program. Twenty distinguished educational and religious leaders, representing the major religious faiths, gave three to five days of their time, without honoraria, to the program. An additional thirty local religious leaders and members of the faculty spoke to one or more groups.

The Religion-In-Life Week program this year opened Sunday afternoon informally at a reception given at the home of President and Mrs. Bevis. Here the student and faculty leaders met the guest speakers. This was followed by the "Festival of Religious Music," a dramatic program, of sacred music in which outstanding Jewish, Catholic and Protestant choirs, together with the University Symphonic Choir, participated. Approximately fifteen hundred persons were present. This program was recorded and broadcast over WCOL and WOSU.

The following editorial, which appeared in *The Columbus Evening Dispatch* on January 28, sets forth the tone of the week:

"There is ample evidence to support the view that the balanced life requires spiritual and religious beliefs to provide proper perspective for material concepts.

"Undoubtedly something of this nature is to be implied from a statement by Dr. Howard L. Bevis, president of Ohio State University, calling upon students and faculty to lend their support to the 'Religion-In-Life' Week program now being observed on the campus.

"In this day when our religious heritage frequently is forgotten in the rush to satisfy material wants and desires, what Dr. Bevis has pointed out is worth pondering. He said: 'These opportunities (to attend or participate in the program) are not in conflict with your academic and professional responsibilities. Look upon them as opportunities which will enrich and deepen your experience in life.'

"'Religion-in-Life' Week will give us an opportunity to re-examine and analyze our spiritual and religious awareness in the light of today's problems. If the program alerts us anew to a fuller realization that 'man does not live by bread alone,' it will have made a worthwhile contribution."

During the five-day period over eleven thousand persons, the majority being students, attended the various group meetings. In addition, approximately five thousand heard the guest speakers on Sunday morning at church services throughout the city. The entire program was planned to supplement the on-going activities of the student religious foundations and the work of the churches and synagogues serving students and faculty in the University community. In addition, it aimed to develop in the colleges, schools, and departments within the University a cooperative spirit and an appreciation of the deeper spiritual and democratic aims of education. One of the by-products of the program was a recognition on the part of students, in particular student leaders, of the dignity and status to be accorded to religion and religious activities.

A program of this magnitude required a great deal of planning. It also required and received the cooperation of every college and group in the University. Its results can be far-reaching and very significant. Hundreds of students (to be exact 2,781) took part in the fraternity, sorority, and residence hall informal discussions of basic moral and spiritual questions. According to the President of the Council of Fraternity Presidents and the officers of the Women's Self Government Association, it was one of the most constructive and worthwhile events of their university careers.

Thousands of parents, alumni, religious leaders, and friends of the students, have heard or will hear of the experiences of the students and the events of the week.

A program of this character naturally confronts some students with new questions. It deals with such problems as the relation of science to religion, the relation of religion to ethical and moral issues, and the relation of religion to contemporary social issues. These problems are dealt with in a free and frank manner by leaders who are competent and responsible. The Faculty and the more able students desire the opportunity to discuss these problems in such an atmosphere.

We believe we stand on the great religious traditions of the major faiths which help plan and execute the program of Religion-In-Life Week. Our leadership is above reproach on all points—it is scholarly, deeply committed to our religious heritages, and loyal to the American way of life. The churches and synagogues in the State of Ohio are behind our efforts to make this week of religious emphasis a dynamic one in terms of challenging students and faculty to the deeper religious values in life.

The very excellent relations between the guest leaders, the churches, and the synagogues and the University administration, faculty and students may be pointed up best in terms of testimonials from the guest leaders as they left the campus. They expressed deep appreciation for the warm cordiality of the University and the receptivity and response on the part of students. Included among the comments of Dr. Lance Webb, minister of the North Broadway Church (Columbus) and a member of the team of guest leaders, was the following:

"... one of the most significant evenings I have spent—spoke 15 minutes—questions rapid fire—men responded with keen interest—subject of talk 'Faith or Futility'—was to have been over at 7:00, according to the president, for a fraternity meeting—but interest so high we continued until 7:30. Boys want a return engagement."

The local press gave considerable space to announcing and reporting on the events of the week. The *Parent's News* featured RIL Week in two issues. (See copy of the January issue attached.) *The Ohio State Monthly* is including an article in its February issue. WOSU tape recorded ten half-hour interviews with guest speakers and broadcast them in the University Symposium series. In addition, talks by guest speakers were recorded for Morning Meditations programs and broadcast over a period of three weeks. (January 18 to February 6).

An *Ohio State Lantern* editorial entitled "Many Thanks" states:

"The 1954 Religion-In-Life Week will end tonight. No one can say it was not a success. The many students who have taken part in the various programs will all agree that RIL Week is one of the most worthwhile projects on this campus. . ."

The Vice President and Business Manager reported that the University Cabinet has approved the following (A) Extras to Contract, (B) Credit to Contract and (C) Extensions of time and recommended that they now be approved by the Board of Trustees:

(A) *Extra to contract*

<i>Lieb-Jackson, Incorporated</i> .....	\$ 490.74
Additional Piping in the Feedwater Line	
Original contract—\$20,260.00—November 10, 1953	

(B) *Credit to contract*

<i>James I. Barnes Construction Company</i> .....	\$ 365.00
Revision of the "Herculite" door installation in seven openings in the Women's Dormitories, Rooms 200, 300, 400, 250, 350, 450 and 1100	
Original contract—\$2,314,900.00—May 15, 1953	

(C) *Extensions of time*

*Remodeling Wing A, Starling-Loving Hospital*

<i>Joseph Skilken and Company</i> .....	\$226,850.00
Contract dated October 21, 1953	
Original completion date January 30, 1954	
Recommended completion date <i>March 30, 1954</i>	

<i>Gustav Hirsch Organization, Incorporated</i> .....	\$ 57,400.00
Contract dated October 21, 1953	
Original completion date January 30, 1954	
Recommended completion date <i>April 30, 1954</i>	

<i>Limbach Company</i> .....	\$ 44,500.00
Contract dated October 21, 1953	
Original completion date January 30, 1954	
Recommended completion date <i>April 30, 1954</i>	

On motion of Mr. Ketner, seconded by Judge Gorman, these recommendations of the Cabinet were approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the University Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees.

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable from</i>
Repairs to Roofs on McPherson Chemical Laboratory, Kinsman Hall, Utility Storage Building, University Hall and Sheep Barn	\$13,700	F-1 Roofing Repairs
Repairs to Penthouse of South Coal Elevator in Power Plant	4,200	Transfer of funds from Power Plant to F-1 Building Repairs
Replacement of Domestic Hot Water Heater in Power Plant	9,490	Transfer of funds from E-9 Power Plant to F-9 Other

Upon motion of Mr. Black, seconded by Judge Gorman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

\* \* \* \* \*

The Vice President and Business Manager reported that the University Cabinet recommends the acceptance of the proposal of the Director of Physical Plant that the estimate of cost of \$35,000 for the Refrigerated Cooling Second Story University Hospital, previously approved by the Board of Trustees on December 14, 1953, now be divided into the following divisions for purposes of filing an estimate of cost with the Auditor of State:

*Project: Refrigerated Cooling Second Story, University Hospital*

General .....	\$ 4,162
Mechanical .....	28,338
Electrical .....	2,500
	<u>\$35,000</u>

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above recommendation of the Cabinet was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the University Architect's recommendations and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The reports of the University Architect are as follows:

*Project: Ventilating System for Research Laboratory Building*

*Project: Remodeling of Heating Piping for Research Office Building*

"Following is a tabulation of bids received prior to 2:00 P.M., February 5, 1954, for (I) Ventilation System for Research Laboratory Building and (II) Remodeling of Heating Piping for Research Office Building, and opened at that time by Mr. M. J. Moon representing the Director of Public Works.

<i>Bidder</i>	<i>Mechanical Contract</i>	<i>Alt. 1 Omit 40 ft. of duct</i>	<i>Alt. 2 Black Steel Pipe</i>
Columbus Heating & Ventilating Company	\$20,890	Deduct \$400	Deduct \$330
Limbach Company	27,265	Deduct 340	Add 200
Lieb-Jackson Company	21,396	Deduct 393	Deduct 315
(Estimate of Cost	35,000	Deduct 500	Add or deduct)

*Project II (Research Offices Piping)*

<i>Bidder</i>	<i>Mechanical Contract</i>
Columbus Heating & Ventilating Company	\$1,925
Limbach Company	5,189
Lieb-Jackson Company	1,822
(Estimate of Cost	3,500)

"The low bids on both projects are regular in every respect and are below the estimates of cost filed with the Auditor of State.

"I therefore recommend that the proposals for Alternate 1 and 2 be not considered and that the necessary action be taken to accept the low base bid of Columbus Heating and Ventilating Company for Project I in the sum of \$20,890 and the low bid of Lieb-Jackson, Incorporated in the sum of \$1,822 for Project II, and that the Director of Public Works be requested to execute contracts therefor in the regular manner."

\* \* \* \* \*

*Project: Repair of Tile Floor Walk-in Refrigerator of Dairy Laboratory in Agricultural Laboratory Building*

"Following is a tabulation of the bids received prior to 2:00 P. M., February 4, 1954 for Repair of Tile Floor Walk-in Refrigerator of Dairy Laboratory in Agricultural Laboratory Building and opened at that time:

General Maintenance and Engineering Company....	\$ 5,609
Columbus, Ohio	
Accurate Maintenance, Incorporated.....	6,184
Columbus, Ohio	
Haig M. Boyajohn Associates.....	4,670
Columbus, Ohio	
M and M Decorators.....	7,565
Chillicothe, Ohio	
(Estimate of cost.....	4,500)

"It is noted that the low bid is in excess of the estimate of cost filed with the Auditor of State. In every other respect the low bid is regular and acceptable. An examination of the bids indicates, however, that no lower bids could be expected if this project were readvertised.

"This is an important maintenance project and, in my opinion, should be executed as soon as possible since the space involved is not usable for class or laboratory purposes until it is completed. I therefore, recommend that the Controlling Board be requested to grant permission for the award of a contract to Haig M. Boyajohn Associates on the basis of their low bid of \$4,670, notwithstanding the fact that this amount is in excess of the estimate of cost, and, if this permission is granted, that the officers of the University be authorized to execute contracts therefor in the regular manner."

*Projects: Construction of Fence and Backstop at  
Varsity Baseball Diamond*

"Following is a tabulation of the bids received prior to 2:00 P. M., February 4, 1954 for Baseball Fence and Backstop and opened at that time by Mr. Moon representing the Director of Public Works.

Continental Steel Corporation.....	\$ 3,716
Cyclone Fence Department	
American Steel Division	
United States Steel Corporation.....	3,398
Paul Peterson Company.....	4,300
(Estimate of Cost.....)	3,900)

"The low bid is regular in every respect and is below the estimate of cost filed with the Auditor of State. I therefore recommend that the necessary action be taken to accept the low bid of the Cyclone Fence Department, American Steel and Wire Division of the United States Steel Corporation in the sum of \$3,398, and that the Director of Public Works be requested to execute contracts therefor in the regular manner."

Upon motion of Mr. Black, seconded by Judge Gorman, the above actions of the Cabinet were approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the University Architect's recommendation to reject the bids received. It is now recommended that the actions of the Cabinet be approved by the Board of Trustees.

The report of the University Architect is as follows:

*Project: Removal and Relocation of Two Quonset Huts on Site of  
Proposed Chemical Abstracts Building and One Quonset Hut  
on Site of Proposed Field House group*

"Following is a tabulation of the bids received prior to 2:00 P. M., February 4, 1954, for the Relocation of Three Quonset Huts, and opened at that time by Mr. M. J. Moon representing the Director of Public Works:

<i>Bidder</i>	<i>General Contract</i>	<i>Concrete Floors</i>	<i>Insulation</i>	<i>Move Gas Tank</i>
Harry E. Miller.....	\$24,381	\$4,540	\$1,662	\$300
Haig M. Boyajohn & Associates .....	25,770	3,750	2,380	350
General Maintenance & Engineering Company...	24,250	3,650	2,000	500
Dawson-Evans Construction Company ..	28,533	4,466	2,595	537
Estimate of Cost.....	15,000			

"It is noted that no bid received is below the estimate of cost filed with the Auditor of State. This is not an emergency project, and an analysis of the bids received indicates that no lower bids could be expected if the project were to be readvertised on the same specification.

"I therefore make the following recommendations.

1. That the bids for this project received on February 4 be rejected.
2. That the requirements of the project be restudied and a revised specification prepared for further consideration."

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above actions of the Cabinet were approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

#### *Request*

77—the following transfers and releases in order to provide funds for University Architect services in connection with the building projects indicated:

- (a) \$3,700 from Rotary A General to G-2 Women's Dormitories, H.B. 10
- (b) \$1,600 from Rotary A General to G-2-E Remodeling Starling-Loving Wing A, H.B. 10
- (c) \$1,500 from Rotary E Maintenance of the Ohio Union, Pomerene Hall, the Dormitories and Dining Halls and Athletic to G-2-a Field House. H.B. 10

79—extra in the amount of \$450.12 to General Maintenance and Engineering Company for Repair of Greenhouse Behind Horticulture and Forestry Building, in accordance with the provisions of H.B. 10

83—transfer and release of \$1,347.02 from Rotary 804-A to G-2-I, H.B. 10, Medical Research Laboratory in order to provide funds for balance of fees for architectural services rendered by Skidmore, Owings and Merrill on Medical Research Laboratory.

84—release of \$50,000 in G-2-3 Law—First Section of Classroom Administration Building, H.B. 816, to provide funds for preliminary expenses for "Law—First Section of Classroom Administration Building," including architectural services rendered by Potter, Tyler, Martin & Roth and the University Architect.

85—transfer and release of \$1,315.00 from 804-A General University Fund to G-2-F Auditorium, H.B. 10, in order to provide funds for test borings on site of proposed Auditorium.

88—expenditure of \$13,208.75 from Rotary E—Maintenance of Ohio Union, Pomerene Hall, the Dormitories and Dining Halls and Athletics—for installation of Automatic Tenpin Spotters and Foul Light Units, and for purchase of Mechanics Tool Box and Spare Parts Inventory; approved rental of Automatic Tenpin Spotters and Foul Light Units at a minimum yearly rental of \$1,000.00 per machine to be payable from Rotary E, Maintenance of the Ohio Union, Pomerene Hall, the Dormitories and Dining Halls and Athletics.

\* \* \* \* \*

The University Cabinet, on recommendation of the University Architect, proposes an amendment to the contract of Skidmore, Owings and Merrill for professional services for the Medical Center.

The report of the University Architect follows:

"The original contract for professional services for the Medical Center, with Skidmore, Owings and Merrill dated March 12, 1946 was supplemented by Amendment No. 2 on July 2, 1951 to include services for the Research Laboratory Addition (Cancer Research Wing). In that Amendment no mention is made of services for design and supervision of installation of equipment, although the original contract did refer to construction and equipment of the "Medical Center."

"It was the evident intent of the University Administration that the equipment for the new wing should come within the scope of the amendment to the contract.

"In order that there be no question concerning the validity of payment for services rendered in this connection, it is suggested that an Amendment No. 3 be prepared to cover this item. The University Architect has prepared such an amendment in cooperation with the Assistant Comptroller at the request and with the advice of the State Architect for the Director of Public Works.

"I therefore recommend that this amendment be approved by the Cabinet and the Board of Trustees, and the Director of Public Works be requested to execute the contract in the regular manner.

"The amendment refers to the estimated cost of the equipment involved as \$93,082.00, and the fee of 6% as \$5,584.92."

Upon motion of Judge Gorman, seconded by Mr. Black, the above proposal of the Cabinet was approved by unanimous vote.

\* \* \* \* \*

The University Cabinet, on recommendation of the University Architect, recommends payment of \$1,347.02 balance due Skidmore, Owings and Merrill on Research Laboratory Wing in Medical Center.

The report of the University Architect is as follows:

"After conference with the Assistant Comptroller, I recommend that Encumbrance Estimate No. 3177 be increased by \$1,347.02 to cover the balance due Skidmore, Owings and Merrill on account of their original contract for architect's services on the Research Laboratory wing in the Medical Center. This contract is based upon a fee of 6% of the total cost of the project."

Upon motion of Mr. Ketner, seconded by Mr. Black, the above recommendation of the Cabinet was approved by unanimous vote.

The President now reported to the Board the death of Peter Epp, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family of the deceased.

The Board of Trustees expresses its sorrow at the death of Peter Epp, Assistant Professor of German and Russian, on January 9, 1954. He was born August 13, 1888 in Petershagen, South Russia. His primary and secondary education he received in Russia, his higher education in Basel, Switzerland and Heidelberg, Germany. In 1912 he received his Ph.D. degree from the University of Basel.

Until 1924 he taught in Russia at the School of Commerce, Barvenkovo and at the Zentralschule, Halbstadt. Since the new regime in Russia made teaching impossible, he left Russia and joined the faculty of Bluffton College, Bluffton, Ohio in 1924. Among other subjects he taught a course in Comparative Culture, an innovation very well received by the students. In 1934 he came to The Ohio State University as instructor in German. In the summer of 1942, under the auspices of the American Association of Learned Societies, an intensive Russian course was introduced at Ohio State. He charted the new course, setting up the standards, preparing material, and devoting himself completely to this new phase of work.

Of his literary works the following have been published: a novel "Eine Mutter," three short stories: "Erlosung," "Johanna," "Das Geisslein," all dealing with the life and customs of the Russian Mennonites. His largest work in this series, "An der Molotschnaja," the hundred-year history of the Russian Mennonites, stopped four days before his death on page 4501 with a final handwritten entry. A series of four novels in manuscript under the general title "Eros multiformis," and a philosophical work "De homine" are to be preserved, according to his wish, in this form for 50 years. The other philosophical work, written in English, "De Mente" stoppeed on page 268.

He was not only a teacher, but also a thorough scholar, writer, and philosopher. As late as four days before his death he had used all three ancient languages; to these should be added 11 more languages of which he made use in his studies. He was a keen student of world affairs; a manuscript dealing with international affairs after World War I and a "Diary" during the second World War show the scope of his interest and insight.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

President Bevis presented the following miscellaneous recommendations:

That upon the recommendation of the Faculty Council at its meeting held on February 9, 1954 the degree, Master of Arts in Social Administration, be withdrawn and a new degree, Master of Social Work, be substituted;

That the Annual Recognition Dinner, given by the Board of Trustees, be held on May 10, 1954 at 6:30 p. m. in the Ohio Union and that \$3,036.25 be appropriated to cover expenses;

That the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Firestone Tire and Rubber Company, Akron, Ohio—Investigation of Health Hazards of Certain Compounds and Products (To be known as the Firestone Tire and Rubber Company Research Project No. 246—Extension 8—Pathology). Gross value—\$10,728.00.

Cleveland Ordnance District, Cleveland, Ohio—Investigation of Study of Amine Perchlorates as Ingredients for Fast Burning Propellants (To be known as the Cleveland Ordnance District, Research Project No. 589—Chemistry). Gross value—\$25,000.00.

Laboratory Procurement Office, Signal Corps Supply Agency, Fort Monmouth, New Jersey—Investigation of Wide Band Techniques for Ground Based Antennas (To be known as the Signal Corps Supply Agency, Research Projects No. 590—Electrical Engineering). Gross value—\$32,269.00.

Cleveland Ordnance District, Cleveland, Ohio—Investigation of Decomposition and Mechanistic Studies of Propellants and Propellants Additives (To be known as the Cleveland Ordnance District, Research Project No. 591—Chemistry). Gross value—\$12,500.00.

The above four contracts for research in cooperation with Government and Industry represent a gross income of \$80,497.00. Government—\$69,769.00. Industry—\$10,728.00.

That in accordance with the recommendation of the University Faculty Council degrees be awarded at the Winter Convocation on March 19, 1954 to the following named students who have completed their requirements therefor:

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$2000.00 from The Firestone Tire and Rubber Company for the Firestone Tire and Rubber Company Fellowship—to be credited to Rotary 11255;

\$1500.00 from the Quaker Oats Company for a fellowship in the Department of Chemistry—to be credited to Rotary 11657;

\$1500.00 from the Borden Company Foundation, Inc., for the Borden Company Scholarships in Veterinary Medicine—to be credited to Rotary 11087;

*From the Development Fund:*

\$3212.00 to be deposited in the following funds:

Ohio Dairy Products Research Fund.....\$ 612.00

Robert B. Stoltz Memorial Fund..... 100.00

Alumni Endowment Fund..... 2,500.00

\$2500.00 for the Parke, Davis and Company Chloromycetin Fund—Rotary 11594

\$100.00 for the Emil H. Arnold Fund

*From Professor Donald J. Kays*

"Footprint," 3-year gelding

"Toots," 4-year mare

Professor Kays has presented these horses to the University for use in the University's program of equitation.

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

President Bevis reported the receipt of a \$90,000 gift from the Dorothy H. and Lewis Rosenstiel Foundation of New York City, for a three year reesearch project on Hodgkin's Disease. This gift will be allocated to the College of Medicine in annual amounts of \$30,000.

Dr. Charles A. Doan, Dean of the College of Medicine who handled the negotiations with the Rosenstiels, advised the President that this gift will actually underwrite and endow the work of the Herman A. Hoster Memorial Research Floor in the new Cancer wing of University Hospital. The late Dr. Hoster was a member of the College of Medicine Research staff and was himself a victim of Hodgkin's disease. The project will be known as the "Dorothy H. and Lewis Rosenstiel, Ohio State University College of Medicine Hodgkin's Disease Research Project."

The Board formally accepted the gift with deep appreciation.

President Bevis now presented the following report and recommendation relating to the proposeed Graduate Faculty and an Advisory Research Council:

I present for your consideration an extended list of proposed changes in Faculty Rules recommended to the Board of Trustees by the Faculty Council at its meeting on February 9, 1954. Since these proposed changes are of major importance and since they would be difficult to understand through seriatim reading, I shall now attempt to fill in the necessary background and explain their purposes and methods.

The major changes proposed are designed to establish a formally recognized Graduate Faculty, to make the governing body of the Graduate School elective by this Faculty, and to establish a new Advisory Research Council for the University. A change of somewhat less importance is also recommended for the purposee of bringing together at the single focal point of the Council on Instruction all proposed new curricula or courses of study, including those open only to graduate students.

These modifications, involving both structure and procedure, have been made necessary by the growth and rapidly changing nature of the University. In recent years there has been a remarkable development in postgraduate instruction and in research. The University has become more and more a center for advanced study and highly important investigations on the frontiers of knowledge and understanding. For example, research on this campus, both fundamental and applied, has increased several times over within the past decade. Likewise, instruction at the postgraduate level has become a more and more important part of our total service to the State. These developments now call for certain changes in organization and procedure which should have the effect of making our contribution even greater, in quality as well as in quantity.

A fundamental principle of this University has been that there should be no separate Faculty employed solely for graduate instruction

or research. Each departmental and college staff has been concerned with the total problem of research and instruction at all levels in its subject matter field. It seems wise to continue this approach and, therefore, no change is being proposed. There is a need, however, for a clearer recognition of those members of our staff who are actively engaged in graduate teaching. The reason is that there should be a way through which persons who are vitally concerned with advanced teaching might be more effective in determining policies and standards of graduate instruction. *It is now proposed that a Graduate Faculty be formally established*, including all who are authorized to advise students for the Master's or Doctor's degree or who are qualified to serve as members of doctoral examination committees. Members of the Graduate Faculty would retain their present positions in their respective departments and would continue to be members of their departmental and college faculties. Subject to established University rules and the authority of the Board of Trustees, this Graduate Faculty would become the basic governing body of the Graduate School.

The second major change relates to the Graduate Council which is presently the governing body of the Graduate School. This Council is now composed of nine ex officio members and 24 members appointed by the President. The proposed change calls for 24 members elected by and from the Graduate Faculty. Three would be elected for overlapping terms of three years from each of eight areas of graduate instruction. The Dean of the Graduate School would be the Chairman and the only ex officio member. This Council would become the principal legislative body of the Graduate School, subject to modification or reversal by the Graduate Faculty. It would also elect the Executive and Curriculum Committees of the Graduate School. The latter is a new committee which would take over functions now being performed largely by the present Executive Committee.

The third major proposal calls for the establishment of an Advisory Research Council. The growth of research on this campus has been so rapid that our patterns of organization and our methods of encouragement and assistance have not kept pace. We are engaged in literally hundreds of research programs and they are of all kinds and sorts. It is our firm belief that this development is of the highest importance to the University and to the people of the State it serves. We are convinced that every effort should be made to stimulate, encourage and facilitate research which contributes, in the broadest terms, to the well-being of the community. It is also believed that there now exists a need for a university-wide approach to the many problems involved in furthering research of the highest quality and productivity. While productive and truly creative research demands a high degree of freedom and can never thrive under tight central control, it seems that a central agency could do much to encourage, assist and give broad direction to our total research effort. *For this reason the Faculty Council recommends the creation of an Advisory Research Council for the entire University.*

This Council would include, first of all, eight members of the Graduate Faculty appointed by the President, one to be chosen from each of the areas of instruction previously mentioned. At his discretion, the President might also appoint up to six additional members. The Dean of the Graduate School would be an ex officio member. In keeping with the basic principle that our program of research and

instruction at all levels should be considered as a whole and carried forward by all-inclusive departmental and college staffs, the Faculty Council recommends that the Vice President who is currently responsible for faculty and instruction should be chairman of this new Council. The effect of this would be to center in one office, for the first time, broad supervisory responsibility for our total program of teaching and research.

These proposed changes, which I have briefly described and which would be implemented by the specific additions and amendments to the Faculty Rules now before you, have resulted from an intensive study made by a Faculty Council Committee under the chairmanship of Professor Henry Hoagland. I appointed this Committee has year at the request of the Faculty Council. Its report was discussed fully by the Council at two successive meetings and again after the Committee on Rules had incorporated its recommendations into the specific proposals which are now before you.

I therefore recommend that the following changes in the Faculty Rules, as approved by the Faculty Council on February 9, 1954, be approved:

*Section 1.* That Rule 16 be amended to read as follows:

Rule 16. *The Graduate School.* The Graduate School shall consist of (a) those members of the University teaching staff who are approved to give graduate instruction; (b) a Graduate Faculty as defined in Rule 56A; (c) a Graduate Council as created by Rules 57A; and (d) an administration composed of a Curriculum Committee as created by Rule 58A, an Executive Committee as created by Rule 59A, a Dean, Assistant Deans, and a Secretary.

*Section 3.* That a new Rule, to be numbered Rule 45, be added, to read as follows:

Rule 45A. *Advisory Research Council—Appointment and Tenure.* Eight members of the Graduate Faculty, one from each of the eight graduate areas, as defined in Rule 57A, shall be appointed by the President to the Advisory Research Council. Each member shall serve for a period of four years. Any member appointed to a four-year term may not be reappointed until the expiration of one year after the end of his term. Additional members, not exceeding six, may be appointed by the President at his discretion for terms of any length he deems necessary. The Dean of the Graduate School shall be a member ex officio. The Chairman of the Advisory Research Council shall be the Vice President for Academic Affairs.

Rule 45B. *Advisory Research Council—Meetings and Functions.* The Advisory Research Council shall meet at least monthly during the academic year. Additional meetings may be called by the chairman, to whom communications regarding research policy and procedure should be directed. The Council shall perform the following functions: (a) gather and collate information relative to research work being conducted within the University; (b) collect information relative to existing and potential sources of funds for the support of research; (c) foster existing research programs and stimulate the development of research in areas needing strengthening; (d) advise individual researchers, interested departments, research agencies, and the University Administration on the merits of, and resources available for, specific research proposals; (e) study and recommend to the University Administration, University-wide policies with respect to

research activities and research personnel; (f) publicize research activities with a view to educating the public on the importance of research and the necessity for state support of it.

*Section 4.* That Parts II, III and IV of Section B of the Faculty Rules be renumbered as Parts III, IV and V, respectively, and that a new Part II, consisting of new Rules 56-59 inclusive, be inserted to read as follows:

56A. The Graduate Faculty-Membership. The regular members of the Graduate Faculty shall consist of those of the University Faculty who are qualified: (a) to advise students for the Master's Degree; (b) to serve as members of doctoral examination Committees; or (c) to advise students for the doctoral degree. Ex-officio members of the Graduate Faculty shall consist of: the President of the University, the Vice President for Academic Affairs, the Dean of the Graduate School, the Assistant Deans of the Graduate School, the Deans of the Colleges, and the Director of the Twilight School.

56B. The Graduate Faculty-Powers. The Graduate Faculty shall have the following general powers:

1. To elect all voting members of the Graduate Council in accordance with the manner prescribed by Rule 57B.

2. To initiate and to act upon any question affecting the policies of the Graduate School, or to request consideration and action by the Graduate Council.

3. To approve, modify, or reverse any action of the Graduate Council.

4. To receive the annual report of the Dean of the Graduate School and such other reports as the Dean shall submit.

56C. The Graduate Faculty-Meetings. The Graduate Faculty shall have such regular meetings as are scheduled by the Graduate Council, but in no event shall these regular meetings be scheduled less frequently than once each academic year. Special meetings of the Graduate Faculty shall be called by the Dean of the Graduate School whenever he is so requested by ten (10) per cent of the regular members of the Graduate Faculty or by a majority of the members present at any regular meetings of the Graduate Council.

The Dean of the Graduate School shall announce the time, place and purpose of each meeting (regular and special) by publication in the Official Bulletin at least three (3) days prior to the date of the meeting. The Dean of the Graduate School, or his designee, shall preside at all meetings of the Graduate Faculty. All actions of the Graduate Faculty shall be upon a majority vote of the regular members present. In case of a tie vote on any matter before the Graduate Faculty, the Dean of the Graduate School shall cast the deciding ballot. Any action taken pursuant to Rule 56B (2) or (3) shall be proposed at one meeting of the Graduate Faculty and acted upon at a subsequent meeting which shall be approximately one month after the first meeting, except that in a case of emergency, the Graduate Faculty may determine the time of the subsequent meeting.

57A. The Graduate Council-Membership. There shall be a Graduate Council constituted as follows:

1. The Chairman. The Chairman of the Graduate Council shall be the Dean of the Graduate School who shall be the ex-officio member and who shall be entitled to vote only in case of a tie.

2. The Elected Members. Twenty-four members of the Graduate Faculty, three elected by the regular members of the Graduate Faculty from each of the eight areas. The individual areas, as below defined, shall be composed of the following colleges, schools and departments.

(1) Agricultural Sciences; Agricultural Biochemistry, Agricultural Engineering, Agronomy, Animal Science, Dairy Technology, Dairy Science, Home Economics, Horticulture and Forestry, Poultry Science.

(2) Biological Sciences: Bacteriology, Botany and Plant Pathology, Hydrobiology, Physiology, Zoology and Entomology.

(3) Education and Psychology: Agricultural Education, Education, Physical Education, Psychology.

(4) Engineering Sciences: Aeronautical Engineering, Ceramic Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Industrial Engineering, Mechanical Engineering, Mechanics, Metallurgy, Mining and Petroleum Engineering, Mineralogy, Welding Engineering.

(5) Humanities: Classical Languages, English, Fine and Applied Arts, German, History, Music, Philosophy, Romance Languages, Speech.

(6) Physical Sciences: Chemistry, Geology, Mathematics, Physics and Astronomy, Physiological Chemistry, Optometry.

(7) Professional Biological Sciences: Anatomy, Dentistry, Medicine, Obstetrics and Gynecology, Pathology, Pediatrics, Psychiatry, Radiology, Surgery, Surgical Research, Pharmacy, Veterinary Anatomy, Veterinary Medicine, Veterinary Parasitology, Veterinary Physiology, Veterinary Preventive Medicine, Veterinary Research, Veterinary Surgery.

(8) Social Sciences: Accounting, Agricultural Economics and Rural Sociology, Business Organization, Economics, Geography, Journalism, Political Science, Social Administration, Sociology and Anthropology.

3. The Alternates. Nominees not elected shall constitute a panel of alternates for elected members in each area in the order of the votes which they received in the elections. Service as an alternate does not make the alternate ineligible for election to membership in the Graduate Council for the following year. The Chairman shall designate one of the Assistant Deans as his alternate and Chairman pro tem.

4. The Invited Attendants. The Chairman or the Graduate Council may invite members of the University staff to participate in the discussions of the Council, but those invited shall have no vote.

57B—The Graduate Council—Elections. Members shall be elected from each of the eight areas defined in Rule 57A for staggered terms of three years and shall be ineligible for re-election for one year thereafter.

Elections shall be administered and supervised by a Graduate Council Elections Committee which shall be composed each year of the eight area members then retiring. This Committee shall have power to make final rules on all matters not specifically covered by these Rules. Elections shall be held in the Spring Quarter of each year for terms beginning with the following Autumn Quarter.

There shall be a Graduate Council Nominating Committee in each area consisting of the retiring members of the Graduate Council representing that area, as Chairman, and the Chairman of the Graduate Committee for each department in that area, or, in the absence of such a Committee, the Department Chairman or his designated representative, as members. The Committee shall make two nominations for each position to be filled and shall accept additional nominations by petition from any six or more members of the graduate faculty of the area concerned. The area nominating committee shall prepare and mail the election ballot to each member of its graduate faculty. The election ballots shall be cast by mail directly to the Graduate Council Elections Committee and shall be counted by that Committee. The person or persons receiving the highest number of votes shall be elected to the vacancy or vacancies existing at the time of the election.

57C. The Graduate Council—Powers. The Graduate Council shall be the principal legislative body of the Graduate School and, subject to modification or reversal by the Graduate Faculty, shall have the following general powers:

1. To initiate and to act upon any question affecting the policies of the Graduate School and in connection therewith to make appropriate recommendations on all matters affecting these policies.

2. To establish rules and regulations for the conduct of the educational facilities of the Graduate School. However, any action which will result in a change of an existing rule or the establishment of a new rule, shall be proposed at one meeting of the Graduate Council and acted upon at a subsequent meeting designated for that purpose.

3. To approve, modify, or reverse any action taken by either the Curriculum Committee or the Executive Committee.

4. To oversee the area representation plan established by Rule 57A (2); more specifically, to

- (A) Make assignments of new departments to existing areas;
- (B) Review petitions of departments requesting change from one area to another;
- (C) Review the entire area composition at such intervals as it deems necessary.

58A. The Graduate School—Curriculum Committee. There shall be a Curriculum Committee constituted as follows:

1. The Chairman. The Dean of the Graduate School, or his designee, shall be Chairman of the Curriculum Committee. The Chairman shall be entitled to vote only in case of a tie.
2. The Regular Members. The Graduate Council shall select a Curriculum Committee from its elected membership. The manner of selection and the tenure shall be determined by the elected members of the Graduate Council.

58B. The Curriculum Committee—Functions. The Curriculum Committee shall perform the functions specified in Rule 94.

59A. The Graduate School—Executive Committee. There shall be an Executive Committee constituted as follows:

1. The Chairman. The Dean of the Graduate School, or his designee, shall be the Chairman of the Executive Committee. The Chairman shall be entitled to vote only in case of a tie.

- 2 The Regular Members. There shall be eight regular members of the Executive Committee selected by the Graduate Council from its elected membership. The manner of selection and the tenure shall be determined by the elected members of the Graduate Council, except that each of the eight areas outlined in Rule 57A must be represented on the Executive Committee.

59B. The Executive Committee—Functions. The Executive Committee shall perform the functions assigned to it by the Graduate Council.

5. That Rules 93 and 94 be repealed, and new rules adopted as follows:

Rule 93. Establishment or Alteration of Courses or Curricula. The establishment of courses or curricula and the alteration of existing courses or curricula must be approved by the Council on Instruction. If any change requires an addition to the teaching staff, it shall not be authorized until approved in writing by the President.

Rule 94. Procedure Required. Proposals for establishing new courses or curricula or for alterations in existing courses or curricula shall originate in the departments or schools and shall be subject to acceptance, revision or rejection by the college of which those departments or schools are a part. If approved by the college, such proposals shall be submitted to the Council on Instruction. The Council on Instruction shall refer all courses involving graduate credit to the Curriculum Committee of the Graduate School, which shall subsequently notify the Council on Instruction of the action it has taken in respect to acceptance of such proposed courses for credit toward graduate degrees. The Council on Instruction shall then take final action on the entire plan in accordance with Rule 93.

6. That Rule 96 be amended to read as follows:

Rule 96. Publication. All official bulletins of the University shall be published from the copy furnished by the Council on Instruction; but mere editorial changes, as defined by the Council on Instruction, may be made in such copy by the University Editor after receiving the approval of the department or school concerned.

7. That if new Rules 45A and 57B are adopted by Council and the Board of Trustees, the following schedule be approved for the first year of operations:

#### *Schedule*

1. *Regarding Rule 45A—Advisory Research Council—Appointment and Tenure.*

The President of the University shall appoint the original eight members to this Council as follows:

- Two for terms of one year;
- Two for terms of two years;
- Two for terms of three years; and
- Two for terms of four years.

Thereafter, two members will retire each year and new members will be appointed to four-year terms on a staggered basis.

2. *Regarding Rule 57B—The Graduate Council—Elections.*

(a) The original three members from each area shall be elected for the following terms:

One for a term of one year;  
 One for a term of two years; and  
 One for a term of three years.

Thereafter, one member will retire each year and new members will be elected to three-year terms on a staggered basis.

(b) The Graduate Council Elections Committee for the first year shall be elected by the Graduate Council from its membership.

(c) The Graduate Council Nominating Committee for the first year shall consist of department or other Chairmen of Graduate Committees or, in the absence of such Committees, of the Chairmen of Departments or their designees. The Nominating Committee, upon call of the Dean of the Graduate School, shall appoint its own chairman.

*Comments by the Committee on Rules.*

The above changes are designated to incorporate into the Faculty Rules the alterations in existing organization and procedure resulting from adoption by the Faculty Council, in amended form, of the Hoagland Committee Report on the Relation of the Graduate School to the University.

Upon motion of Senator Huffman, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

President Bevis now presented for consideration a recommendation from the Graduate Council for the establishment in the Graduate School of an Institute of Child Development and Family Life.

It has long been our policy to encourage and assist research scholars, teachers and students who have similar interests and abilities to work together in their approaches to well-defined major problems, regardless of immediate departmental affiliations. The ease of interdepartmental associations of this kind is one of the great strengths of this University. With roughly 100 teaching and research departments and areas resident upon a single campus, each with its separate staff, we have an almost unequalled array of specialized talents to bring together for the investigation of certain highly complex problems of modern life.

There are at the present time many, many groups cooperating informally in interdepartmental approaches to problems of common concern. Some of our most effective research is being done in this way. Occasionally however, an interdepartmental field of study becomes so important and so clearly defined that more formal organization seems desirable. In these cases Institutes have been established under the general supervision of the Graduate School. At the present time we have Institutes for research and instruction in Vision, in Nutrition and Food Technology, in Genetics, and in Geodesy, Photogrammetry and Cartography. Each is directed by a carefully selected committee drawn from the research staffs of related departments. The Institutes, as such, have no separate staffs and offer no courses of instruction. They are simply means for bringing to full use and productivity abilities and interests found in established departments. Presently all of our Institutes are in fields of science and, thus, the establishment of the proposed Institute of Child Development and Family Life is particularly encouraging.

For more than a decade there has been campus-wide interest in

research in child development. Since 1941 a committee has directed an originally modest but now rapidly growing interdepartmental program. It now seems desirable to take the next step and establish an *Institute of Child Development and Family Life*. There is great need for a vigorous program of research and graduate instruction in this field and, in our opinion, the establishment of a formal Institute would enable this University, which has already made a very substantial contribution, to increase the quality and effectiveness of its work.

The establishment of this new Institute calls for no immediate addition to our teaching and research staff. We now have 11 departments engaged in teaching and research of one form or another in this broad field. In these departments there are at this moment faculty members of high quality, productivity and national repute. This proposal is to associate them more closely and thus take fuller advantage of our present resources.

Therefore, it is recommended that the Institute of Child Development and Family Life be established under the supervision of the Graduate School.

Upon motion of Judge Gorman, seconded by Mr. Ketner, the above recommendation was approved by unanimous vote.

The President presented the following statement and recommendations relating to the Outpatient Department at University Hospital.

Practically the entire clinical experience of the senior class in Medicine occurs in the outpatient department. We barely had physical space enough to take care of the needs of a class of 84 students and, when we increased the classes to 150, the space needs became doubly acute. The changes and improvements soon to be completed in the A-Wing of Starling-Loving Hospital will pretty will take care of the needs for space.

Another and a more critical need is developing. The numbers of clinical patients in the outpatient department is not keeping pace with our teaching requirements. The following figures tell the story:

<i>Period</i>	<i>New</i>	<i>Revisits</i>	<i>Total</i>
June 16, 1949-June 15, 1950.....	6344	63,389	69,733
June 16, 1950-June 15, 1951.....	5376	60,301	65,677
June 15, 1951-June 17, 1952.....	5046	61,851	66,897
June 17, 1952-June 30, 1953.....	5474	64,470	69,944

In the period ended June 15, 1952 an average of only 22 new patients per day entered the clinic. Good teaching requires that each student examine not less than one new patient each day he is in the clinic. Currently, the sections number 35 to 38 students.

The lack of physical space has been one reason why we have not had more patients. Another and more important reason, however, appears to be the financial eligibility qualifications which patients must meet to receive clinical care. Our present standard was set in 1922. Under this standard, for example, a husband a wife who together earn more than \$200 per month plus \$25 for each dependent are ineligible for clinic treatment. Our fee schedule established in 1922 is a flat rate of \$1.00 for each visit and .25c for each return visit.

In view of the changes in earning capacity and the value of money since 1922, it is believed that these standards ought to be revised. Accordingly, after much discussion and consideration by the officers of the Medical School and the Vice President and Business Manager of the University, it is recommended.

- (1) That a new standard of financial eligibility be established as a basis for the acceptance of patients in the outpatient department. Based on the Bureau of Labor Statistics Price Index, it is believed that the following table fairly well conforms to modern conditions:

<i>Before Taxes *</i>	<i>Before Taxes *</i>
1 person...\$180 per month	4 persons...\$360 per month
2 persons... 240 per month	5 persons... 390 per month
3 persons... 300 per month	6 persons... 440 per month
*approximately	

Recognition should also be given to unusual situations such as accumulated medical bills due to chronic illness, acute emergencies, etc.

- (2) That a Social Service Division be created to facilitate the classification of patients to be handled in the outpatient department under this new plan with special reference to the income levels and charges which may be equitably made and collected.

It is believed (a) that if these recommendations are adopted, the outpatient department about to obtain additional space will fulfill the original plan for better teaching of increased numbers of medical students and nurses; (b) that the amount of clinical material available for the teaching of our enlarged senior medical classes will be greatly increased; and (c) that essential medical services will be made available to a large number of patients now neither eligible for clinics nor able to pay for private diagnostic treatment.

Upon motion of Senator Huffman, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

#### *Request*

- 91—award of contract in amount of \$4,670 to Haig M. Boyajohn Associates of Columbus, Ohio for "Repair of Tile Floor Walk-in Refrigerator in Agricultural Laboratory Building," notwithstanding the fact that it was in excess of the estimate of cost approved by the Board of Trustees on December 4, 1953.
- 97—transfer and release of \$35,000 from Department 804 Rotary A to G-2-C Women's Dormitories, H.B. 10, in order to purchase equipment for new Women's Dormitories.
- 99—transfer and release of \$23,175 from Department 804 Rotary A to a new account G-2-J Heating and Ventilating for Research Office and Laboratory Building, H.B. 10, in order to provide funds for contracts (1) Remodeling of Heating Piping for Research Office Building and (2) Ventilating System for Research Laboratory Building, and for architect's supervision during construction period.
- 100—transfer and release of \$3,427.50 from Department 804 Rotary E to a new account G-32-A, H.B. 10, Fence and Backstop at the Varsity Baseball Diamond, in order to provide funds for contract Construction of Fence and Backstop at Varsity Baseball Diamond, and for architect's supervision and advertising.
- 104—release of \$80,000 in G-2-5 Rehabilitation of Present Building, including meats laboratory and equipment, H.B. 816, in order to provide funds for rehabilitation of present building projects and to continue architectural services on other projects.

The Vice President and Business Manager presented the following recommendation, based upon a recommendation of the University Cabinet dated January 26, 1954:

An order was placed on November 2, 1953 with the Raymond Concrete Pile Company for test borings at the site of the proposed Auditorium to determine soil conditions, at an estimated cost of \$1,315.00. This work was completed at a cost of \$1,018.40.

The University Architect thereupon recommended that borings be taken on the adjacent site of the proposed Chemical Abstracts Building. These borings were completed by the Raymond Concrete Piling Company at a total cost of \$357.35.

It is recommended by the University Cabinet, therefore, that the original order to the Raymond Concrete Pile Company be reduced to and paid at \$1,018.40 and that a new order for \$357.35 be issued to the Raymond Concrete Pile Company for additional work done.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above recommendations of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the following report:

President Bevis and the Vice President and Business Manager met with the Investment Advisory Committee on February 3, 1954. This Committee consisted of President Stevenson of the Huntington National Bank, President Stoner of the Ohio National Bank, and Vice President Reiter of the City National Bank and Trust Company (acting for President McCoy). The immediate matter for discussion was the reinvestment of income from the Ralph D. Mershon Fund and the investment of principal of the Anna E. Smith Fund and the Kincaid Fund. The approximate amounts involved were as follows:

Mershon (income).....	\$350,000
Kincaid (principal).....	3,920
Smith (principal).....	45,975
Total.....	<u>\$399,895</u>

It was agreed that sound investment of these funds might be made as follows:

<i>Company</i>	<i>Approximate Amount</i>	<i>Latest Price at 2-3-54</i>
American Telephone and Telegraph.....	\$ 100,000	159
General Motors .....	100,000	62½
Standard Oil of New Jersey.....	100,000	78¾
Woolworth Company.....	100,000	44¾

Immediately after this meeting, the members of the Board of Trustees Investment Committee were polled by telephone by the Vice President and Business Manager to ascertain whether agreement to the proposed purchase of stocks could be had. General Dargusch, Senator Huffman and Mr. Ketner voted favorably. Senator Bricker was in Washington and was not readily available, and therefore could not be asked to vote on this proposal.

The stock market began its rise in prices on the very day of the decision to purchase. Therefore, purchase was delayed until the upswing had finished. The Treasurer of the University, recognizing the complexities of the situation, exercised a modest amount of judgment and discretion as to the distribution, and made the following purchases in the name of The Ohio State University on February 17 and 18, 1954:

3-8-'54

*Mershon Fund (Income)*

	Shares	Purchase Price	Cost	Indicated Dividend	Approx. Yield
American Telephone and Telegraph ...	600	\$161.00	\$ 96,600.25	\$5,400	5.6%
General Motors.....	2,000	61.66	123,322.60	8,000	6.5%
Standard Oil of New Jersey.....	1,000	78.05	78,052.60	4,500	5.8%
United States Steel.	1,000	40.35	40,320.25	3,000	7.4%
Woolworth Co.....	1,000	43.62	43,616.30	2,500	5.7%
Totals.....			\$381,942.00	23,400	6.0%

*Smith and Kincaid (Principal)*

General Motors ....	400	\$61.66	\$ 24,664.52	\$1,600	6.5%
United States Steel.	625	40.37	25,231.06	1,875	7.4%
Totals.....			\$ 49,895.58	\$3,475	7.0%
Grand Totals			\$431,837.58	\$26,875	6.2%

The prices at which purchased, and the distribution of shares among the companies indicated, resulted in a highly satisfactory potential yield based upon the indicated dividends for 1954. Inasmuch as the principal of the Mershon Fund must be kept intact, the securing of a good dividend return becomes highly important.

All of the stocks involved are Grade A.

Upon motion of Judge Gorman, seconded by Senator Huffman, the purchase of the foregoing listed common stocks on February 17 and 18, 1954 as (1) a temporary investment of income from the Ralph D. Mershon Fund in the amount of \$381,942.00, and (2) as an investment of the principal of the Smith and Kincaid funds in the total amount of \$49,895.58, for (3) a grand total of \$431,837.58 was approved by the Board of Trustees by unanimous vote.

Judge Gorman offered the following resolution:

In order that the investment and security business of the University may be accomplished expeditiously, it is hereby resolved that Jacob B. Taylor, Vice President and Business Manager, Treasurer of the University, acting for the Board of Trustees and in the name of The Ohio State University, be, and he hereby is authorized and directed to sell, assign, convert, transfer and/or deposit, under any deposit or protective agreement, any and all securities owned and held by, and in the name of The Ohio State University, in any capacity, and to execute any assignment or instrument as may be necessary, proper, or convenient to accomplish any such sale, assignment, conversion, transfer or deposit.

It is further resolved that Jacob B. Taylor, Vice President and Business Manager, Treasurer of the University, be, and he hereby is authorized and directed to purchase securities, acting for the Board of Trustees, and in the name of The Ohio State University, from available investment funds at his disposal as Treasurer of the University, and that he be authorized and directed to execute such instruments as may be necessary, proper or convenient to accomplish such purchases.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above resolution was approved by unanimous vote with the understanding that the above authority shall expire on April 13, 1954.

\* \* \* \* \*

The Vice President and Business Manager reported that the Fund for Adult Education and The Ohio State University have executed a Letter of Agreement whereby the Fund is making available a grant of \$100,000 to be used for the purchase of equipment for the University's proposed new television station—WOSU-TV. President Bevis signed the Letter of Agreement for and on behalf of the University under authority granted by the Board of Trustees on December 14, 1953.

The University, under this Letter of Agreement, must spend at least \$200,000 of its own funds in the construction of the station. The grant of \$100,000 will provide equipment for the station, of which \$30,000 must be used for the purchase of kinescope equipment.

The University agrees, among other things, that for a period of three years it will participate in the Educational Television and Radio Center, both by way of supplying suitable program material to the Center and serving as an outlet for programs offered through the Center, it being understood that such expressed willingness is not to infringe the ultimate autonomy of decision of the University either as to programs provided to the Center or as to programs carried locally.

The University, in order to secure final title to the equipment, must use it for a period of eight years in the continuous operation of its educational television station. Otherwise, the agreement provides that the equipment purchased with the grant funds must be returned to the Fund for Adult Education. Similar other operating provisions and conditions are contained in the Agreement, all of which seem reasonable and believed to be within the scope of the University's authority and ability to comply with them. A copy of the Letter of Agreement is on file in the Business Office of the University.

Upon motion of Mr. Ketner, seconded by Judge Gorman, the President's action in signing the Letter of Agreement was unanimously approved.

The Vice President and Business Manager offered the following resolution for retirement of bonds held by the Public Employees Retirement System in accordance with the provisions of the bond indenture for Women's Dormitories approved by the Board of Trustees at the September 8, 1953 meeting:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there shall be called for redemption on April 1, 1954 dormitory revenue bonds in the amount of \$35,000, being bonds numbered 2 through 8 inclusive held by the Public Employees Retirement System. This action is in accordance with the maturity schedule as shown in Section I of the indenture.

BE IT FURTHER RESOLVED that the interest on said bonds for the period January 15, 1954 to April 1, 1954 be paid to the Public Employees Retirement System.

Upon motion of Judge Gorman, seconded by Mr. Ketner, the above resolution was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the recommendation of the University Cabinet, based upon a strong, well-documented request from Dean Charles A. Doan of the College of Medicine, (1) that the appropriation, "G-2 Buildings-Medicine-Classroom Facilities, \$500,000, contained in H.B. 816", be employed for the further extension of the north wing of University Hospital for housing *diagnostic X-ray and classrooms*; (2) that permission be requested from the State Controlling Board to change the title of the appropriation accordingly; and (3) that architects be engaged for the design and construction of this wing at once.

It is the further recommendation of the University Cabinet, based upon Dean Doan's statement of urgent need, that study and consideration be given to still another extension of this north wing for the purpose of housing *therapeutic X-ray*, the cost of this portion of the proposed addition to be defrayed from the income to be received from the researches undertaken and special services rendered in this unit. Report on this phase of the proposed extension of facilities is to be presented to the Board at the next meeting.

The detail of these proposed additions and the statement of the dire need for them are contained in memoranda to President Bevis from Dean Doan dated February 4, 1954 and February 27, 1954, and these recommendations are intended to embody the basic elements of Dean Doan's requests and recommendations to President Bevis.

The Vice President and Business Manager presented the further recommendation of the University Cabinet that the Director of Public Works be requested to execute a contract with the architectural firm of Garfield, Harris, Robinson and Schafer of Cleveland for the design and preparation of the drawings and specifications for the Medical facilities provided for in the \$500,000 appropriation in H.B. 816, at a fee of 5½ per cent. (This project will be carried on concurrently with the new building for the Colleges of Veterinary Medicine and Agriculture for which this firm has already been engaged to provide architectural services.)

Upon motion Mr. Ketner, seconded by Judge Gorman, the foregoing recommendations were unanimously approved and the University Cabinet was instructed to proceed accordingly.

\* \* \* \* \*

The Vice President and Business Manager reported that the Ohio Union had requested permission to dispose of 16 Brunswick B-10 semi-automatic pinspotters and related pit equipment and the inventory of spare and repair parts, all made surplus by the impending installation of fully automatic pinspotters.

Quotations were solicited by the Purchasing Department from eight firms likely to be interested in this equipment. One proposal was received from William K. O'Brien of Columbus in the amount of \$5,000 (which is above the amount received for similar equipment disposed of by commercial bowling alley companies recently).

Upon motion of Judge Gorman, seconded by Senator Huffman, the Cabinet was authorized to dispose of the surplus Ohio Union bowling alley equipment to William K. O'Brien of Columbus, Ohio at the quoted price of \$5,000.00.

\* \* \* \* \*

The Vice President and Business Manager reported that for the projects undertaken in the University Architect's office, it is difficult

to estimate in advance the amount of architectural services which will be needed during any one quarter. It was recommended, therefore, that the Vice President and Business Manager be authorized to transfer funds to building projects previously approved by the Board of Trustees for services of the University Architect's office in amounts not to exceed \$7,500.00 per project per quarter.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the Vice President and Business Manager was, by unanimous vote, given authority to transfer funds as recommended above and was directed to report all actions taken in this regard to the Board after the close of each quarter.

President Bevis presented the following miscellaneous recommendations:

That, upon the recommendation of the University Faculty Council at its meeting held on March 9, 1954, the following persons be awarded honorary degrees at the Spring Convocation on June 11, 1954:

Edwin Sharp Burdell	Doctor of Laws
Howard Lowry	Doctor of Laws
Jack A. Morton	Doctor of Science
Mason M. Roberts	Doctor of Laws

That leaves of absence, with salary, be granted to the following members of the Agricultural Extension Service:

Orena M. Haynes, Home Demonstration Agent, for the period April 1 through June 15, 1954, for graduate study at The Ohio State University;

Iris Macumber, County Home Demonstration Agent, for the period April 1 through May 31, 1954, for graduate study at Colorado A & M University;

Frederick T. Grimm, County Agricultural Agent, for the period April 1 through June 15, 1954 to study audio and visual aids, Radio, Television and magazine writing as it applies to a program of adult education with rural and farm people.

That John E. Moore, County Agricultural Agent, be granted a leave of absence, without salary, for the period April 1 through June 15, 1954 for study at The Ohio State University;

That upon the recommendation of the Administrative Board of the Institute of Nutrition and Food Technology, Professor J. B. Brown of the Department of Physiological Chemistry be reappointed as Director of the Institute of Nutrition and Food Technology for a period of four years effective October 1, 1954;

That the recommendation of the Board of Trustees regarding leaves of absence with salary for members of the Agricultural Extension Service be amended as follows:

"Provided that funds are available, each member of the Agricultural Extension Service staff with rank of Instructor or above, who is approved for pursuit of advanced study by the Director of the Agricultural Extension Service, Dean of the College of Agriculture and President of the University, may be entitled to an assignment for such professional improvement, with full pay, on the basis of one month leave for each 16 months' tenure in the Agricultural Extension Service. The first assignment shall not be given prior to 48 months of tenure."

On June 13, 1927, the Board of Trustees authorized the President to execute a bond in favor of the United States Government in the amount of \$570,000.00 to cover military equipment assigned to the Ohio State University. Under date of March 1st we have received a memorandum from the Headquarters Second Army indicating that this bond is insufficient to cover the value of military property now located at Ohio State University. The following action is therefore recommended for the Board of Trustees at this meeting.

"That the President be authorized to execute a bond in favor of the United States Government covering the military equipment assigned to this institution by the Department of the Army in the sum of \$800,000.00."

That the proposal of the Columbus Cancer Clinic Board, as outlined in Dr. Doan's letter of April 2, 1954, be accepted and approved.

That the lease between the Division of Wildlife, Ohio Department of Natural Resources and The Ohio State University providing for the use by the University of the Smith property on South Bass Island be renewed for an additional one year, renewable yearly thereafter.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

The above twelve contracts for research in cooperation with Government and Industry represent a gross income of \$348,926.00. Government—\$316,947.00. Industry—\$31,979.00.

Upon motion of Senator Bricker, seconded by Mr. Ketner, the above recommendations of the President were approved by unanimous vote.

Vice President Stradley reported that the University enrollment for the Spring Quarter is 17,100. He also reported that the veteran enrollment for the Winter Quarter was 2158. There were 585 students enrolled under Public Law 346, 1499 under Public Law 550. (Korean G.I. Bill), and 74 under Veterans Vocational Rehabilitation.

Vice President Stradley advised the Board that the Administration is reactivating the Civil Defense Committee, which will cooperate with the Franklin County Civil Defense Organization.

The Vice President and Business Manager reported that the University Cabinet has approved the following (A) Extras to Contract and (B) Credit to Contracts, and recommended that they now be approved by the Board of Trustees:

(A) *Extras to contracts*

*Limbach Company*.....\$2,690.00

Install connections from new downspouts to existing sewers for the Dining Halls and Remodelled Kitchen at Women's Dormitories.

Original contract—\$280,120.00—May 15, 1953

*Limbach Company*.....\$ 531.50

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on March 18, 1954, for the purpose of opening bids on *REFRIGERATED COOLING SECOND STORY UNIVERSITY HOSPITAL*. Given below is a tabulation of the bids received:

<i>Bidder</i>	<i>General</i>	<i>Mechanical</i>	<i>Electrical</i>
Geo. Atkinson & Son.....	\$9,980.00		
Genl. Maintenance & Engr. Co.....	6,500.00		
Cols. Heating & Ventilating Co.....	6,395.00	\$21,138.00	\$1,467.00
Limbach Company.....		23,400.00	
Electrical Contractors, Inc.....			2,566.00
Gustav-Hirsch Organization, Inc.....			2,174.00
Engineer's Estimate.....	\$4,162.20	\$28,338.00	\$2,500.00

"Mechanical—Division II—The low bid of Columbus Heating & Ventilating Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Columbus Heating & Ventilating Company at their low bid of \$21,138.

"Electrical—Division III—The low bid of Columbus Heating &

Ventilating Company is again regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that we enter into a contract with Columbus Heating & Ventilating Company at their bid of \$1,467.

"General—Division I—As shown above, the low bid was also submitted by Columbus Heating & Ventilating Company but exceeds the engineer's estimate. However, the total of the low bids submitted by this company for the three divisions is \$29,000, whereas the total estimate for the three divisions is \$35,000. There were four companies that took out specifications on this division and, as shown above, we received three bids, all of which exceed the estimate of cost of \$4,162 filed with the Auditor of State, for Division I—General.

"The temperatures in this area have been so high and uncontrollable during the summer months that it has curtailed the activity of the Department of Radiology housed in this area. Therefore, it is urgent that this refrigerated cooling equipment be installed before the coming hot months of summer.

"It is my opinion that we would be unable to obtain either a lower bid or wider competition should we readvertise this project. Therefore, I wish to recommend that permission be obtained from the Controlling Board to permit the Director of Public Works, for the Board of Trustees of The Ohio State University, to enter into a contract with Columbus Heating & Ventilating Company at their bid of \$6,395 for the General—Division I—notwithstanding the fact that their bid exceeds the filed estimate of cost."

In order to provide funds for the execution of these contracts recommended for award, a transfer of \$29,000 from Hospital Funds to G-2-G Refrigerated Cooling Second Story University Hospital, H.B. 10, is required and is accordingly recommended.

Upon motion of Senator Bricker, seconded by Mr. Ketner, the above actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended, was authorized.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on March 18, 1954, for the purpose of opening bids on *REPAIRS TO ROOFS ON McPHERSON CHEMICAL LABORATORY, KINSMAN HALL, UTILITY STORAGE BUILDING, UNIVERSITY HALL, AND SHEEP BARN.*

Given below is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
The Geo. Snyder & Sons Co.....	\$15,168
Geo. Shustick & Son.....	16,685

"The engineer's estimate for the above work was \$13,700. There were five companies that took out specifications on this project and, as shown above, we received only two bids, both of which exceed the estimate of cost filed with the Auditor of State.

"After making up the estimate of \$13,700 for this project,

which covers parts of five buildings, we added two sections of McPherson Chemical Laboratory roof in the specifications and inadvertently neglected to add an amount to the estimate for these extra sections.

"It is my opinion that we would be unable to obtain either a lower bid or wider competition should we advertise this project. Therefore, I wish to recommend that permission be requested from the Controlling Board to award this contract to the low bidder. The Geo. Snyder & Sons Company, notwithstanding the fact that their bid of \$15,168 exceeds the filed estimate of cost."

Funds for the execution of this contract recommended for award will be provided from F-1d Roofing Repairs.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on March 18, 1954 for the purpose of opening bids on **REPLACEMENT OF DOMESTIC HOT WATER HEATER IN POWER PLANT.**

The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Limbach Company.....	\$ 6,822.00
William R. Evans.....	9,181.26

"The engineer's estimate for the above work was \$9,490.00. The low bid of the Limbach Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with the Limbach Company at their bid of \$6,822.00."

In order to provide funds for the execution of this contract recommended for award, a transfer of \$6,822 from E-9a Power Plant to F-9 Other, H.B. 10, is required and is accordingly recommended.

Upon motion of Mr. Ketner, seconded by Judge Gorman, the above actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended was authorized.

The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Krause & Pagura, Inc.....	\$ 3,919.00
G. W. Atkinson & Son.....	3,490.00

"The engineer's estimate for the above work was \$4,200. The low bid of G. W. Atkinson & Son is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with G. W. Atkinson & Son at their low bid of \$3,490."

In order to provide funds for the execution of this contract recommended for award, a transfer of \$3,490 from E-9a Power Plant to F-1 Building Repairs, H.B. 10, is required and is accordingly recommended.

Upon motion of Mr. Black, seconded by Judge Gorman, the above actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended, was authorized.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

*Request*

- 108 transfer of \$19,280 from Rotary A to \$5,000 G-2-a Field House, \$6, 130 G-2-C Women's Dormitories, \$3, 150 G-2-h Television Station, Tower and Equipment, \$5,000 G-2-K Antenna Laboratory, for University Architect services in connection with the buildings indicated.
- 109½ change of title in account known as G-2-4 Buildings, Medicine, Classroom Facilities, H.B. 816, to G-2-4 Buildings, Medicine, Diagnostic X-ray and Classroom Facilities, and approved release of \$30,000 for architect's services and other preliminary expenses in connection with this project.
- 120 (a) award of contract in amount of \$6,395 to Columbus Heating and Ventilating Company of Columbus, Ohio for General Division of Refrigerated Cooling Second Story University Hospital notwithstanding the fact that it was in excess of the estimate of cost of \$4,162 approved by the Board of Trustees on December 14, 1953 and (b) transfer of \$29,000 from Hospital Funds to G-2-G Refrigerated Cooling Second Story University Hospital to provide funds for this contract.
- 121 award of contract in amount of \$15,168 to the Geo. Snyder and Sons Company of Columbus, Ohio for Repairs to Roofs of McPherson Chemical Laboratory, Kinsman Hall, Utility Storage Building, University Hall and Sheep Barn notwithstanding the fact that it was in excess of the estimate of cost of \$13,700 approved by the Board of Trustees on February 8, 1954.
- 123 transfer and release of \$10,312 from E-9a Power Plant to \$3,490 F-1 Building Repairs and \$6,822 F-9 Other in order to provide funds for award of contracts, Repairs to Penthouse in South Coal Elevator in Power Plant and Replacement of Domestic Hot Water Heater in Power Plant.

At the March 8, 1954 meeting of the Board, the Vice President

and Business Manager was authorized to transfer funds to building projects previously approved by the Board of Trustees for services of the University Architect's office in amounts not to exceed \$7,500 per project per quarter. The Vice President and Business Manager was directed to report all actions in this regard to the Board after the close of each quarter.

In accordance with this permission and direction, the following is reported as having been transferred to approved building projects for architectural services of the University Architect:

- \$5,000—from Rotary 12261 to G-2-a *Field House*, H.B. 10
- 6,130—from Rotary 12261 to G-2-C *Women's Dormitories*, H.B. 10
- 3,150—from Rotary 12261 to G-2-h *Television Station, Tower and Equipment*, H.B. 10
- 5,000—from Rotary 11673 to G-2-K *Antenna Laboratory* H.B. 10.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the foregoing transfer for architectural services were approved by unanimous vote.

The Vice President and Business Manager reported to the Board that, after lengthy conferences between representatives of the University and Grove-Drake-Psaty, who were the general contractors for University Hospital and the Dental Building, the architects, Skidmore, Owings & Merrill, recommended acceptance of a proposal for the correction of *Hubbellite Composition Floors* in both University Hospital and the Dental Building at no additional cost to the University.

Skidmore, Owings & Merrill also recommended that Grove-Drake-Psaty's proposal for the correction of the *Hubbellite Terrazzo Floor* conditions in University Hospital and the Dental Building be accepted on the following basis:

Allowance by Ardit Mosaic-Tile & Marble Co. for Hubbellite Terrazzo floors.....	\$ 6,500.00
Allowance by Grove-Drake-Psaty.....	7,600.00
To be assumed by the University because of change from terrazzo to tile.....	11,900.00
Total cost of installation of Conductive Ceramic Tile Floors.....	<u>\$26,000.00</u>

Upon motion of Mr. Black, seconded by Senator Bricker, the acceptance of the foregoing proposals by Grove-Drake-Psaty were approved by unanimous vote.

The recommendation of the Director of Physical Plant is presented herewith that Ernie D. Stewart be given a special police commission by the Board of Trustees under authority granted by Section 3345.04 Revised Code. Mr. Stewart was appointed park patrolman to fill a new position on the 1953-54 budget.

Upon motion of Senator Bricker, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following resolution for the approval of the Board of Trustees:

BE IT RESOLVED by the Board of Trustees of The

Ohio State University that there shall be established in the University Treasurer's Account at the Ohio National Bank an account to be known as "Dormitory Revenue Bond Issue, of October 1, 1953, Interest and Sinking Fund Account," which account shall be used for the purpose of paying the principal and interest upon the dormitory revenue bonds in accordance with Section 4 of the indenture.

Upon motion of Senator Bricker, seconded by Senator Huffman, the above resolution was approved by unanimous vote of all members except General Dargusch, who did not vote.

President Bevis presented the following miscellaneous recommendations:

That the leave of absence, with salary, be granted to Beatrice J. Cleveland, Assistant State 4-H Club Leader, Agricultural Extension Service, for the period June 21 to July 30, 1954 to attend a special Short Course on "Human Relations and Human Development Education" at the University of Maryland.

That a leave of absence, without salary, be granted to Assistant Professor John J. Balles, Department of Economics for the period July 1, 1954 to September 30, 1955 in order that he may serve as Director of Monetary Research for the Federal Reserve Bank of Cleveland.

That upon the recommendation of the Dean of the College of Engineering Charles Tyrrell West be appointed Professor and Chairman of the Department of Mechanics, effective October 1, 1954.

That Lawrence D. Jones, Professor of Engineering Drawing and Secretary of the College of Engineering, be made Associate Dean and Secretary of the College of Engineering at the same salary he is now receiving, i.e., \$10,728.00 per annum. Professor Jones will retain his professorship.

That the Lamme Medal be awarded at the Commencement on June 11, 1954 to Frank H. Riddle who received the professional degree of Ceramic Engineer in 1931. Mr. Riddle is at present Vice President, Ceramic Division of the Champion Spark Plug Company.

That upon the recommendation of the Graduate Council the fee for binding two copies of each thesis or dissertation to be filed in the Main Library be increased from \$3.50 to \$4.25 effective October 1, 1954.

It is further recommended that the fee for microfilming doctoral dissertations and publishing their abstracts be reduced from \$50.00 to \$40.00, effective October 1, 1954.

That there be appropriated from H-8 Contributions the sum of \$2,500.00 for the use of the Ohio Journal of Science for the period July 1, 1954 to June 30, 1955.

That there be appropriated from H-8 Contributions the sum of \$8,000.00 for the use of The Ohio State University Association for the period July 1, 1954 to June 30, 1955.

That there be appropriated from Interest on Endowment 4002 the sum of \$10,000.00 to the Development Fund for operating expenses.

That upon the recommendation of the Faculty Council at its meeting on March 9, 1954 the following proposal to amend the statement of principles 11, 12 and 13 in the present statement of principles in Part I, Academic Appointments, Tenure and Promotions, be approved:

A proposal to create a committee of seven members to be known as The Faculty Advisory Committee to the President and the Board of Trustees.

In order that there may be a regularly established channel through which the President and the Board of Trustees may secure advice and counsel from the faculty on University matters, it is proposed that the present committee, elected by the Faculty Council, which now meets with the Board of Trustees from time to time, be re-named and assigned a wider range of responsibilities as follows:

1. This committee shall initially consist of the present seven members of the committee which has the responsibility for meeting with the Board of Trustees.
2. One year after the committee has been established as THE FACULTY ADVISORY COMMITTEE TO THE PRESIDENT AND THE BOARD OF TRUSTEES the Faculty Council shall elect, through its elected members, and not necessarily from its own membership, seven members to this committee, three to serve for three years, two to serve for two years and two to serve for one year. In the two years immediately following it shall elect two members each year to serve three-year terms, and in the third year it shall elect three members to serve three-year terms, following this pattern thereafter to maintain the membership at seven.
3. THE FACULTY ADVISORY COMMITTEE TO THE PRESIDENT AND THE BOARD OF TRUSTEES shall continue with its function of meeting with the Board of Trustees and, in addition, shall absorb the work of the committee assigned the responsibility of evaluating the operation of the screening rule, shall be available (see the newly proposed Principles 11 and 12, Part 1 of ACADEMIC APPOINTMENTS, TENURE AND PROMOTIONS) for advice and counsel whenever the President holds hearings that look forward to termination of service and contract, and shall be available to both the President and the Board of Trustees for advice and counsel on any important matter that relates to the operation and development of The Ohio State University.

A proposal to change Principles 11, 12 and 13 in the present statement of principles in Part I, ACADEMIC APPOINTMENTS, TENURE AND PROMOTIONS, The Ohio State University.

In view of the proposal to establish THE FACULTY ADVISORY COMMITTEE TO THE PRESIDENT AND THE BOARD OF TRUSTEES, it is necessary that the following two principles replace the present Principles 11, 12 and 13. They are:

11. Permanent tenure means tenure terminable only by voluntary resignation, by retirement, or for incompetence or grave misconduct. It is an attribute of all professorial ranks and of that of instructor, but subject to a period of probation in the ranks of instructor and of assistant professor.
12. Incompetence or grave misconduct shall be established through a hearing arranged by the President, whose responsibility it shall then be to make a recommendation to the Board of Trustees. Any one against whom charges have been made shall be given due notice, presented with written charges and allowed a reasonable opportunity to reply. The rights of representation, submission of evidence and the introduction of witnesses shall be granted, and a permanent record of the hearing shall be kept. THE FACULTY ADVISORY COMMITTEE TO THE PRESIDENT AND THE BOARD OF TRUSTEES shall select three of its members to represent the faculty in the hearing. These representatives of the Committee shall participate responsibly in the hearing and in counseling with the President, who shall have the sole right to make a recommendation to the Board of Trustees. Termination shall not become effective until one year's notice of the final decision has been given. This period of notice shall not be applicable in instances in which the conduct is judged to be of such extreme gravity as to create an intolerable situation.

That upon the recommendation of the Faculty Council, at its meeting on April 13, 1954, a new Rule 43, designed to implement the foregoing changes and to consolidate other committee functions, be approved:

Rule 43. Faculty Advisory Committee to the President and the Board of Trustees.

A. Composition. The Faculty Advisory Committee to the President and the Board of Trustees shall consist of seven members elected for three-year staggered terms by the elected members of the Faculty Council from among the members of the University Faculty.

B. Election Procedure. At the opening of each Spring Quarter, the Elections Committee of the Faculty Council shall poll the entire University Faculty for suggestions of members of the Faculty, not greater than twice the number to be elected that year, for membership on the Committee. The names most frequently suggested, in a number twice the number to be elected, shall constitute the slate of the nominees. Upon report of this slate to the Faculty Council by the Elections Committee, the Council annually at its June meeting by secret ballot, shall elect from the nominees so presented a sufficient number to fill then-occurring vacancies. New committee members

shall serve beginning with the Quarter next following their election. Interim vacancies shall be filled by the Faculty Council by secret ballot after nominations from the floor. A member so elected shall serve until the next regular election and shall at that time be eligible for nomination for a full term.

C. Purposes and Functions. The Committee's purpose shall be to provide a regularly established channel of communication through which the President and the Board of Trustees may secure from the faculty advice and counsel on University matters. To this end, the Committee's functions shall include (1) the evaluation of the functioning of the University policy on guest speakers as established by the Board of Trustees; (2) the selection from its personnel of three members to participate in Presidential hearings on termination of tenure as provided in Principle 12 of Part 1 of Academic Appointments, Tenure and Promotions of The Ohio State University; (3) availability to both the President and the Board of Trustees for advice and counsel on any important matter relating to the operation and development of The Ohio State University.

That the following schedule to implement Rule 43, be adopted:

During the first year of its existence, the Faculty Advisory Committee shall consist of the seven members of the Committee of Faculty Representatives serving at the time of repeal of present Rule 44. At the initial elections to be held in the Spring of 1955 pursuant to the provisions of new Rule 43B, two of the seven members shall be elected for one-year terms, another two for terms of two years each, and three for three-year terms.

That upon the recommendation of the Faculty Council, at its meeting on April 13, 1954, a new Rule 95, be approved:

Rule 95. Adoption of Approved Courses. In determining credit for the degrees for which they are individually responsible, the several colleges and the Graduate School shall have full authority to accept or reject courses approved pursuant to Rule 94. In the event that a college or the Graduate School determines to accept a course so approved, that course shall carry those conditions and credits which have been prescribed by the Council on Instruction.

That the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Study of Miniature Engine Generator Sets (To be known as the Wright Air Development Center research project No. 515 (Sup. No. 2) —Mechanical Engineering). Gross value—\$32,000.00.

Vice President Stradley reported that at the third annual ENGINEERING HIGH SCHOOL DAY held Thursday, April 29 and Friday, April 30, 1954 the official registration was 181 on Thursday and 210 on Friday. For the most part the students on Thursday came from Central Ohio and those on Friday from other areas of the state. In addition a few teachers, guidance counselors, and parents attended each day, but did not register.

So far as the members of the committee could determine, the programs both days were successful. Several students volunteered compliments regarding the programs and the helpful information presented. Reactions from all persons contacted indicated that the event was well received by and valuable to the high school students.

President Bevis presented the recommendation of the Committee on Distinguished Service Awards. This Committee recommended the following persons to receive the Distinguished Service Award at the June 1954 Commencement:

William Clyde McCracken  
Frederic W. Heimberger  
Mrs. Clifford Rader (Clara Raynor Rader)  
Robert Laylin  
Warner Pomerene  
Donald Power

Upon motion of General Dargusch, seconded by Senator Huffman, the above recommendation was unanimously adopted.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Paving Roadways on Campus	\$10,000	F-1-c Road and Sidewalk Repairs, 1954-55 funds
Repairs to Roofs on Administration Building, Engineering Annex A, B, and C, Botany and Zoology Annex, Laneview Building, and McPherson Laboratory Building	12,500	F-1-d Roofing, 1954-55 funds
Washing Interior Walls of Botany and Zoology Building, Ives Hall, Robinson Laboratory, and Chemistry Laboratory—Sawtooth	15,500	F-1 Building Repairs, 1954-55 funds
New Paved Walks on Campus	18,000	Transfer from Repair funds to Additions and Betterments, 1954-55 funds
Patching and Repairing Areas Underneath a Portion of C Deck (Sections 21, 22, 23, 25 and 26, and southeast and southwest Towers) of the Stadium	18,000	Transfer from Department of Athletic funds to F-1 Building Repairs
Interior Painting and Patch Plastering of Hayes Hall, Kinsman Hall, Stillman Hall, Arps Hall, and Dental Building	47,900	F-1 Building Repairs, 1954-55 funds

Upon motion of Mr. Ketner, seconded by Judge Gorman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

\* \* \* \* \*

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement has received bids and approved the award of the following contracts to the low bidders and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the University Architect is as follows:

"Attached here to is a tabulation of the bids received at the Business Office prior to 2:00 p. m., April 29, 1954, for the ARENA section of the Field House Group and opened immediately thereafter by Mr. M. J. Moon, representing the Director of Public Works.

"These bids have been examined and checked after their opening, and it is noted that the low bids for each division of the contract are regular in every respect and are below the estimates of cost filed with the Auditor of State.

"Concerning the Alternates, I make the following recommendations:

*Alternate A*—Addition of a suspended acoustic ceiling in the curved-roof section of the Arena.

In my opinion, the architectural result obtained and the difference in maintenance cost involved do not justify the addition of an amount in excess of \$40,000 to the general contract amount for this item. I, therefore, recommend that this alternate be not considered.

*Alternate B*—Omission of the Balcony.

The total amount involved in all divisions for this alternate is \$127,451.00. 4200 seats are eliminated by this omission. Since this omission is not necessary to keep the total amount of expenditures below the estimate of cost, or possible funds available, I recommend that this alternate be not considered.

*Alternate C*—Change from "Gilsonite" composition covering on the domed portion of the main roof to aluminum.

The bids received for this item are much more favorable than had been anticipated. The great advantages of wear and maintenance of aluminum over composition, in my opinion, justify the expenditure of the amount involved. This alternate should be included.

Based upon the above analysis, I recommend that awards be made as indicated below and that the Director of Public Works be requested to execute contracts accordingly. Funds for these contracts are to be provided in G-2-A Field House, H. B. 10.

*Division I—General Contract*

Joseph Skilken & Company.....	\$2,378,800
Alternate C .....	Add 25,000
	<hr/> 2,403,800

*Division II—Heating and Ventilating Contract*

Lieb-Jackson, Inc. ....	363,749
-------------------------	---------

*Division III—Plumbing Contract*

Lieb-Jackson, Inc. ....	195,188
-------------------------	---------

*Division IV—Electrical Contract*

Gustav-Hirsch Organization, Inc.....	174,170
--------------------------------------	---------

*Division V—Elevator Contract*

Shepard Elevator Company.....	15,990
-------------------------------	--------

Total .....	<hr/> \$3,152,897
-------------	-------------------

The University Cabinet approved the recommendation of the University Architect as presented with the exception offered by the Director of the Physical Plant recommending the acceptance of Alter-

nate A (addition of the suspended acoustic ceiling in the curved-roof section) in the amount of \$42,800, thereby amending the award of contract to Joseph Skilken & Company as follows:

*Division I—General Contract*

Joseph Skilken & Company.....	\$2,378,800
Alternate A .....	Add 42,000
Alternate C .....	Add 25,000

Division I Total .....\$2,446,600

After a discussion of this amendment, the vote was recorded as a majority affirmative vote in favor of the amendment with the exception of the University Architect, who voted in the negative.

Upon motion of Senator Huffman, seconded by General Dargusch, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the University Architect's recommendations and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the University Architect is as follows:

Following is a tabulation of the bids received prior to 2:00 p. m., May 4, 1954, and opened by Mr. M. J. Moon, representing the Director of the Department of Public Works, for *REMODELING STU-*

**DENT SERVICES BUILDING, PART II:****General Contract (Division I)**

<i>Bidder</i>	<i>Base Bid</i>	<i>Alternate A (Plaster Board Partitions)</i>
Joseph Skilkin & Company	\$47,980	Deduct \$2,000
Henry A. Justus	49,411	" 3,500

**Electrical Contract (Division II)**

<i>Bidder</i>	<i>Base Bid</i>	<i>Alternate A (Plaster Board Partitions)</i>
McCarty Brothers Electric Co.	\$14,600	.....
Persha Electric Company	20,100	Add \$ 750
Electrical Contractors, Inc.	27,746	Deduct 500
Architect's Estimate	18,500	Add or Deduct

I recommend that Alternate A for the substitution of plaster board for transite board not be accepted for interior partitions.

The low bids in both divisions are regular in every respect and are below the Architect's estimate of cost filed with the Auditor of State.

I, therefore, recommend that awards be made to the low bidders as listed below and that the Director of Public Works be requested to execute proper contracts accordingly.

General Contract to Joseph Skilkin and Company, in the net sum of \$47,980.00, and Electrical Contract to McCarty Brothers Electric Company, in the net sum of \$14,600.00.

Funds for this project are to be provided from H. B. 816, G-2-5 Rehabilitation of Present Buildings, including meats, laboratory and equipment.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders in accordance with the University Architect's recommendations and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the University Architect is as follows:

Following is a tabulation of the bids received at the Business Office prior to 2:00 p.m., May 4, 1954, for **REMODELING COLLEGE OF ENGINEERING OFFICES** and opened immediately thereafter by Mr. M. J. Moon, representing the Director of Public Works:

*General Contract (Division I)*

<i>Bidder</i>	<i>Base Bid</i>	<i>Alternate A (Add Acoustic Ceiling)</i>
Joseph Skilken & Company	\$13,825	Add \$ 890.00
Henry A. Justus	13,977	" 962.00

*Electrical Contract (Division II)*

<i>Bidder</i>	<i>Base Bid</i>	<i>Alternate A (Add Acoustic Ceiling)</i>
Persha Electric Company	\$6,650	.....
McCarty Brothers Electric Co.	6,813	.....
Electrical Contractors, Inc.	9,589	.....
Architect's Estimate	6,000	Add or Deduct

It is noted that no bid received in either division of the contract is below the estimate of cost filed with the Auditor of State. The range of amounts of the proposals, however, is satisfactory and, in my opinion, no lower proposals would be received if the project were to be readvertised.

I, therefore, recommend that the State Controlling Board be requested to grant permission to make an award to low bidders in each division of the contract. If such permission is granted, I recommend that awards be made to low bidders and that the Director of Public Works be requested to execute contracts as follows:

General Contract to Joseph Skilken & Company for the total amount of \$14,715.

Electrical Contract to Persha Electric Company for the total amount of \$6,650.

Funds to cover the amounts of these contracts will be provided from F-1 Building Repairs, H. B. 10.

Upon motion of Senator Huffman, seconded by Judge Gorman, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder in accordance with the Director of Physical Plant's recommendation and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

On authority of the Board of Trustees, the University Cabinet met on April 15, 1954, for the purpose of opening bids on *REPLACEMENT OF CONDENSATE LINE IN McPHERSON LABORATORY*.

**TORY AND 18th AVENUE TUNNELS.** A representative of the office of the Director of Public Works was present and read the bids, a tabulation of which is given below:

<i>Bidder</i>	<i>Amount of Bid</i>
Limbach Company	\$ 8,750.00
John A. Guy	10,957.00
Lieb-Jackson, Inc.	10,825.00
Scioto Plumbing & Heating Co.	11,500.00
William R. Evans	8,328.93
Engineer's Estimate	12,000.00

The low bid of William R. Evans is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that we request the Director of Public Works to enter into a contract for this project with William R. Evans at his bid of \$8,328.93.

Funds for the execution of this contract recommended for award will be provided from transfer from Department 804 Rotary A to a new account G-32-b Replacement of Condensate Line in McPherson Laboratory and 18th Avenue Tunnels and the transfer is hereby recommended.

Upon motion of Mr. Ketner, seconded by General Dargusch, the above action of the University Cabinet was approved by unanimous vote and the transfer of funds authorized.

\* \* \* \* \*

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

*Request:*

125—Transfer of \$1,000 from Department 804 Rotary A to G-2-F Auditorium, H. B. 10, in order to provide funds for University Architect services in connection with perspective and checking plans and specifications for Auditorium.

130—Proposal from Limbach Company to install additional sewer connections at Women's Dormitories in amount of \$2,690.00, this amount to be added to original contract of \$280,120.00 dated May 15, 1953.

The Vice President and Business Manager presented the following report:

As a result of negotiations which have been carried on by representatives of Rockwell Manufacturing Company and the administrative officers of The Ohio State University, an agreement has been reached, and worked out with the assistance and approval of the Attorney General, for the transfer of the land and buildings at 1314 Kinnear Road, Columbus, to The Ohio State University. The terms are set forth in the following excerpted language of the formal agreement:

Rockwell Manufacturing Company is the owner of certain land and buildings at 1314 Kinnear Road, in the County of Franklin, Township of Clinton and State of Ohio, which land and buildings and certain equipment therein Rockwell believes have a fair market value of not less than \$1,200,000.

The Ohio State University desires to acquire said land and buildings and said equipment therein for purposes of education and research but does not desire to expend more than \$1,082,000 for such educational and research facilities, which amount Rockwell believes is the fair market value of said buildings and said equipment therein, excluding said land.

Therefore, Rockwell desires to assist in furthering the educational and research projects of University and to that end is willing to make a charitable contribution or gift to University of said land and to sell buildings and said equipment to University for \$1,082,000.

The funds to be used for this purpose have been supplied by The Ohio State University Research Foundation and are invested, in the main, in United States Treasury Bonds. It is proposed to sell these bonds (such sale being covered by separate resolution of the Board) and add the proceeds to other Research Foundation funds previously transferred to the University to make up the total of \$1,082,000 necessary to purchase the property in question.

Upon motion of Senator Huffman, seconded by General Dargusch, the Board of Trustees by unanimous vote approved the purchase of the described property at 1314 Kinnear Road for educational and research purposes in accordance with the agreement described above, authorized the transfer and appropriation of \$1,082,000 for this purpose, and authorized the President and Vice President and Business Manager to sign the agreement for the University after securing necessary permission from the State Controlling Board.

\* \* \* \* \*

The Vice President and Business Manager presented the annual report of the Auditor of State for the year ending June 30, 1953. The volume of transactions covered by this audit was \$37,852,660.73. No important findings were made, and consist of cash overages amounting to \$1,602.01 in ten departments of the University. One shortage of \$10.66 was noted with this comment—"This shortage has been deposited." The comments in the audit report indicate that the mechanical conditions providing the so-called "discrepancies" have been, or are being, eliminated.

General Dargusch thereupon presented the following resolution and moved its adoption:

WHEREAS, The report of the Bureau of Inspection and Supervision of Public Offices for the year 1952-53, as submitted by the Auditor of State, covering cash transaction of The Ohio State University in excess of thirty-eight million dollars, reveals accuracy of University accounting and integrity of financial management to the complete satisfaction of the Board of Trustees.

BE IT THEREFORE RESOLVED that the Board expresses its commendation and appreciation for service well performed to President Howard L. Bevis and Vice President and Business Manager Jacob B. Taylor and, through them, to the members of the Business Office staff and to those other University staff members and employees who are responsible for the handling of the funds covered by these audits.

The motion was seconded by Mr. Ketner and was unanimously approved by the Board.

\* \* \* \* \*

The Vice President and Business Manager offered the following resolution for approval by the Board of Trustees:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there shall be repaid to the Treasury of the State of Ohio on June 15, 1954, a portion of the \$500,000.00 Dormitory Construction Loan (Stadium) amounting to \$17,500.00, or half of the required annual payment.

The above action is in accordance with the provisions of House Bill 477 for Dormitory Construction passed by the Legislature on July 6, 1945 and approved by Governor Lausche on July 18, 1945.

Upon motion of General Dargusch, seconded by Senator Huffman, the above resolution was approved and accepted by unanimous vote.

\* \* \* \* \*

General Dargusch offered the following resolution:

In order that the financial affairs of the University be accomplished efficiently, particularly with respect to the purchase of the Kinnear Road property and the construction of the arena and the presentation to the Treasury Department of government bonds for redemption at maturity,

BE IT RESOLVED, That Howard L. Bevis, President, and Jacob B. Taylor, Vice President and Business Manager, are hereby jointly authorized and empowered to sell and assign United States bonds of any description now or hereafter registered on the books of the Treasury Department in the name of The Ohio State University, or which may now or hereafter be assigned to it.

AND IT IS FURTHER RESOLVED, That any and all assignment of United States bonds registered in the name of or assigned to this institution heretofore or hereafter made by the above-named officers are hereby ratified and confirmed.

Upon motion of General Dargusch, seconded by Judge Gorman, the above resolution was approved by unanimous vote.

\* \* \* \* \*

General Dargusch offered the following resolution:

In order that the investment and security business of the University may be accomplished expeditiously, it is hereby resolved that Howard L. Bevis President, and Jacob B. Taylor, Vice President and Business Manager of the University, acting for the Board of Trustees and in the name of The Ohio State University, be, and they hereby are jointly authorized and directed to sell, assign, convert, transfer and/or deposit, under any deposit or protective agreement, any and all securities owned and held by, and in the name of The Ohio State University, in any capacity, and to execute any assignment or instrument as may be necessary, proper, or convenient to accomplish any such sale, assignment, conversion, transfer or deposit.

It is further resolved that Howard L. Bevis, President, and Jacob B. Taylor, Vice President and Business Manager of the University,

be, and they hereby are jointly authorized and directed to purchase securities, acting for the Board of Trustees, and in the name of The Ohio State University, from available investment funds at their disposal as administrative officers of the University, and that they be authorized and directed to execute such instruments as may be necessary, proper or convenient to accomplish such purchases.

Upon motion of General Dargusch, seconded by Senator Huffman, the above resolution was approved by unanimous vote.

\* \* \* \* \*

General Dargusch presented the following recommendation relative to the proposed Water Improvement No. 475 in Sewer District Clinton No. 3:

1. That the action of December 14, 1953 by the Board of Trustees be rescinded.
2. That the following statement of the University's position with respect to this improvement and all similar improvements be made:
  - (a) The University does not wish to be placed in the position where the decision to go ahead, or not go ahead, with the suggested McCoy Road (or other) improvement is predicated upon the University's attitude in the matter.
  - (b) The University does not wish to influence, in any way, the ultimate decision as to whether its neighbors can secure the benefits of utility improvements.
  - (c) If the appropriate taxing unit decides to proceed with the improvement, the responsibility for securing the necessary legislative appropriation to defray the assessment against the University devolves upon it and does not become the responsibility of the University alone.
3. That this action be forwarded by President Bevis to the Board of County Commissioners.

Upon motion of General Dargusch, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the following report:

On February 4, 1954 bids were opened for the *Removal and Relocation of Two Quonset Huts on Site of Proposed Chemical Abstracts Building and One Quonset Hut on Site of Proposed Field House Group*. These bids were so high that the Board of Trustees, at the request of the University Cabinet, decided that they be rechecked and that the requirements of the project be restudied. The University Cabinet now wishes to recommend that the two quonset huts on the site of the proposed Chemical Abstracts Building be disposed of by being demolished and removed, and that the bid of the Midwestern Steel Buildings, Inc. of \$2,000.00 to accomplish this purpose be accepted.

It is further recommended that the quonset hut on the site of the proposed new Arena building be torn down and re-erected in the University Material Yard at Laneview by the University Service Department.

Upon motion of Senator Huffman, seconded by Mr. Ketner, the above recommendations of the University Cabinet were approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented a request that application be made to the State Records Commission for authority to destroy the following obsolete and useless records now filed in Derby Hall and the University Hospital:

1. *IBM payroll cards*—1949 through 1952. (Permanent records are on file in the Business Office for these years).
2. *Hospital Cash Register tapes*—July 1 1950 through June 30, 1953. (These years have been audited by the State Auditor's Office).
3. *Hospital Charge Tickets*—July 1, 1950 through June 30, 1953. (These years have been audited by the State Auditor's Office).
4. *Accounts Receivable ledger sheets*—1947 through 1950; which have been paid in full.

Upon motion of General Dargusch, seconded by Judge Gorman, the Board approved making the above application to the State Records Commission.

\* \* \* \* \*

The Vice President and Business Manager presented the recommendation of the Director of Physical Plant that Emil A. Schaible be given a special police commission by the Board of Trustees under authority granted by Section 3345.04 Revised Code. Mr. Schaible was appointed park patrolman to fill a new position on the 1953-54 budget.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

Thereupon the Board adjourned to meet Monday, June 14, 1954 at 10:15 a. m. at the University.

Attest:

(Signed) CARL E. STEEB  
*Secretary*

(Signed) CHARLES F. KETTERING  
*Chairman*

THE OHIO STATE UNIVERSITY  
OFFICIAL PROCEEDINGS OF THE  
EIGHT HUNDRED AND EIGHTY-THIRD MEETING  
OF THE BOARD OF TRUSTEES

Columbus, Ohio, June 14, 1954.

The Board of Trustees met at the University pursuant to adjournment.

Present: Charles F. Kettering, Chairman, Senator John W. Bricker, General Carlton S. Dargusch, Judge Robert N. Gorman, Forrest G. Ketner, Robert F. Black and Senator James W. Huffman.

\* \* \* \* \*

The minutes of the last meeting were approved.

General Dargusch moved that Forrest G. Ketner be authorized to sign, as Chairman of the Board, the diploma for the degree, Master of Science, granted to his nephew Carl Joseph Berry, at the Commencement held on June 11, 1954.

The above motion, seconded by Senator Huffman, was approved by unanimous vote.

\* \* \* \* \*

General Dargusch presented the following resolution and moved its adoption:

WHEREAS President Howard L. Bevis will retire for age on June 30, 1956, and

WHEREAS he has given the University a most outstanding administration as President since February 1, 1940, particularly during the period of the University's greatest expansion following World War II, and

WHEREAS the rules of The Ohio State University do not provide an adequate retirement allowance for him upon retirement.

NOW, THEREFORE, BE IT RESOLVED that President Bevis be granted an annual retirement allowance by the Board to be effective upon his retirement June 30, 1956 and to continue for and during the remainder of his life as follows:

He shall be paid each year out of interest on endowment a sum equal to fifty per cent of his average annual compensation for the last five (5) years of his employment at the University, less the amounts which he shall be entitled to receive (a) from the State Teachers' Retirement System, (b) under the University's Retirement Plan and (c) under any University plan for supplemental retirement benefits.

He shall render to the University following retirement such services at times and places convenient to him as may be requested by the Board of Trustees.

Mr. Black seconded this motion, which was approved by unanimous vote.

\* \* \* \* \*

General Dargusch presented the following resolution and moved its adoption:

WHEREAS public employee and teacher retirement laws were amended in 1951 so as to provide for a six per cent deduction on unlimited salary and state matching plus accumulated interest, and

WHEREAS such amendments will provide in the future an extremely liberal retirement allowance for those having substantial salaries and long periods of service, and

WHEREAS the University should provide an adequate retirement allowance for its present executive officers, who can not realize the benefits of the revised retirement laws.

NOW, THEREFORE, BE IT RESOLVED that the present Vice Presidents of the University and such other executives of the University as the Board may designate shall receive upon their retirement for age an annual retirement allowance determined in accordance with the formula established in the case of President Bevis.

BE IT FURTHER RESOLVED that in the event of the retirement of a present Vice President or other designated officer, for physical or mental disability, who has not attained the age of seventy years, but who has been employed by the University for at least thirty years prior to retirement, such Vice President or other officer shall receive the same annual retirement allowance as though he had retired at age seventy. Provided, further, that a present Vice President or other designated officer retired for physical or mental disability, who has been employed by the University for at least twenty years but less than thirty years, shall receive an annual retirement allowance determined by multiplying the annual retirement allowance, that such person would have received under this resolution had he been employed for at least thirty years, by the percentage that his actual years of employment is of thirty years.

The above motion was seconded by Judge Gorman and upon roll call was approved by unanimous vote.

\* \* \* \* \*

General Dargusch presented the following motion:

In view of the action taken this morning, the Committee on Retirement and Insurance is instructed to review the whole problem of University retirement allowances to the end that a more equitable system be established.

The above motion was seconded by Senator Bricker and upon roll call was unanimously approved.

The Chairman appointed Senator Huffman, Senator Bricker and General Dargusch as such a Committee, with General Dargusch to serve as Chairman.

\* \* \* \* \*

The Board now recessed to participate in the commemoration ceremony honoring Herbert Spencer Atkinson.

President Bevis presented the following statement:

Herbert Spencer Atkinson's request that his ashes be placed

somewhere on the campus of the Ohio State University was an expression of his deep and lasting devotion to his Alma Mater. The deposit of his ashes in the crypt covered by the commemorative plaque just outside the door of the Trustees' Board room is an expression of the great esteem in which he was held by those with whom he served so long.

He served as Trustee from 1925 until 1948, the longest term, save one, that has ever been served by any member of the Board.

From his student days until his death his heart was in his University. He contributed greatly to its building. He followed its progress with alert and eager interest. He felt that in large degree he was a product of this institution. It, in turn, was in large degree a product of his energy, interest and wisdom.

In testimony to his devotion, the Board directed the placing of this crypt in the Administration Building. In testimony of its regard and esteem, the Board now officially commemorates the affixing of the plaque.

On motion of General Dargusch, seconded by Senator Bricker, the foregoing statement was ordered by unanimous vote of the members to be spread upon the minutes of the Board of Trustees.

President Bevis presented the following miscellaneous recommendations:

That the following leaves of absence, with salary, be granted:

George L. Brown, County Agricultural Agent, Vinton County, for the period June 21 to August 31, 1954 for graduate study at The Ohio State University.

H. Elizabeth Raup, Home Demonstration Agent, Miami County, for the period June 18 through August 1, 1954 to attend special Short Course at the University of Maryland on "Human Relations and Human Development Education."

That the following leaves of absence, without salary, be granted:

Francis L. Utley, Professor of English, effective October 1, 1954 for the academic year in order to accept a Fulbright Scholarship for study in Italy.

Emanuel P. Varandyan, Assistant Professor of English, effective October 1, 1954 for the academic year in order to accept a post-doctoral fellowship.

John W. Black, Professor of Speech, effective October 1, 1954 for the academic year in order to accept a Fulbright Scholarship for study in Italy.

That a leave of absence, without salary, be granted to Dr. George M. Curtis, Professor of Surgery and Chairman of the Department of Research Surgery, effective July 1, 1954 for an indefinite period.

That the amount of \$960.00 due to Professor Laura Zirbes for part-time fourth quarter credit be paid to her in one sum in June 1954. Professor Zirbes is retiring on June 30, 1954.

That the Operating Budget of the Department of Intercollegiate Athletics for the year 1954-1955 be approved.

That, upon the recommendation of the University Faculty Council at its meeting held on June 8, 1954, the name of the Department of Mechanics be changed to Department of Engineering Mechanics, effective at once.

That the agreements between The Ohio State University and the State Department of Education, Division of Vocational Education, covering the following contracts for the year beginning July 1, 1954 and ending June 30, 1955, be approved:

Vocational Agriculture  
Vocational Home Economics  
Trade and Industrial Education

That upon the recommendation of Chancellor J. D. Williams, Secretary of the National Association of State Universities, the following Memorial to President Emeritus George W. Rightmire, which was approved at the meeting of the Association on May 4, 1954 in Salt Lake City, Utah, be noted and made a matter of record by the Board of Trustees:

*George Washington Rightmire*

Dr. George Washington Rightmire, President Emeritus of The Ohio State University, died at his home in Columbus on December 23, 1952. He was 84 years old.

A native of Ohio, Dr. Rightmire was born and reared in humble circumstances and at the age of 17 years became a country school teacher to earn funds to enter the University he was destined to serve as President. After earning his Bachelor of Philosophy degree in 1895, he taught in a Columbus high school while working toward his Master's degree, which was earned in 1898. He continued to teach during the next four years while studying law.

Dr. Rightmire was admitted to the Ohio Bar in 1902 and in the

same year joined the Faculty of The Ohio State University. While teaching, he practiced law for several years and played an active part in the government of Columbus. Rising through the academic ranks, he became Professor in the College of Law, serving as acting Dean in 1908-1909, and upon the retirement of President William Oxley Thompson, was made Acting President in 1925.

After a wide search for a permanent president, the Board of Trustees came back to Dr. Rightmire, who thus became the first alumnus to be named as President of The Ohio State University. He served in that capacity until his retirement in 1938.

Dr. Rightmire had a deep concern for the student as an individual and for the often difficult transition from secondary to university education. He pioneered in the establishment of Freshman Week as a period of orientation and personal guidance, and instituted the office of junior dean as a means of giving continuing guidance to students in their beginning years. During the depression years, Dr. Rightmire and his associates also pioneered in the development of low-cost cooperative dormitories for students.

Throughout his distinguished career, Dr. Rightmire steadfastly held to his first love of scholarship and good teaching. He himself was a rigorous scholar and recognized author and he sought constantly to develop those qualities in others. In his kindly way, his influence was a great force for good in the lives of those who were privileged to be associated with him in The Ohio State University and in the National Association of State Universities.

That the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

American Petroleum Institute, New York, New York—Investigation of Synthesis and Properties of Hydrocarbons (to be known as the American Petroleum Institute Research Project No. 31 16th Extension)—Chemistry). Gross value, \$50,000.00.

Department of the Navy, Office of Naval Research, Washington, D. C.—Investigation of X-Ray Spectroscopy (to be known as the Department of the Navy Research Project No. 384 (Amendment No. 6—Physics). Gross value, \$7,200.00.

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Psychological Principles of Learning (to be known as the Wright-Air Development Center Research Project No. 490—Supplement No. 6—Psychology). Gross value, \$25,122.36.

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Determine Boron Effect in Steel (to be known as the Wright Air Development Center Research Project No. 492—Supplement No. 4—Metallurgy). Gross value, \$25,000.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Human Engineering of Air Traffic Control Systems (to be known as the Wright Air Development Center Research Project No. 500—C. O. 6—Psychology). Gross value, \$111,995.00.

Headquarters, Wright Air Development Center, Wright-Patterson

Air Force Base, Dayton, Ohio—Investigation of Combustion Phenomena at High Pressures (to be known as the Wright Air Development Center Research Project No. 507—C. O. 5—Aeronautical Engineering). Gross values, \$24,500.00.

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Research on Oxide-Base Cermets (to be known as the Wright Air Development Center Research Project No. 557—Supplement No. 1—Engineering Experiment Station). Gross value, \$20,000.00.

Air Force Cambridge Research Center, Cambridge, Massachusetts—Investigation of Geodetic Studies, 1954 Solar Eclipse (to be known as the Air Force Cambridge Research Center Research Project No. 574—Supplement No. 1—Mathematics). Gross value, \$9,999.00.

Quartermaster Activities, Cameron Station, U. S. Army, Alexandria, Virginia—Investigation of Chemical and Organoleptic Changes in Carbohydrates and Proteins Produced by Radiation in Sterilization (to be known as the Quartermaster Activities, Cameron Station U. S. Army Research Project No. 597—Chemistry). Gross value, \$25,000.00.

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Research on the Variation in the Endurance Limit of SAE 4340 (to be known as the Wright Air Development Center Research Project No. 599—Mechanical Engineering). Gross value, \$23,850.00.

Headquarters, Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Stress Distribution in Propellers (to be known as the Air Materiel Command Research Project No. 600—Mechanics). Gross value, \$11,949.50.

The above eleven contracts for research in cooperation with Government and Industry represent a gross income of \$334,615.86. Government, \$284,615.00. Industry, \$50,000.00.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$3,300.00 from the Procter & Gamble Company for the Procter & Gamble Fellowship in Chemistry—Rotary 11653

\$3,300.00 from the Carbide and Carbon Chemicals Company for the Union Carbide and Carbon Fellowship in Chemistry

\$7,500.00 for the Frank C. Caldwell Memorial Fund

*The Frank C. Caldwell Memorial Fund*

Established May 21, 1954 by gifts through the Development Fund from Louise O. Caldwell, widow, and friends of the late Frank C. Caldwell, former Professor of Electrical Engineering, to be invested in accordance with section 3335-12 Revised Code of Ohio. The income is to be used for scholarships for undergraduate students in electrical engineering to be awarded by the University Scholarship Committee on the recommendation of the staff of the Department of Electrical Engineering. In the fifth year of every series of five-year periods beginning January 1, 1955, the current interest from this fund plus any accumulated unexpended interest, in excess of a base accumulation of \$1,000.00 may be used by the Board of Trustees of The Ohio State University, at its discretion, for any purpose.

\$3,000.00 for the Dana J. Demorest Scholarship Fund

*The Dana J. Demorest Scholarship Fund*

Established May 17, 1954, by gifts through the Development Fund from "Metalumni" in honor of Professor Dana J. Demorest, to be invested in accordance with Section 3335-12 Revised Code of Ohio, the income to be used for scholarships to be granted to students in metallurgical engineering. Awards are to be made by the University Scholarship Committee on recommendation of the Chairman of the Department of Metallurgy. In the event the need for such scholarships ceases to exist or so diminishes as to create unused income, then the Board of Trustees of The Ohio State University, in its discretion, may use said income for any purpose.

Senator Bricker called the Board's attention to the tribute paid to President Emeritus George W. Rightmire by the National Association of State Universities, and stated that as a former student of President Rightmire, he desired to confirm said statement. General Dargusch and Senator Huffman expressed the same desire which was concurred in by all members of the Board.

For the information of the Board, President Bevis presented the following report covering the problem of expanding student population.

Pursuant to the direction of the Board of Trustees, I have taken up with the Inter-University Council at two of its meetings the problem of getting ready to take care of the expanded enrollment which seems inevitable in this and other Ohio colleges and universities in the ensuing years. The immediate problem is to create an awareness of the necessity of beginning to do something now. There is a very general appreciation of the fact that the high birth rate has brought more pupils into the grade schools, but as yet there is little disposition to do more than wait until they come to college.

In the Inter-University Council, however, we have agreed to project our thinking into three successive five-year periods and by the 15th of July the State Universities have agreed to try to indicate what each will need in the way of increased plant facilities by 1960. This is on the assumption which seems warranted that by 1960 we shall all have approximately 25 per cent more students than we now have.

The Inter-University Council instructed me to seek a meeting with the Executive Committee of the Ohio College Association with a view to enlisting the cooperation of all of the colleges and universities of Ohio. As a result of my meeting with the Executive Committee, the President of the Ohio College Association appointed the Ohio Committee on Expanding Student Enrollment, consisting of

President Norman P. Auburn, University of Akron  
 President Frederick E. Welfie, John Carroll University  
 President Robert N. Montgomery, Muskingum College  
 President John D. Millett, Miami University  
 President William E. Stevenson, Oberlin College  
 Superintendent Novice G. Fawcett, Columbus Public Schools

I was named Chairman of this Committee.

I have had one meeting of this Committee at which I think a good start was made. The members representing the independent colleges have indicated a willingness to take a leading part in alerting Ohio institutions to the need and this seems to me to be a good tactical step.

There are a number of groups and committees currently engaged in dealing with some phase of the problem. We shall try to bring them all into cooperation as we move along.

It is my hope that by the autumn we may be able to bring into contact representatives of the various schools and colleges of Ohio and representatives of the State Government. If this can be done, I believe we can lay the foundation for action at the forthcoming session of the Legislature looking forward to at least the beginning of the solution of this problem.

Vice President Stradley reported that the Entrance Board has received 3127 applications for admission to the freshman class for the academic year 1954-1955. A year ago today we had received 2252 such applications. These facts were presented to supplement remarks made by the President in connection with the University's efforts to solve the problem of increasing enrollments.

\* \* \* \* \*

Vice President Heimberger presented the following report on Assigned Research Duty.

A little more than one year ago you gave your approval to an experiment with assigned research duty for a limited number of our faculty members who needed brief periods of uninterrupted time in order to advance or complete significant research projects. This first trial run is now drawing to a close and, while a more detailed report must wait until all individual reports are received, it is possible to say that, without doubt, the results have been profitable to the University and to the advancement of knowledge. During this year 12 members of our Faculty have been assigned to research duty for a total of 14 Quarters.

Some months ago you authorized a continuation of the experiment for the academic year, 1954-55. Applications supported by detailed research plans were submitted to the President's Office and then referred to the University Advisory Committee on Research Grants. After careful study, this committee made its recommendations to me and they were approved without modification.

In the coming year, 18 members of the Faculty will be assigned to a total of 25 Quarters of research duty. The projects approved range over the entire campus and include research in botany and plant pathology, classical languages, English, German, history, journalism, mathematics, Spanish, French, public address, labor economics, taxation, insurance, and fine arts.

Three things stand out at this moment. The first is that the

experimental program has been received with enthusiasm by members of our Faculty whose research projects did not lend themselves to previously established forms of assistance. The second is that the program is a growing one and, finally, the faculty members, chairmen, and deans are learning to use it in such a way that much may be accomplished with a very small outlay of added funds.

The Vice President and Business Manager reported that the University Cabinet has approved the following Extension of Time to Contract, and recommended that it now be approved by the Board of Trustees:

*Television Guyed Tower (Contract II)—WOSU-TV*

Dresser-Stacey Company .....\$28,829.00

Contract dated—January 29, 1954

Original completion date—June 1, 1954

Recommended completion date—July 1, 1954

On motion of Mr. Ketner, seconded by Mr. Black this recommendation of the University Cabinet was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager presented the following report and recommendations in connection with the rejection of bids, readvertisement, and award of contract—Electrical Division, Remodeling Student Services Building.

The following letter addressed to the Director of Public Works under date of May 20, 1954 is self-explanatory:

"As you will recall, bids were opened on May 4, 1954 for the *Remodeling of Student Services Building—Part II*. The apparent low bid for the electrical contract, Division II, was by McCarty Brothers Electric Company in the amount of \$14,600. Inasmuch as all of the bids were below the estimates of cost, including this bid in question, the University Cabinet recommended to the Board of Trustees that the Director of Public Works be requested to execute contracts with the low bidders in each of the divisions. The Board of Trustees on May 10, 1954 approved the recommendations of the University Cabinet.

Subsequent to the Board action on May 10, we were informed by McCarty Brothers Electric Company that there had been a mistake in the computation of their bid. It is our understanding that representatives of this company contacted your office and made the same representations to you and supplied you with documentary evidence of this mistake. It is our further understanding that, operating under the statute which provides for the recognition of mistakes of this sort, you have come to the conclusion that the mistake existed in fact and that it would be wholly proper to permit the McCarty Brothers Electric Company to withdraw their bid as provided by the statute.

Inasmuch as the other electrical bids submitted are in excess of the estimate of cost, we have no alternative at this juncture but to ask that the remaining bids in Division II—Electrical be rejected and that we be permitted to readvertise on a 10-day basis for Division II—Electrical.

It will be our plan to keep alive the bids for Division I and to recommend to you that the low bid of Joseph Skilken & Company be awarded as soon as the electrical bids come in approximately on June 1, 1954. Thereafter, it will be possible to proceed with the

project. An examination of the bids for Division I, the general part of the contract, would indicate that the bids are regular in every respect.

To summarize, then, the position of the University Cabinet is this:

- (1) Recognizing the mistake in the bid of the McCarty Brothers Electric Company that they be permitted, as provided by statute, to withdraw their bid.
- (2) The Director of Public Works be requested to reject all bids in the electrical portion of the contract, and
- (3) To authorize the University to take new bids immediately on a 10-day basis for Division II—Electrical.
- (4) To award the Division I—General Contract, to Joseph Skilken & Company at their low bid as soon as the electrical bid can be awarded, approximately on June 1.

With appreciation for your cooperation, I am

Very cordially yours  
(Signed) Jacob B. Taylor  
Vice President and  
Business Manager

On May 20, 1954 Director Moyer replied as follows:

"This is to advise that I have this day rejected all bids for Electrical Work for the above project.

Bids will be immediately re-advertised once for a period of ten days."

Bids were thereupon taken on June 1, 1954 after readvertisement with a revised estimate of cost of \$20,500.00 (original estimate \$18,500.00) for Division II—Electrical. The report of the University Architect with respect to these bids is as follows:

Following is a tabulation of the bids received prior to 2 p. m., June 1, 1954 for *Division II—Electrical Work, Remodeling Student Services Building*, and opened at 2:15 p. m. by Mr. Jacob B. Taylor, Vice President and Business Manager, at the request of Mr. M. J. Moon, representative of the Director of Public Works.

<i>Bidder</i>	<i>Amount</i>	<i>Alternate A (if plaster partitions are used for metal)</i>
McCarty Bros. Electric Co.	\$18,826	No change
Electrical Contractors	27,746	Deduct \$500
Persha Electric Company	20,100	Add \$750
Architect's estimate	20,500	Add or deduct

The low bid is regular in every respect and is below the estimate filed with the State Auditor. I, therefore, recommend that the proposal of McCarty Brothers Electric Company be accepted and that the Director of Public Works be requested to execute a contract therefor in the regular manner.

On the basis of the above stated facts and actions, the Cabinet recommends that the Director of Public Works be requested to execute a contract with McCarty Brothers Electric Company at their low bid of \$18,826.00.

Upon motion of Mr. Black, seconded by Senator Bricker, the above report, actions, and recommendations were approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and recommends to the Board of Trustees that the Director of Public Works be requested to award contracts as indicated in the following recommendation of the University Architect.

The report of the University Architect is as follows:

Transmitted herewith is a tabulation of the bids received prior to 2 p. m., May 18 for the Swine Evaluation Station and opened by Mr. M. J. Moon, representing the Department of Public Works.

Eight of the ten base bids for the General Contract Division are below the estimate of cost by large amounts and all of the bids for Plumbing and Electric Contract Divisions are below the estimates. However, the amounts of the deductions proposed for the five Alternates are generally less than the estimated deductions filed with the State Auditor.

The alternates were included in the specifications to effect possible savings by the use of certain materials and details of construction which vary from those contained in the basic specifications. Careful consideration was given by the Architect's staff to each alternate in conferences with the Agriculture College Swine Project Committee consisting of Mr. Bruner, Mr. Barnes and Mr. Blickle. The following analysis of the Alternates is presented for Cabinet's consideration:

- I. General Contract Alternate G1 and Plumbing Alternate P1 must be considered together. G1 revises the gutter in the concrete walk in front of the pens, eliminating the metal cover throughout the entire length of each of three sheds. But this requires the addition of drainage lines and metal connections to each pen under Plumbing Alternate P1. The revised detail provides a simpler method of construction than shown in the base specifications, and will involve less costly maintenance. Alternate G1 and P1, therefore, should be accepted.
- II. General Contract Division Alternate G2 and Plumbing Alternate P1 2 must be considered together. G2 eliminates the roof gutters, rainwater downspouts and six yard drains. P1 2 eliminates the 4-inch underground tile lines in connection therewith, gutters and downspouts. These Alternates require the whole project to depend upon natural runoff of storm water. Over so large an area covered by this project this elimination would result in unsatisfactory ground conditions in wet weather. The amount of possible savings involved does not justify the consideration of these Alternates.
- III. General Contract Alternate G3 simplifies the construction of the gates and gate posts at the 108 individual pens by eliminating certain metal reinforcing straps and plates, without reducing the strength or effectiveness of the construction. The saving offered by most bidders is attractive, and it is recommended that this alternate be accepted.
- IV. General Contract Division Alternate G4 substitutes gravel for blacktop for the roadways in the project. For the small amount of traffic required in and around the project the savings involved justifies this change in requirement. It is recommended that this Alternate be accepted.

V. General Contract Division Alternate G5 substitutes tar paper roll-roofing for sheet aluminum. Aluminum has the definite advantage of heat reflection in hot weather and is coming into wide use on farm structures for this reason. It seems justified as a desirable feature on a University research project such as this. It is recommended that Alternate G5 be not considered. (Possible interference with flight conditions at the nearby University Airport by reflection from the aluminum roof of these structures has been considered. Conferences with Mr. Barden, Director of the Airport, indicate that no appreciable interference will result.)

The College Committee presented a report dated May 25, 1954, in which they recommended the acceptances of Alternates G1, P1, 1, G3 and G4. That report is included herewith by reference.

Analysis of the bids which are detailed in the Cabinet minutes of May 18, 1954 and which are on file in the office of the University Architect, and computation of net amounts based on the above recommendations indicate the low net bids are as follows:

*General Contract*

Legg & Davis—Base Bid	\$62,216.51	(Est. \$71,000)
Alt. G1—Deduct \$2,560		(Est. \$ 3,500)
Alt. G3—Deduct \$2,100		(Est. 2,900)
Alt. G4—Deduct \$2,700	7,360.00	(Est. 4,100)
Net	\$54,856.51	

*Plumbing Contract*

Limbach Company—Base Bid	\$12,463.00	(Est. \$19,000)
Alt. P1.1 add	1,687.00	(Est. +1,400)
Net	\$14,150.00	

*Electric Contract*

Gustav Hirsch Organization, Inc.	\$ 2,740.00	(Est. \$5,000)
Total	\$71,746.51	

All of the low base bids are below the estimates of cost filed with the State Auditor. But the bids for the deductions for the recommended Alternates are all in excess of the filed estimates.

The totals of the low bids, including the recommended Alternates are very favorable and in my opinion no better bids would be received if any portions of the project are readvertised. I, therefore, recommend that the Controlling Board be requested to grant permission to accept Alternate proposals G1, G3, and G4 of Legg and Davis, and P1.1 of Limbach Company, notwithstanding the fact that the proposals for these alternate items are in excess of the estimates therefor, filed with the Auditor.

If this permission is granted, I recommend that the award of contracts be recommended as listed below and that the Director of Public Works be requested to execute contracts accordingly.

Legg and Davis, General Contract Base Bid and Alternates 1, 3 and 4, net amount	\$54,856.51
Limbach Company, Inc., Plumbing Contract, Base Bid and Alternate P1.1	14,150.00
Gustav Hirsch Organization, Incorporated, Electrical Contract, Base Bid	2,740.00

The foregoing recommendations were concurred in by the Swine Evaluation Station Committee.

\* \* \* \* \*

The University Cabinet approved the Architect's recommendations and recommended like approval of this Board.

In order to provide funds for the execution of these contracts recommended for award and other preliminary expenses, a transfer of \$72,407.51 from the General University Fund Rotary 12261 to G-2-L Swine Evaluation Station, H. B. 10, is required and is accordingly recommended. This transfer has been approved by the State Controlling Board.

Upon motion of Mr. Ketner, seconded by Senator Huffman, the above recommendations and actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended, was authorized.

\* \* \* \* \*

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on May 27, 1954, for the purpose of opening bids on Repair of the Railroad Track and Roadway on the Bridges and Approaches in Stadium Drive. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Max J. Zeller, Incorporated.....	\$62,440
The Fritz-Rumer-Cooke Company .....	70,691
Trimmer Construction Company .....	59,800

The engineer's estimate for the above work was \$60,000. The low bid of the Trimmer Construction Company is below the engineer's estimate and is regular in every respect. Therefore, I wish to recommend that The Ohio State University enter into a contract with Trimmer Construction Company at their bid of \$59,800."

In order to provide funds for the execution of this contract recommended for award, a transfer of \$59,800 from Rotary 13425 Mechanics, Coal and Gas to G-1-g Repair of the Railroad Track and Roadway on the Bridges and Approaches in Stadium Drive, H. B. 10, is required and is accordingly recommended.

Upon motion of Mr. Black, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote, and the transfer of funds, as recommended, was authorized.

\* \* \* \* \*

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on May 27, 1954 for the purpose of opening bids on Exterior Painting of Fourteen Buildings. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Arlington Decorating, Incorporated.....	\$12,500
Harold F. Mollenauer.....	15,215
Bexley Decorating Company.....	11,491
Wilhelm Neilson .....	27,700
Bohl Painting Company.....	13,972
Joseph F. Morone .....	23,772
Art Kraft Decorators, Inc.....	12,826
General Maintenance & Engineering Co.....	16,126
Bolin & Henry, Incorporated.....	14,185
Ballenger Painting Company .....	27,377
The Quality Decorating Company.....	13,494

The engineer's estimate for the above work was \$12,300. The low bid of the Bexley Decorating Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with the Bexley Decorating Company at their bid of \$11,491."

Funds for the award of this contract are provided in F-1 Building Repairs, H. B. 10.

Upon motion of Senator Huffman, seconded by Judge Gorman, the above actions of the University Cabinet were approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the University Architect is as follows:

"Following is a tabulation of the bids received prior to 2:00 p. m., June 7, 1954, for Remodeling and Extending Ventilation System in Hamilton Hall, and opened immediately thereafter by Mr. Jacob B. Taylor, Vice President and Business Manager.

<i>Bidder</i>	<i>Amount of Bid</i>
Limbach Company .....	\$7,370.00
Columbus Heating & Ventilating Company....	6,965.00
Architect's estimate .....	8,000.00

The low bid is regular in every respect and is below the estimate filed with the Auditor of State. It is, therefore, recommended that the proposal of Columbus Heating and Ventilating Company be accepted and that a contract be executed in the regular manner."

Funds for this contract are provided in F-1 Building Repairs, H. B. 10.

Upon motion of Mr. Black, seconded by Senator Bricker, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported for the record that the State Controlling Board has approved the following requests presented by the University:

*Request*

- 137—(a) Transfer of \$1,082,000 from Rotary A to G-1-b Lands and Buildings—Rockwell Plant, H. B. 10 and release without restriction.
- (b) Purchase of Rockwell Plant in the amount of \$1,082,000 payable from G-1-b Lands and Buildings—Rockwell Plant, H. B. 10.
- 141—Transfer of \$8,328.93 from Rotary A to G-32-B Replacement of Condensate Line in McPherson Laboratory and 18th Avenue Tunnels, H. B. 10, and release without restriction in order to provide funds for award of contract, Replacement of Condensate Line in McPherson Laboratory and 18th Avenue Tunnels.
- 142—Award of the following contracts payable from F-1 Building Repairs, H. B. 10 in connection with Remodeling College of Engineering Offices, notwithstanding the fact that they were in excess of the estimates of cost filed with the Auditor of State:
  - (a) General Contract—Joseph Skilken & Company, \$14,715 (Estimate of cost, \$12,000)
  - (b) Electrical Contract—Persha Electric Company, \$6,650 (Estimate of cost, \$6,000)
- 147—Transfer of \$3,195,697 from Rotary A to G-2-a Field House, H. B. 10, and release without restriction in order to provide funds for award of Arena contracts.
- 152—Transfer of balances in F-1c Road and Sidewalk Repairs and F-1d Roofing to F-1 Building Repairs, H. B. 10, and release without restriction in order to provide funds for award of contract, Remodeling and Extending Ventilating System in Hamilton Hall in the amount of \$6,965.00.
- 153—Transfer of \$59,800 from Department 804 Rotary A to F-1-g Repair of the Railroad Track and Roadway on the Bridges and Approaches in Stadium Drive, H. B. 10, and release without restriction in order to provide funds for award of contract, Repair of the Railroad Track and Roadway on the Bridges and Approaches in Stadium Drive.
- 155—(a) Acceptance of General and Plumbing Contract alternates for the Swine Evaluation Station.
- (b) Transfer and release of \$72,407.51 from Department 804 Rotary A to G-2-L Swine Evaluation Station, H. B. 10, in order to provide funds for the award of contracts for the Swine Evaluation Station and other preliminary expenses.
- 157—Acceptance of Grove, Drake & Psaty's proposals to (a) replace the original Hubbellite terrazzo floors in operating floor area of University Hospital building with conductive ceramic tile floors and (b) cover Hubbellite composition floors in various rooms of University Hospital and Dental Buildings with Group C asphalt and grease-proof tile, at cost of \$11,900 to be paid from University Hospital Rotary 13727.

- 159—Transfer and release of \$66,000 from Department 804 Rotary A to G-2-C Women's Dormitories, H. B. 10, in order to provide funds for purchase of equipment for new Women's Dormitory.

\* \* \* \* \*

The Vice President and Business Manager presented the following recommendation:

It is recommended that Jacob B. Taylor, Vice President and Business Manager, be authorized to make application to John Hancock Mutual Life Insurance Company for the withdrawal of \$25,000 from the premium reserve on Group Life Insurance Policy No. 1305-G, in order to make expenditures for the increased amount of \$204.00 annually to retired members and for the death benefits of \$500.00 to beneficiaries of deceased members. This program was provided for by previous action of the Board of Trustees.

On motion of Mr. Black, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

\* \* \* \* \*

The Vice President and Business Manager offered the following recommendation for approval by the Board of Trustees:

It is recommended that the sum of \$60,000 be appropriated from the Income on Endowments for scholarships for the year 1954-1955, the awards to be made by the Scholarship Committee, under the direction of Vice President Stradley.

Upon motion of Senator Bricker, seconded by Senator Huffman, the foregoing recommendation was approved by unanimous vote of the Board.

\* \* \* \* \*

The Vice President and Business Manager presented the following recommendation:

On September 2, 1952 and September 8, 1953, the Board of Trustees authorized the transfer of funds from the Book Store Rotary to a special Student Activities Rotary to provide funds for the payment of salaries of key personnel directly associated with student activities. On September 8, 1953 the transfer amounted to \$36,132.00 and was sufficient to pay the budgeted salaries on that date. Later, the Board of Trustees increased the salaries of several of the personnel on the list requiring an additional \$2,000.00 appropriation to June 30, 1954. The budget, as adopted on May 10, 1954 for the fiscal year 1954-1955 will require a transfer of \$45,396.00.

In order to provide funds for the additional appropriation of \$2,000.00 for 1953-54 and the full year 1954-55, it is recommended that the amount of \$47,396.00 be transferred from Rotary 12261—General University Fund to Rotary 12998—Student Activities—Special.

Upon motion of Senator Huffman, seconded by Senator Bricker, the foregoing recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following recommendation:

The Board of Trustees at its meeting of October 19, 1953 declared its intention to appropriate \$175,000.00 to be distributed upon a basis determined by the President for research fellowships, grants-in-aid and allied supports in research, new and continuing. In order to provide funds for this purpose, it is recommended that \$175,000.00 be transferred from Rotary 12261—General University Fund to Rotary 12250 Fellowships, Grant-in-Aid for the year 1954-55.

Upon motion of Mr. Ketner, seconded by Senator Bricker, the foregoing recommendation was approved by unanimous vote.

The Board now proceeded to the election of officers for the fiscal year beginning July 1, 1954.

Upon motion of Judge Gorman, seconded by Mr. Black, Senator John W. Bricker was elected Chairman.

Upon motion of Judge Gorman, seconded by Mr. Black, Forrest G. Ketner was elected Vice Chairman.

Upon motion of Judge Gorman, seconded by Senator Huffman, Jacob B. Taylor was elected Treasurer.

Upon motion of Judge Gorman, seconded by Senator Huffman, Carl E. Steeb was elected Secretary.

The President now reported to the Board the death of Charles Bradfield Morrey, Sr. and of Kathryn L. Burgess, and in accordance with the recommendation of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of Charles Bradfield Morrey, Sr., Professor Emeritus of Bacteriology, on April 21, 1954. He was born November 5, 1869 in Chesterhill, Ohio. He entered The Ohio State University in 1886, receiving his B.S. degree in 1890. On graduating, he became an Assistant in Latin and Physiology. Since his primary interest was in biology, he made this field his life work. In 1891 he became an Assistant in Physiology, advancing through the various academic ranks until in 1902 he was made Professor of Physiology. During the early years of his service in the Department of Physiology, he took up the study of medicine, receiving his M.D. degree from Starling Medical College in 1896. In succeeding years, he gave instruction in the Medical College in physiology and biochemistry. Granted a leave of absence, he spent two years (1897-1899) studying in Vienna and Paris.

In 1885, Dr. H. J. Detmers, a German-trained veterinarian was called by the University to give instruction in the field of infectious diseases of animals. He introduced a course in bacteriology, and Dr. Morrey, as a graduate student, enrolled in this course. Subsequently, bacteriology was made one of the offerings of the Department of Physiology, Dr. Morrey being assigned to teach the course. This offering was among the first given in any university in this country. In 1902 these offerings were revised, and Dr. Morrey was delegated to organize a Department of Bacteriology. He was made Chairman, serving in this capacity until his retirement in 1935. He considered it a service department, thus concentrating all bacteriology in the one department. Evidence of the wisdom of this type of organization is attested to by the fact, that after 50 years, it still functions in the same manner, modified only by the enlargement of the field and the increased application in other fields.

Dr. Morrey was primarily a teacher; while recognizing the importance of biological research, he did only a relatively small amount of it himself, feeling that his interests and his talents best fitted him to teaching. He was well versed in the principles of the science and had the faculty of presenting to his classes in a well organized concise manner the fundamentals of the science, avoiding that mass of detail, which so often leads to confusion. His ability as a teacher was appreciated by all who had the good fortune to come under his tutelage. He was a modest, retiring man who never thrust himself on others. Only those who worked in close contact with him really appreciated his ability and really knew of his intense loyalty to the University which he served so long.

The death of Dr. Morrey removes one of the real pioneers of the University. The role he played in organizing and developing new areas of University instruction, his long and capable service as a teacher, and his unfailing loyalty merit the gratitude of the institution.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Kathryn L. Burgess, Assistant Professor in University School, on May 20, 1954.

Born October 21, 1917, Kathryn Burgess received both her undergraduate and graduate education at The Ohio State University. She joined the staff of University School as an instructor in 1944 after teaching in the public schools of Ann Arbor, Michigan and Worthington, Ohio.

To the children whose lives she touched, she was known and loved as a counsellor and friend as well as a favorite teacher. To her colleagues in University School and her many associates in the public schools of the state, she was recognized as a leader. This leadership was reflected in such activities as her presidency of the Franklin County Associa-

tion for Childhood Education and her active interest in numerous other professional organizations at the state and national levels.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, July 12, 1954 at 10:15 a. m. at the University.
